THE DUMPING DUTIES NOT TO BE ENFORCED

Canadian Importers to Have Benefit of 10 Per Cent on Par Value of the Pound.

Ottawa, Oct. 25—The Canadian Government has decided that for the remainder of the present year not to apply special or dumping duties designed to offset exchange fluctuations against British goods except to the extent that the pound sterling may drop below a \$4.40 average in Canadian funds.

The average exchange rate is given the first and fifteenth of each month by the Department of National Revenue in notices to Collectors. The rate in one notice stands until the next notice is received. These average rates will be the basis on which it will be decided whether or not the exchange is below \$4.40.

The late notice gave the exchange rate on the pound at \$4.40 in Canadian money, so, until Nov. 1, no dumping duty will be levied. An Order-in-Council making this change was passed by the Cabinet on Saturday.

Representations Made

This action has been taken on representations to the Government by importers that there has been an increase in commodity prices in Great Britain since that country went off the gold standard. The information was officially verified.

In accordance with the original plans of the Government as outlined to importers, the value of the pound for special duty or dumping purposes has consequently been fixed at 10 per cent less than the par value, being the same as the increase in the commodity price level.

His Carriage Was Hit by Truck Loaded with St. John Students—The Driver Under Arrest.

KING COUNTY rsup.fira etaoiinn i— Saint John Oct. 26—Arthur Beyea 25 year old Lakeside farmer, was instantly killed on the main Highway near Hampton, at 8 o'clock Saturday Evening when a motor truck containing 10 students of the Saint John Vocational school, who had been attending a football game at Sussex, crashed into the rear of the carriage in which he was returning home to his bride of a year with medicine for their five-weeks-old daughter.

Harrison Hall, 20, of 14½ King Square, driver of the truck, was arrested and charged with manslaughter yesterday afternoon at his home at 1.15 o'clock, and is now lodged in the King's county jail at Hampton. He will appear before Magistrate Miles B. Innes of Hampton in the Court House this morning. An inquest into Beyea's death will be held in the Court House at Hampton tonight at 8 o'clock.

The occupants of the truck, according to their statements to the police, failed to realize the seriousness of the crash and did not stop at the time of the mishap. They were: Herbert Commary, 16, Ernest Finley, 16; William Hutt, 16; D. Graham Corbet, 17; Maurice Leavitt, 18; Charles Wright, 16; Lloyd Gourley, 16; Edwin McColgan, 16; Jack Landry, 17; and "Harris" Hall.

The truck was owned by Charles Commary, father of Herbert, who, at the request of his son, loaned the vehicle to Hall, who had a driver's license, to drive the Vocational students to the game.

The carriage was totally wrecked. A rough board, said by Provincial Police to have been torn from the truck by the impact, struck Beyea's skull. One end was covered with blood.

Narrow Escape

Two Hampton residents, Mr. and Mrs. Alexander Sherwood, formerly of 28 Harding street, Fairville, narrowly escaped death when Mr. Beyea's horse, dragging the shafts and front wheels of the wrecked carriage, bolted, and in a frenzy of maddened fear leaped onto the Sherwood automobile as it approached from the direction of Saint John.

With a terrific impact the horse collided with the Sherwood automobile and was killed. Mr. Sherwood suffered several cuts about the face and left hand when the horse's head shattered the windshield of his car. Mrs. Sherwood was cut slightly on the nose. Splintered sections of the carriage shaft pierced the automobile radiator, while a headlight and cowl light were destroyed and a fender, front bumper and the engine hood were considerably damaged.

An investigation into the fatality by Sergeant D. P. Guptill and Constable Douglas Lougherty, of the Saint John, detachment of the Provincial Police failed to reveal the identity of the driver of the truck until several hours after the crash.

Predicts Open Fall

Charlottetown Guardian:—Several Summerside sportsmen spent a few days in the west of the Province recently on a shooting expedition; but it is sad to relate that they returned with empty bags. On gentleman gave as a reason for their failure that the birds were not there. The brant, which should have been here about October 4th, had not arrived and the geese were "flying high" and not stopping to feed. All this was an indication of an open fall. Another reason why the geese are scarce is because there are too many agtef them and they leave the shores and go to the sanctuaries in Nova Scotia and New Brunswick. This may all be very true, but there are other sportsmen who are keeping up their reputation of bringing home the goods.
