## OF INTEREST TO WOMEN

MRS. LINCOLN'S CANDY RECIPES.

### Nougat Bars.

Grease a clean, bright, tin pan tightly with olive oil, cover the bottom with a mixture of almonds, English walnuts, pecans, hazel nuts and Brazil nuts: Melt 1 pound of sugar by stirring it in an iron saucepan over the fire; when the liquid is straw-colored pour it over the nuts in the pan. When cool mark it into bars.

### Glazed Fruits and Nuts.

Have the fruits perfectly dry and free from dust. If you are going to glaze oranges, separate the carpeles without breaking the skin; they must be perfectly dry. White grapes must be so cut each will

have a short piece of stem. Put the nuts where they can be easily handled, and have them free from loose particles. Put a pound of sugar and three drops of lemon juice over the fire and stir until the sugar melts and is slightly straw-colored; Take from the fire; hold the pan in the left hand; put each piece on the dipper and into the syrup. Turn at once into small paper cases.

### Pecan Creams.

Mix a pinch of cream of tartar with two cupfuls of brown sugar and one cupful of maple sugar. Pour over it one cupful of water and stir until all is dissolved; boil it until it will form a ball in water allow it to cool and then stir until

it creams. Form into small, flat cakes and stick whole pecan meats on opposite sides.

### Stuffed Dates.

Pull apart the desired quantity of very good Fard dates, put them in a sieve, plunge them quickly down and up in boiling water, and throw them out to dry. Remove the stones by making a slit at the side, and fill this space with a mixture of chopped nuts and fondant, or with flavored fondant. Press the dates together so that you cannot see the filling, and roll in powdered sugar.

### Sea Foam.

One pound of dark brown sugar and one cupful of water; boil together until it spins a heavy thread. Remove from the stove, add half a teaspoon of vanilla, and beat until soft and creamy. Then drop from a spoon in large irregular mounds. Chopped nuts may be added if liked.

## SHACKELTON TO RESCUE COMRADES

London, Dec. 8.—Sir Ernest Shackleton will sail from Dunedin, New Zealand, for Ross Sea on Dec. 16, to rescue ten members of the Antarctic expedition marooned there, according to a Reuter's despatch from Wellington.

The explorer will take his auxiliary ship, the Aurora.

The ten men whose rescue Sir Ernest will attempt, are Capt. McIntosh and nine members of the crew of the Aurora, who were marooned in the neighborhood of the Ross Barrier when the ship broke away in a blizzard 21 months ago. They had only a scanty supply of provisions at that time and nothing has been heard from them since.

## MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean  
Little Liver and Bowels.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is they become tightly clogged with waste, liver gets sluggish, the stomach sours, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

## Tuberculosis Rapidly Increasing Among Children of Belgium and Northern France.

More Food Urgently Needed to Keep up Their Strength

An interview with Mr. W. L. Honnold, American Director of the Belgian Relief Commission, brings to light a new danger threatening the population of the territory occupied by Germany.

Mr. Honnold reports that about 5,000,000 wholly or partially destitute people, who have been dependent on the Commission, generally show diminished vitality. The effects are most apparent among the older children, particularly those in the adolescent stage. Among these there is an alarming increase of tuberculosis, due to the lower power of resistance consequent on an inadequate diet.

To overcome this serious danger, the Commission appeals for extra contributions so that a special meal can be served every day in the schools. Efforts are also being made to provide as far as possible for children outside the schools.

This can only be done—Belgium's children can only be saved—if every one of us who can possibly do so will give something toward the fund. Whatever you can afford, send your subscription weekly, monthly or in one lump sum to Local or Provincial Committees, or
