What I said November 9, I repeat now: "We shall never sheathe the sword, which we have not lightly drawn, until Belgium—and I will add Serbia—recover in full measure all and more than they have sacrificed; until France is adequately secured against aggression; until the rights of the small nations of Europe are based upon an unassailable foundation, and until the military domination of Prussia is wholly and finally destroyed."—Premier Asquith.

GOING TO PIECES.

The St. John Times, in an editorial thus sizes up the situation in Local Government circles here:

"The Provincial Government is nearing the end of its unhappy career. Internal strife is rending the party, and members are now saying about each other quite as much as Messrs. Carter and Veniot have said about them. This of course cannot continue. It is too humiliating, and the people of the province only await an opportunity to put an end to the squabbling and the grafting that have disgraced the province.

"The latest sensation is the savage attack made by the Fredericton Gleaner upon H. F. Woods, Dr. Price and B. Frank Smith. What it says to them and about them is a complete answer to all that the Gleaner has itself been saying in the past about the purity of the administration and its supporters. Only a few days ago the Gleaner practically demanded the resignation of Hon. John Morrissey. This followed the enforced retirement of the minister's deputy. Not long before this Mr. A. J. H. Stewart had found it expedient to resign his seat in the House. Then there was the vicious attack by Mr. Pinder and Mr. Swim on Hon. Mr. Morrissey, and his even more bitter retort to the effect that if they had their deserts they would be under another roof. There was also last week the attack of Mr. Woods and Dr. Price on Lieut. Col. Guthrie, and his very vigorous reply. The Gleaner now backs up Lieut. Colonel Guthrie, and attacks not only Woods and Price, but B. Frank Smith, who it says has "already brought trouble enough upon the party."

"If there are any men who can afford to regard with complacency the developments of the last two weeks they are Mr. Carter and Mr. Veniot, who have exposed so much wrog-doing in the last two years, and have been so savagely assailed by members of the government and by its press. To their work are now added the family quarrels which reveal the government and its supporters in their true light. The people will only endure this sort of thing until they are given the opportunity to turn out the whole crowd, bag and baggage.

LIQUOR ADVERTISING.

The prohibition bill now before the Legislature makes it unlawful for any newspaper in this province to publish liquor advertisements. The section of the bill dealing with the matter is as follows:

(38) That no person shall, upon any vehicle of transportation, or at any public place or resort, or upon any sign or billboard, or upon any circulars, posters, price lists newspapers, periodicals or otherwise, within the limits of this province, advertise liquor or advertise the manufacture, sale, keeping for sale or furnishing of liquor, or the person from whom, or place where, or the price of which, or the method by which liquor may be obtained. And that no person shall circulate or publish, sell or offer for sale, any newspaper, periodical, or other written or printed matter in which an advertisement in this section specified shall appear, or for any owner or occupant to permit any sign or billboard containing such advertisement to remain upon his premises, or to circulate any price lists, order blanks, or other matter for the purpose of inducing or securing orders for liquor, no matter where located.

The penalty for such offence is a fine of not less than \$20 nor more than \$80 for the first offence, not less than \$25 nor more than \$100 for the second offence, and imprisonment not less than two months nor more than five months for the third offence.

A good sized delegation representing the Loyal Government party in the Legislature will make it convenient to stop over in St. John today to confer with Minister Hazen. The Minister is said to be anxious to get the warring factions together.

St. John Times: Any attempt of the Provincial Government to get rid of Hon. John Morrissey, put Mr. P. G. Mahoney in his place, and go on without opposition, is another exhibition of the abounding nerve of these gen-

tlemen. They seem to think the people will stand for anything.

The result of the final civic elections in St. John and the re-election of Commissioner H. R. McLellan at the head of the poll must have been a severe blow to the Globe newspaper, and its prestige. For years the Globe has found fault with civic rulers and no one apparently cared to take issue with its supposed influence. But Harry McLellan was made of different stuff and he handled the Globe without gloves. The defeat of commission repeal and the handsome election of Mr. McLellan shaws the effect of the Globe upon public opinion, and its much lessened influence. Compared with former days, its present methods are puny and petty, and its old friends are deserting it rapidly.

Chatham World: It appears by a statement of Col. P. A. Guthrie in the Legislature on a question of privilege the other day, that Mr. Chappelle, who had a \$1,200 contract for laying concrete pavement around the House of Assembly, paid \$75 on an election note as his contribution for having been given the contract. Our Government friends in Fredericton are washing their dirty linen with a vengeance. Mr. Harry Blair is now to be heard from.

Parliament resumes work this afternoon after the Easter adjournment, and expects to get through with the business so that prorogation can take place before Victoria Day.

The latest report in local political circles is that Woods and Price intend bringing the Chappell affidavit before the Legislature this week.

If the Opposition agents had hatched the plot against Col. Guthrie, M. P., the soldier statesman, what a howl the Tory press would have set up!

ON THE SIDE.

They are so innocent that Germany should call them her ewe-boys.

No old married couple ever came to any agreement about the covers.

It won't save any wear and tear on the clock to put it ahead an hour.

