An Enthusiast on Canada

One might almost think that
three million miles of travel
would satisfy any man, but
Mr. Burton Holmes, the famous
American globe trotter, wanted
more and spent three months this
summer in crossing Canada from
coast to coast as the first stage of
his fourth million. The country
was new to him, but it provided
him with such a wonderful variety
of beautiful pictures that he now
declares he never spent three more
interesting months in his life. He
is lecturing now to audiences of two
and three thousand at a time in
the great cities of the United

States, urging them to spend next
summer either in the romantic,
historic centres of Eastern Canada
or the mountain fastnesses of the
Canadian Pacific Rockies. His
moving pictures of Banff, Lake
Louise and the Yoho Valley are the
finest of their kind ever produced,
while the photographs in natural
colors taken by Mrs. Burton
Holmes are a revelation as to the
possibilities of this new process of
picture taking. Canada has proba-
bly never been drawn to the atten-
tion of our American neighbors in
a more attractive fashion.

JUST THE THING FOR LITTLE ONES

Baby's Own Tablets are the best
medicine a mother can give her little
ones. They regulate the bowels; they
sweeten the stomach; banish consti-
pation and indigestion; relieve colds
and simple fevers and make teething
easy. Concerning them Mrs. Herbert
Johnston, Maymont, Sask., writes: "I
have used Baby's Own Tablets for the
past four years and find them just the
thing for babies and young children."
They are sold by medicine dealers or
by mail at 25 cents a box from the Dr.
Williams' Medicine Co., Brockville,
Ont.

WARNING TO WIVES OF SOLDIERS OVERSEAS

Ottawa, Nov. 9.—A memorandum issued
from the Prime Minister officially
calls attention to the fact that all wo-
men or other members of families of
Canadian soldiers who have gone to
England to live, or who contemplate
going there, should carefully consider
the difficulties which are sure to arise
at the end of the war in regard to se-
curing transportation home again.

It is pointed out that most of the
space in all available transatlantic ves-
sels will be needed to bring the troops
themselves back to Canada. There
will be little, if any space available for
women and children, and consequently
they may find themselves stranded in
England for an indefinite period.

Opposition Platform

The following platform was adopted at the Opposition Con-
vention held in St. John recently:
In the event of the Opposition being returned to power, we pledge
ourselves:—

NO PARTIZAN CONTROL OF CROWN LANDS.

1. We pledge ourselves to completely reorganize the Crown-
Lands Department, so that its administration shall be entirely
severed from politics and administered on sound business prin-
ciples under systematic plans by a non-partizan commission speci-
ally appointed for that purpose, responsible to the Legislature and
working in co-operation with the Dominion Commission of Con-
servation.

TAKE THE HIGHWAYS OUT OF POLITICS.

2. We pledge ourselves to take the highways out of politics,
giving the expenditure of the money collected from the people and the
control of the labor, together with the Government appropri-
ations, into the hands of supervisors, chosen by the people of each
parish, to whom a detailed and audited account must be rendered
every year at the annual meeting, and a duplicate thereof for-
warded to the Department of Public Works, the work of the super-
visors to be under the inspection of a competent provincial en-
gineer.

We also pledge ourselves to set aside the money collected
from the licenses upon automobiles and other motor vehicles, to-
gether with an equal appropriation from the revenues of the Pro-
vince each year, to pay the interest upon the bonds to provide for
permanent roads, which shall be constructed as rapidly as possible.

PROHIBITION PROVINCE WIDE.

3. We pledge ourselves at the first session of the Legislature
to pass a law prohibiting the sale of intoxicating liquors within
the Province to the fullest extent allowed by the Constitution, and
within three months after the passage of said Act to submit the
same by referendum to the electors of the Province, and should
the majority of votes cast be in favor of the said law, then to
bring the same into force by proclamation within one year there-
after.

ELECTION LAW.

4. (a) To amend the electoral law so as to make it impossible
for members of the Legislature to traffic with the Government and
still retain their seats.

(b) To make it possible for young men, when they reach the
age of 21 years, to register their names and be placed forthwith
upon the voters' lists, instead of waiting for the tedious machinery
of revision as it now exists.

(c) To divide the counties into electoral districts which shall
each be represented by one member.

We will also consider amendments to the election law to
prohibit bribery in municipal as well as provincial elections impos-
sible.

PROVINCIAL FINANCES.

5. To obtain at once a correct statement of the financial con-
dition of the Province in order that the people may have definite
knowledge of the vastly increased public debt and the enormous
obligations of guaranteed bonds they will be called upon to pay;
and to so reduce the cost of the administration of affairs and the
number of useless officials as to avoid the necessity for direct tax-
ation now confronting us.

AGRICULTURE

6. To give the farmers all the practical assistance that the
resources of the Province will permit, to improve agricultural
methods and the quality and quantity of the stock upon the farm;
to reduce the enormous salary list in the department, and to spend
the educational grant received from the Federal Government
without regard for political patronage.

VALLEY RAILWAY.

7. To complete the Valley Railway from a point on the Trans-
continental Railway at or near Grand Falls, to St. John, and insist
upon the Dominion Government carrying out the terms of the
original legislation and allow the Province forty per cent. of the
gross earnings thereof.

EDUCATION.

8. To always maintain and improve the educational service
of the Province and to co-operate with the Federal Government in
carrying out the recommendations of the commission upon tech-
nical education.

IMMIGRATION.

9. The inauguration of a vigorous immigration policy to
properly place before intending immigrants, whose number will
be large after termination of the war, the advantages of the agri-
cultural possibilities of New Brunswick.

snuffling! Ease your throbbing head—nothing
else in the world gives such prompt relief as
