Japan May Resign Her Membership in The League of Nations

Is Expected to Take This Course As the Council Demands Immediate Withdrawal of Her Troops From Manchuria—Discussions of the Dispute Will End Today.

TOKIO, Oct. 22—Japan was expected to withdraw from the League of Nations if the League Council demanded immediate withdrawal of her troops from Manchuria.

The Tokio government also was expected to resign League membership if she was forced to accept responsibility for defying the League through voting against a demand for immediate withdrawal.

It was considered certain here that the Japanese delegate at Geneva would have to vote on the proposal of the "big five": Britain, France, Italy, Spain and Germany, for immediate withdrawal. There was no doubt that the Japanese vote would be negative.

Will End Discussions

GENEVA, Oct. 22—The League of Nations Council decided to end its discussions of the Manchurian dispute between China and Japan today and call the next council meeting November 12.

A public meeting was called for this afternoon, after which the delegates will be disbanded until November. The venue of the November meeting was not decided.

LIBERALS ARE IN FAVOR OF A MORATORIUM

London, Oct. 21—The curtain went down here today on the annual meeting of the Ontario Liberal Association. Delegates from all corners of the province returned to their homes tonight after deciding many questions pertinent to the affairs of the party.

A year's moratorium of mortgages on house properties and farm lands was passed by the meeting shortly before closing. It called upon the Provincial Government to declare a debt holiday for 12 months similar to that set up during the war.

It would prevent foreclosures against small property holders and farmers, declared Howard Gray, of West York, its sponsor, and at the same time protect the assets of the loan companies.

Backing up the demands of Mitchell F. Hegburn, M.P., Ontario Liberal leader, the Association went on record as favoring a judicial investigation of the administration of the Hydro Electric Commission. The probe, said the resolution which was passed amid cheering, should be conducted in a non-partisan manner and be sweeping in scope.

In a last minute rush several resolutions were passed by the Association, including one deploring the trade and tariff policies of the Bennett Government. But amid the many resolutions was a voice that warned the party something besides resolutions was necessary before it could recapture the confidence of the people of Ontario.

Non Support Case

Scott Tweedie, Burt's Corner man, appeared in the local police court this afternoon on a charge of non-support. Tweedie appeared in police circles earlier this summer on a more serious charge, and was acquitted by the jury of the York Circuit Court.

JAP AIRMEN BOMB CHINESE IN SERIOUS SCRAP

(Special to THE DAILY MAIL by the British United Press.)

Mukden, Manchuria, Oct. 22—Japanese airplanes bombed Chinese troops near the Taonan Tsisihar bridge over the Nonni River today in the most serious hostilities since the beginning of the Manchurian dispute.

Japanese officials claimed that the trouble started when Chinese soldiers fired on the planes which were protecting the bridge build by Japanese capitals.

POISON FATAL TO NINETY

Harrisburg, Pa., Oct. 21—Disregard of the "poison" warning sign, the grim skull and crossbones on a bottle or package, cost 90 lives in Pennsylvania during 1930, the state department of vital statistics reported.

Bichloride of mercury was taken mistakenly for aspirin in five cases. One woman drank liniment intended for external application in mistake for medicine. Another person took phenol poison thinking he was drinking a prescribed tonic. In another instance a gargle solution was not properly diluted. In several cases pills were eaten by small children who thought they were candy.

The department urged greater precaution in administering and storing medical supplies, which in certain conditions are poisonous.

DUKE IS EARLY RISER

London, England, Oct. 21—The Duke of York is an exceptionally early riser. He maintains a daily program of physical exercise.

SIMPLICITY MARKED THE FUNERAL RITES

The American Nation Pays Tribute to Late Thomas A. Edison, the Great Inventor.

West Orange, N. J. Oct. 21—Thomas A. Edison lay tonight in the darkness of a simple grave in the shadow of a great oak tree in Rosedale cemetery.

His burial marked the 52nd anniversary of his perfect of the incandescent lamp.

Last tribute over his body was paid as he lay in the drawing room of the spacious mansion in which he lived for many years. "He is humanity's friend," was its end.

Surrounding him were the friends and flowers he loved.

Listening in a room upstairs to which the ceremony came by concealed amplifiers, were his wife, his children and his grandchildren; Henry Ford and Harvey Firestone; Mr. Herbert Hoover and a very few close friends.

The grief and respect of the nation was left to be expressed in an organized plan sponsored by President Hoover for extinguishing for one minute at 10 p.m. the billions of incandescent electric light globes of the nation which light its ways because of Mr. Edison's genius.

Favorite Tunes

Mourners at the home entered while an organ played "I'll Take You Home Again, Kathleen." Its soft strains mingled with the crackle of pine logs in a huge fireplace of the hall. Autumn sunlight drifted through a mass of window ferns.

Simplicity marked the rites. Arthur L. Walsh, old friend and business associate, played "Little Grey Home in the West" on the violin. It and "Kathleen" were the inventor's favorites and they were among the first songs made popular on the phonograph he created.

Then there was music from Bach and Beethoven. He loved that, too. The Rev. Stephen J. Herben, former pastor of the Methodist Episcopal Church of Orange, read the 23rd Psalm, "The Lord Is My Shepherd."

