HANDBAG WIDTHS

At present the correct width for a tailored handbag in Paris is around five and one half or six inches at the top. This means the sort of handbag carried with street or shopping clothes, either the tailored suit or the very tailored frock. One such bag of black suede, lined with white kid, has as its only ornament a small black and crystal shield which serves as a clasp.

TROPICAL LONDON

London is going native in the dining room. Recently she introduced all kinds of glass fish motifs in finger bowls and on place cards. To these she is adding a bit of jungle as a centerpiece; a bowl of glass palm trees, surrounded by a circus quota of glass tigers, lions, zebra and what not.

MY NEIGHBOR SAYS

Instead of squeezing lemons when ever a drink of lemonade is wanted squeeze several lemons at a time, strain the juice and keep it in a bottle for future use.

To clean painted walls, wipe them first with a cloth wet in kerosene and wait 15 minutes. Then wash with warm soapsuds, but do not put soap on the cloth or the paint will be streaked.

If new enamel saucepans are placed in a pan of warm water and allowed to come to a boil, and then to cool, they will be found to last much longer before either cracking or burning.

When an egg has been boiled too long it can be softened again by instantly lifting the pan off the fire and quickly placing it under the tap, allowing a good stream of cold water to pour onto it. The sudden shock from hot to cold has the curious effect of softening the egg.

COCOANUT CAKE

- 1-2 cup shortening
- 1 cup sugar
- 2 cups flour
- 3 teaspoons of baking powder
- 1-4 teaspoon of salt
- 1-2 cup of water
- 1 teaspoon of vanilla
- 3 stiffly beaten egg whites

Cream the shortening and gradually beat in the sugar. Sift flour, salt, and baking powder and add them alternately with the water and vanilla. Fold in the egg whites and bake in buttered and floured tins in a moderate oven about fifteen minutes. Ice with boiled icing and sprinkle with coconut. To make a good boiled icing: Mix two cups of sugar with eight tablespoons of water. Put on fire and stir until sugar is dissolved, then remove spoon. Beat the whites of two eggs (three will make it fluffier if you can afford them) very stiff. By this time the syrup should be thick but not yet at the stage when it will "spin a hair." Put eight tablespoons of this syrup into the beaten egg whites and beat to mix well. Let the remaining syrup boil until it spins a thread, then gradually beat it into the mixture. Add vanilla and beat until cold and a consistency to spread on cake.

PRUNE CREAM

One pound prunes, grated rind and juice of 1 orange and 1 lemon, 1 cupful granulated sugar, 1 cup chopped almonds, 2 tablespoons gelatin, 1 cup whipping cream, macaroons.

Wash the prunes and soak them overnight in cold water deep enough to cover them. Bring to boiling point in the morning, boil until tender and then remove stones. Soak the gelatin in cold water, and boiling water to hot liquid left in prune dish to make two cups and then add gelatin mixture to the hot liquid. Add the grated rind and fruit juices and the sugar and set aside to cool. Just as the mixture begins to harden fold in the cream, beaten until stiff, and then the nut meats. Place the mixture

in molds and place in refrigerator. To serve, sprinkle with ground macaroons and top with a bit of whipped cream.

A farmer near Rothbury, Michigan, is preparing for a reunion with a daughter whom he has not seen for 26 years. This is unusual. Even though the girls come down late for breakfast, and are away in the evening, fathers generally see them more frequently than that.
