HEAVY TRAFFIC FOR GOVERNMENT RAILWAYS

Ottawa, Sept. 25.—Particularly heavy traffic to and from the ports of the Maritime Provinces is anticipated as soon as the St. Lawrence river closes. Apart from the extensive movement of troops, there will be big shipments of wheat, munitions and general supplies. To make the necessary provision for this business, Hon. Frank Cochrane, Hon. J. D. Hazen and Mr. F. P. Gutellus were in conference on Saturday.

Arrangements for adequate rolling stock, ocean transport and siding and terminal accommodation were under consideration and details are being worked out.

INSTANT DEATH

(Continued from page 8.)

had to go some distance before sufficient help to lift the car could be obtained. It is thought, however, that Mrs. Blackden was killed when first struck by the car. At the time of the accident the car was travelling about 12 miles per hour.

Coroner L. W. Miller, of Southampton, was notified, but the party secured the car of Mr. George Olts and the body was taken to Woodstock. Mr. Geo. Simms took Mr. and Mrs. Graham the rest of their journey.

Mr. Blackden is the proprietor of the Presque Isle House at Presque Isle, and Mr. and Mrs. Graham are employed there. Mr. Graham is a brother of Mrs. Thos. McCorquindale, of Hartfield. The bereaved husband was overcome by the accident. On his arrival at Presque Isle he was attended by two physicians.

GOOD PRICE FOR FOX PELT.

P. E. Island Silver Black Brought One Thousand Dollars.

(Moncton Times.)

Henry Lewis, of Alberton, P. E. I., has just received the sales report of one silver black fox sent to New York for the recent sale. This pelt brought \$1,000, and Mr. Lewis claims it is 'not the best he has on his ranch.'

This is surely satisfactory for this season of the year, and gives some idea of the earning possibilities of properly managed companies.

LADY SHOT A MOOSE.

Wife of a Bridge Guard at Canaan River, N. T. R.

(Moncton Times.)

Mrs. Alfred Beckwith, wife of the guard on the Canaan River, N. T. R., bridge, shot and killed a large bull moose which had a handsome set of horns and dressed 500 lbs. The horns measured 53 inches and had twenty-two points and splendid boards, the points and boards being unusually even and well matched and of a rich brown color.

Mrs. Beckwith was walking along the track near the bridge about 7:15 in the morning and sighted two moose in the ditch beside the right of way. Hastily taking cover behind the crest of the railway embankment, she fired, killing the animal with the larger horns.

KILTIES SECURED THIRTY-ONE RECRUITS

The strength of the 236th Overseas Battalion is already nearing the 200 mark.

The opening meetings of the Kilties' recruiting campaign were held in the fifteen shiretowns of the province last night, and they proved the biggest attractions yet attempted to bring the people together, which was their purpose.

Last night's events furnished the spectacular incidents of the campaign and from now on it will be a more serious business, as the work of getting in the recruits must be pressed forward vigorously.

The list showing the number of recruits at each of last night's meetings follows:

Newcastle, 8; Woodstock, 7; Fredericton, 5; St. John, 4; St. Andrews, 2; Edmundston, 2; Bathurst, 2; Dalhousie, 1.

At Oromocto, Gagetown, Andover, Richibucto, Dorchester, Hopewell Cape and Hampton there were no recruits at the meetings held last night.