He quoted "I am the Resurrection and the Life; he that believeth in Me, though he die, yet shall he live." Dr. Herben prayed. Dr. Lewis Perry, of Phillips Exeter Academy read the tribute, written by Arthur J. Palmer, old Edison associate.

"He has led no armies into battle. Palmer had written, "He has conquered no countries. He has enslaved no peoples. Yet, he wields a power the magnitude of which no warrior ever dreamed of."

Going to Bridgewater

Moncton Times:—Rev. Z. L. Fash, former pastor of Lewisville Baptist Church, who since his relinquishing of that charge has resided in Moncton and acted as interim pastor in various Baptist churches in the Maritime Convention, expects to leave about the last of October for Bridgewater, N. S., where he will take over the pastorate of the United Baptist Church in a temporary capacity. The present incumbent at Bridgewater, Rev. F. H. Eaton, has accepted a call to the Baptist Church at Wolfville, N. S. Rev. Mr. Fash will remain at Bridgewater until a permanent pastor has been secured.

MURDERESS IS OUTWITTING PEACE OFFICERS

Whereabouts of Mrs. Winnie R. Judd Is Unknown

KILLED TWO GIRLS
Described As a Clever Ingenious Woman With No Nerves

(Special to THE DAILY MAIL by the British United Press.)

Los Angeles, Calif., Oct. 22—Outwitting the scores of peace officers seeking her on the charge that she murdered two girl friends, Mrs. Winnie Ruth Judd, 27, "The blonde without a nerve" still was at large today.

Authorities admitted they had no idea of the whereabouts of the woman they claimed killed Miss Hedvig Samuelson and Mrs. Agnes Lerol in Phoenix and shipped their bodies here in trunks.

The knowledge that three nights and two days of police work was without result led officials to re-adjust their estimate of Mrs. Judd and to refer to her as a clever ingenious woman with no nerves.

CONNECTICUT HUNTERS GET BIG MOOSE

One of the biggest moose of the New Brunswick big game season to date, was killed a few days ago by Dr. C. R. Chapman, of Mystic, Conn.—the moose had a spread of 54 inches and was killed in Sevogle territory of Northumberland county.

Dr. Chapman, together with his companion, Francis Allenack, also of Mystic, Conn., returned to this city last night after a splendid hunting trip and left this morning for their homes across the border. The party was guided by Peter Fraser. It was the second moose of its size captured in the central hunting confines this year.

A Veteran Honored

Conductor Robert A. Henry, who recently retired from the C. N. R. service after forty one years of faithful service has been made the recipient of a masonic ring by his former associates. The presentation was made at the home of Harold Logan at South Devon by Conductor Walter Long, who paid a graceful tribute to Mr. Henry, and wished him much happiness in retirement. Mr. Henry expressed his thanks in suitable terms. Conductor Henry, one of the most genial of railwaymen, started his career with the old Northern and Western Railway now the Canadian Eastern branch of the C. N. R.

French Premier Warmly Greeted In New York Today

Headed a Parade to the City Hall, Where He Was Officially Welcomed by Mayor Walker—Will Discuss the Economic Situation With President Hoover.

NEW YORK, Oct. 22—Premier Pierre Laval of France arrived today on the steamship Ile De France to confer with President Hoover on joint action by the United States to re-establish the equilibrium of the world in the present economic crisis.

Laval was taken from the big liner and paraded to the city hall, where he was given America's first official greeting by Mayor Walker and in reply outlined strictly general terms the purpose of his visit, without going into details of the subjects he will discuss at Washington, such as war debts reparations or disarmament. The Premier and his daughter were accorded a hearty welcome.

HOSTILITIES RENEWED IN MANCHURIA

Tokyo, Oct. 21—News of fresh fighting in Manchuria reached Tokyo tonight just as officials were expressing hope that settlement of the Sino-Japanese dispute was near.

Mukden despatches said reinforcements had been rushed northward to Tieling, 45 miles away, where a hard-fought battle between the Japanese garrison and 2,000 previously defeated soldiers had halted traffic on the South Manchurian Railway line.

Five fundamental conditions for ending the Manchurian difficulty had been presented at Geneva to the Council of the League of Nations.

Although press despatches from Nanking, Chinese capital said Chinese vernacular newspapers deferred to the five conditions as "Another 21 Demands" similar to the famous terms laid down by Japan in 1915, which aroused such keen resentment in China, reports from Geneva indicated China might accept the five points in whole or part.

CALEDONIA TO PLAY UN.B. ON SATURDAY

Sydney, N. S., Oct. 22—The Caledonia football team of Glace Bay, N. S., will leave here tonight via the Canadian National Railways for Fredericton, N. B., where they will play University of New Brunswick on Saturday next for the Maritime Championship. The Glace Bay team, present holders of the trophy, have a strong lineup and a keenly contested game is looked for. University of New Brunswick by defeating Fredericton City six to nothing, cleared the field for the final play-off in the series and the winner of Saturday's gamewill play the Ontario-Quebec champions for the English Rugby Championship of Eastern Canada.
