

Her Heart Was So Bad Couldn't Do Housework

Mrs. S. Dragoman, R.R. 2, Midland, Ont., writes: "I had been troubled with heart trouble for many years."

My heart would beat so fast I could hardly breathe, and I had headaches, and dizzy and fainting spells.

I couldn't get my housework done I was so weak. I took three boxes of Milburn's Heart and Nerve Pills and felt much better, and now I would not be without them in the house."

PLUMPNESS IN WOMEN A GOOD THING

Phoenix, Arizona, Dec. 16—Women again may become both plump and fashionable, according to Dr. Alexis M. Forster, of Colorado Springs, who told the annual convention of the Medical and Surgical Association of the Southwest:

"Plumpness in women always has attracted men."

"Any attempt to interfere with nature's normal arrangements are doomed to failure. Consequently the sooner women are willing to permit nature to follow its normal course, the sooner they will benefit from their intelligent acquiescence."

OLDEST CHICAGO HOUSE

Chicago, Dec. 15—Built in 1839, when Martin Van Buren was President and Chicago was only six years old, the Eleven Mile House is believed to be the oldest house in Chicago. A former tavern, it still houses the family who took it over in 1880, at 9150 South State Street.

GOLF MAKES LAZY, SNOBBISH SCHOOLBOYS

Pottstown, Pennsylvania, Dec. 16—George C. Robins, dean of Hill School Pottstown, does not believe golf contributes to the general welfare of the schoolboy.

On the contrary, he feels that the individuality which the game stresses is likely to give a good player an undesirable sense of superiority over his less fortunate fellows.

Another objection which the dean raises to golf is that the sport is a "lazy" one, as it does not bring out the contesting spirit which a boy needs to win a place on a foot ball, soccer or base ball team.

A DOG CURFEW

American Fork, Utah, Dec. 16—A dog curfew has been established in this little town. Every dog found on the streets between 7 p.m. and 6 a.m. runs the risk of being shot on sight. The measure was taken after a nocturnal raid on a corral in which 50 sheep were killed or maimed.

Don't try to beat Wall Street unless you have an extra shirt.

NOVA SCOTIA PROVINCIAL POLICE CAPTURE MURDERER—IS NOW IN LUNENBURG JAIL

New Germany, N. S., Dec. 15—Ten miles from the Ninevah woodlot where Lemuel Smith fell dead with a bullet between the eyes yesterday morning, Naaman Smith, wanted for his murder, was captured today by a posse of Nova Scotia Police. Naaman was taken at the home of William Falkenham in Pleasant River, where he had gone to obtain food and shelter, between 7 and 8 o'clock tonight. He was rushed by motor to Lunenburg jail.

Wandering about the hills between Ninevah and Pleasant River in a night long rain, Naaman Smith this morning at 4 o'clock came out on the new Elm Road and was admitted to the house of Joseph Uhlman, where he had a hot breakfast and was given a paper bag of provision to take with him.

"I'm looking for work," he told the Uhlmans. Telephones are few and far between in this district. They knew Smith but did not know he was wanted for murder.

Five hours later Smith visited James Hirtle, at whose home he stayed for two hours. The Hirtles also knew him, but not the cause of his wandering, they said. The night before, at 9 o'clock, an unnamed man had asked admittance to Henry Herman's house at New Elm. Mr. Herman had gone to bed and his wife was nervous. She spoke to him through the door and he finally said "good-night" and went away.

Police were only 15 or 20 minutes behind the fugitive when he reached William Falkenham's. They had followed the trail all day, gradually overtaking their quarry. He carried no

WAR LORD'S BIG FORTUNES GONE

Peiping, Dec. 16—Marshal Chang Hsueh-Liang is wondering what has happened to a personal fortune estimated at \$50,000,000 (silver) which was accumulated largely by his father Chang Tso-lin, and somewhat increased by his own efforts.

At the same time, Tang Yu-lin, the war lord of Jehol, and one of Marshal Chang's subordinates, is even more anxious about the whereabouts of a personal hoard estimated at \$10,000,000 (silver), which he had in the vaults of his Mukden home.

That the Manchurian chieftains never expected the Japanese to take such drastic action as they did in September is indicated by the fact that these two war lords, and several of their subordinates, left great treasures behind.

RED FLANNELS BLAMED FOR BIG HE-MEN

New York, N. Y., Dec. 16—The red flannel underwear of yesteryear contributed materially to the making of "he men" in America, in the opinion of Sarah E. Hanley, New York artist, who said that colors have a definite effect on the temperament.

Your favorite color, she declared, will cure bad temper, envy, lovesickness and moroseness. Most men like red, she said, and for that reason the red underwear made them more manly.

Miss Hanley bases her theory in part, on the fact that Indians used gaudy war paints to stir up their emotions.

Yokohama, Japan, Dec. 15— The population of what is supposed to be Japan's smallest village is 74 persons. They live in 11 homes. The village is situated at the lake of Ashinoko, Hakone mountain region.
