Bank of England Will be Assisted By French Credit

\$100,000,000 of French Money to be Deposited in International Bank at Basle—Overcome Snowden's Objection.—To Help Germany.

PARIS, July 29—A way by which France could extend \$100,000,000 credit to the Bank of England indirectly, thus overcoming Chancellor Philip Snowden's objections, was suggested by French financiers today.

The French offer to bolster the pound sterling, balked by the British Treasury's scruples, was an indirect attempt to aid Germany.

It is now suggested that France deposit \$100,000,000 in the Bank of International settlements at Basle, which would immediately be available for credits to England.

It Utopia, drivers frequently come to blows after the collision, each insisting he was solely to blame.

PENSION CASE SNARLED, SAY LEGION PRES.

Ottawa, July 27—In a message sent to the entire membership of the Canadian Legion, almost on the eve of the Dominion convention and the arrival of Earl Jellicoe and delegates from all over the Empire for the biennial conference of the British Empire Service League, Major J. S. Roper, of Halifax, Dominion president of the Legion, sets forth his official views on the administration of the present pensions legislation of Canada.

Declaring that the time has come for plain speaking, Major Roper says: "The deplorable state of affairs which now exists was never contemplated by anyone and it is so cruelly unfair that, in the interests of the country, it ought not to continue." He states, after reviewing the situation, that unless within a very short space of time a complete transformation takes place, the Legion will have no alternative but to again approach Parliament for a revision of the pensions administration on drastic grounds.

GANGSTERS SHOOT DOWN N. Y. KIDDIES

New York, N. Y., July 28—An underworld "execution squad" with a machine gun mowed down five children at play, but missed their victim in an Upper East Side street tonight. Cruising down East 107th Street in a touring car the executioners turned a spray of bullets toward the sidewalk where their intended victim was walking and the children were standing.

The wounded are:

Salvatore Vangali, seven years old, shot in the left arm, left leg and left side of the neck, and believed to be in a dying condition in a hospital.

His brother Michael, five, shot in the right thigh.

Michael Bevilacqua, three and a half, shot two times in the back and in a critical condition.

Samuel Devino, five, shot in the leg attended at a hospital and expected to go home.

Florence D'Amello, 12, shot in right shoulder and also was expected to go home after being attended.

The intended victim fled and authorities did not learn his name.

The police attributed the outbreak to a beer war among rival Harlem and Bronx gangsters.

The neighborhood, a crowded tenement section, a short way from the East River, was thrown into an uproar by the shooting.

In the excitement the touring car carrying three or four men streaked away.

The car had rolled unnoticed to a point near the curb, when suddenly above the laughing voices of the children, busy with their games on sidewalk and payment arose the chatter of the machine gun.

One red-headed youngster about seven was buying a lemonade drink at a stand as a bullet tore through the stand. He went down flat on his face, escaping the hail of bullets that swept over him.

The man marked for death was seen to run and disappear. Some thought he was injured.

GOOD TENNIS BEING MADE IN TENNIS PLAY

Aroostook Valley Country Club, Victoria Co., N. B., July 28—Good progress was made today in running off the second round of mens' and women's singles and men's doubles in the New Brunswick tennis championship tournament. The men's singles events supplied thrills galore for the large gallery present.

A sudden thunder shower, which occurred at 5 o'clock, sent the lady players scurrying from the courts and temporarily prevented the completion of scheduled matches in that event. The shower was a boon in disguise, however, as it cooled an atmosphere which all day long had the players sizzling on the courts. The weather has been torrid here ever since the tournament started on Monday.

Seeded players came through in all the matches today, the only real upsets occurring in the junior singles, where the element of surprise was introduced and boys who had not hitherto played in New Brunswick tournaments eliminated some of New Brunswick's best.

OPEN SEASON FOR PARTRIDGE AGAIN THIS YEAR

Popular Native Game Bird Can Be Legally Hunted From October 1st to October 15th—Licenses Necessary.

As forecasted in the Mail yesterday New Brunswick will have an open season for partridge shooting from October 1st, to October 15th this year, an order to this effect having been issued by Hon. L. P. D. Tilley, Minister of Lands and Mines.

This short open season has not however been authorized for the islands of Grand Manan and Campobello and Deer Island in 1931 while there is a further regulation in the official order-in-council which prohibits the retention of partridge for ten days after the close of the open season.

It is further stipulated that the opus of proof that partridge, possessed under this regulation, were lawfully killed shall be on the person having such birds in possession.

The following is in part of the official order-in-council under which the open season has been declared.

"That by Section 13 of Chapter 36 of R. S. 1927, 'The Game Act', it is provided that the Lieutenant-Governor in-Council may by Order-in-Council passed at any time previous to the first of August in any year declare an open season for partridge. The Act further states more than twenty (20) partridge during such open season."

"The Honourable the Minister of Lands and Mines now recommends that there be authorized a short open season for partridge, except on Islands of Grand Manan, Campobello and Deer Island, to extend from October first to October fifteenth inclusive, subject to the bag limit established by law of not more than six (6) in one day and not more than twenty (20) during the open season and subject to compliance with the following conditions and regulations:—

Fifty Detectives To Get Gangsters For Child Slaying

One Child Dead and Four Full of Bullets—Seek Slayer Dead or Alive—Coll, Head of Rum Ring, Is Pursued.

NEW YORK CITY, July 29—One child lay dead today and four "shot full of bullets," victims of a cynical disregard of life by machine gunner gangsters as Police Commissioner Edward P. Mulrooney ordered fifty detectives to "bring Vincent Coll, dead or alive" to headquarters.

Coll is the head of a liquor ring which, according to the underworld, has been attempting to "muscle in" on Harlem's beer racket. By inference, it may have been Coll's mob that swept suddenly into East 107th Street last night pouring a deadly shower of bullets into a group of children at play, in their reckless endeavor to 'get' one of their enemies.

LIBERAL SPLIT SEEN IN ONTARIO BY NEWSPAPERS

Toronto, Ontario, July 28—The Mail and Empire tomorrow will say: "Decided coolness between Liberal members in the Federal and Provincial Houses on the one hand, and the Ontario Liberal Association on the other, will develop shortly into a wide open split, according to information from the party ranks."

"Members of Parliament and officers of the Association refused openly to acknowledge the prospect of a definite breach, but enough was said to indicate which way the wind was blowing."

"Dr. George A. McQuibban, M. L. A. for Wellington North-East, said he had no doubt there was plenty of truth in the rumor that federal members were splitting from the Ontario organization and that 'there would likely be lots of information obtainable at an early date.'"

"W. E. N. Sinclair, House leader refused to comment on the rumor. Mitchell Hepburn, Ontario Liberal, likewise refused to commit himself one way or the other."

THE INQUIRY AT BALMORAL PROGRESSES

Balmoral, Restigouche, Co., July 28—Rapid progress was made today, the second day of the resumed sitting of the inquiring here into charges of payroll padding and irregularities by road supervisors at Balmoral, when 12 witnesses were under examination by J. T. Hebert, of Campbellton, counsel for Opposition, member of which preferred the charges.

The four witnesses who were missing yesterday appeared today to answer to their names and testify. Whether the threat of issuing bench warrants for them by Deputy Attorney-General R. P. Hartley was responsible for their presence today could not be determined, but the fact remains that within 15 hours of the commissioner's decision the witnesses were located.