Of course the Ivorydomes will believe he is being cheated out of an hour's sleep every morning.

Berlin is still holding "the man from Egypt" in reserve to take the blame for the next submarine atrocity.

The Verdun sector is a very different proposition from the Serbian sector when it comes to flattening it out with a steam roller.

While the German people are turning their house dogs into sausages, they might throw the dogs of war into the hopper for good measure.

The Kaiser at Verdun is in the position of the man who yelled, "Come here somebody and help me leggo this bear!"

Lots of us would rather wait till we've been at work an hour or two on Monday and then turn the clock ahead one hour.

SUBMARINE EXPERT

HAS NEW INVENTION

Bridgeport, Conn., April 25.—Simon Lake again has taken a progressive step in submarine boat construction. Patents for new buoyance and collision protectors were granted to him under date of April 6 by the United States Government, it became known today.

In the patent, application for which was made in August, 1914, Mr. Lake set forth many new and novel claims, chief among which are features of greater free board, greater metocentric stability, and extraordinary increase of buoyancy. It is likely that through the adoption of the newest of his inventions, submarine conning towers, which heretofore have been the cause of much resistance when speeding beneath the waves, will be displaced to a great extent.

Sighting above the surface would be done through a periscope which would fold back when the vessel was submerged. Naval constructors declare this invention is one of the foremost that has been devised during the last decade.

MR. ALBERT C. SMITH DIED LAST NIGHT

Was President of the Smith Foundry Company and a Popular and Entertaining Young Man.

Mr. Albert C. Smith, whose critical illness was reported in yesterday's Mail, passed away at his home in Brunswick street at eight o'clock last evening. The sad news spread quickly about the city and was received on all sides with expressions of sincere regret. Mr. Smith, although suffering from a severe cold at the time, was present at the fire which damaged the Smith Foundry on Sunday, April 16. He seemed to be greatly upset over the disaster and that night took to his bed. Typhoid-pneumonia quickly developed and his condition took a very serious turn. The announcement yesterday that there was no hope for his recovery prepared the public mind to some extent for the news of his death.

The late Mr. Smith was a son of the late Mr. James E. Smith of Nashwaaksis, and was forty-three years of age. He was a nephew of the late Mr. Walter McFarlane and succeeded the latter as a member of the firm of McFarlane, Thompson & Anderson, proprietors of the New Brunswick Foundry. The business was ultimately taken over by the deceased and his two brothers and reorganized under the name of the Smith Foundry Company, Limited. Mr. Albert C. Smith was named president of the company and continued to hold the office up to the time of his death. He was a young man of ability and gave evidence of enterprise and push in the management of the company's large and growing business. He gave special attention to the company's garage and enjoyed great popularity among local motorists.

The deceased, in his earlier years, took a very active interest in athletic sports and was at one time a valued member of the Fredericton football team. He had a very large circle of friends to whom news of his untimely death will come as a painful shock.

The late Mr. Smith is survived by a widow and a young son, Walter Smith. He also leaves one brother, Coun. Harry A. Smith of Nashwaaksis, and three half-sisters, Mrs. Harrington of Minneapolis, Mrs. Sipperell of Everett, Mass., and Mrs. Chas. Sloat of Marysville. A brother, Percy Smith, died about four years ago. Mr. B. Frank Smith, M.P.P., and R. B. Smith of Oromocto, are cousins.

The deceased was a member of Hiram Lodge, F. & A.M., and the funeral will take place at 2.30 p.m. on Wednesday, under the auspices of that organization. Rev. Dr. Smith will conduct services at the house and interment will be made at the Piccadilly Burying Ground, Nashwaaksis.

NEWSPAPER MEN MEET IN 'GOTHAM'

New York, April 25.—Newspaper publishers and editors from all over the country are here to attend the annual meeting of the Associated Press today, and of the American Newspaper Publishers' Association, which begins tomorrow and continues for three days.

The meeting of the Associated Press this morning was followed by a luncheon at which Dr. Nicholas Murray Butler, President of Columbia University, was the speaker.

The annual banquet of the Associated Press will be held here tomorrow night. Many kinds of machinery used in the making of a newspaper are being shown in the hotel where the meetings are held.

Efficiency is the keynote of the exhibit.

TO BE OPERATED UPON.

Mrs. Walter Johnston of Penniac, has entered Victoria Public Hospital for an operation for internal trouble.

CITY OFFICIALS ILL.

The condition of Mr. J. W. McCready, city clerk, who has been seriously ill for some days, is reported to be slightly improved. The condition of Mr. M. Tennant has not shown any improvement.

MUTT & JEFF IN COLLEGE.

Gus Hill's newest version of Mutt & Jeff in College has made the most pronounced success in the history of Bud Fisher's inimitable characterizations. A riot of laughter is the best description of the way it has been received by theatregoers in every part of the country. Bubbling over with new ideas of comedy and music. An environment entirely new. Characters of different types, excepting our heroes, Mutt & Jeff. A bevy of girls of chick and dainty demeanor. In fact, the best entertainment of the entire season is coming to the Opera House tomorrow night. Seats are selling fast at Ryan's Drug Store.
