NAVAL ESCORT TAKES CHARGE OF DESERTER

George F. Whitworth, Ontario Youth, Taken By Provincial Police, Returns to Ship at St. Andrews.

A naval escort arrived in the city this morning from the H.C.M.C.S. Champlain, and took in charge George F. Whitworth, an alleged deserter from the above named destroyed, now lying at St. Andrews, N. B.

Whitworth had been picked up by Provincial police and lodged in the local police station last night, pending word from the naval authorities.

Whitworth who gives his residence as Ontario was taken back to the destroyer this morning. What punishment will be meter out to him for his disobedience has not yet been made known.

It was the first experience of the local police in caring for a naval deserter. Whitworth had about eleven even months? service to his credit in the Royal Canadian Navy, but last Friday at St. Andrews he took French leave and started to make his way overland. He attempted to make his way to the United States at Vanceboro, but was held by the authorities and turned over yesterday to the N. B. Provincial Police ,who notified the novl officials.

CITY COUNCIL WILL REPAIR DOAK ROAD

Delegation Before City Council—Wanted Flanagan Road Opened—$1,000 Program for the Doak-Flanagan Roads.

The City Council will probably invest part of its unemployment relief program money for repair work on the Doak road and part of the Flanagan road, both of which lead into this city, as the result of a delegation appearing before the council last night and urging that such work is needful in more ways than one.

A tentative motion in this regard made by Ald Parker Currier will be considered more fully at tonight's regular meeting of the council. The council met in committee last night in the mayor's office.

Ald. Currier's motion was that the Roads and Streets committee should be authorized to make an expenditure on the Doak road from the Doak station and up the Flanagan road as far as it is inhabited, not to exceed $1,000 and work to be supervised by a man to be picked by the people of Doak, under the direction of the city engineer. Further details of the matter will be considered tonight.

15 In Delegation

The delegation from Doak was comprised of about fifteen members, several being from New Maryland, and Lincoln as well. Allen R Menzies, and George Crawford were the chief spokesmen. Other speakers were William Nason, of New Maryland councillor, Thomas Blizzard of Victoria Mills, and C. F. Bailey, superintendent of the Experimental Station, who added support to the delegation stressing the need for the work on the Doak road.

Mr. Menzies, the first speaker, said that the Flanagan road should be opened because it would be a short route to this city, and would help out owners of woodlots who bring their wood here for sale. It would also enable the farmers to get in to more Experimental Farm field days and activities of this nature.

George Crawford, of Doak, was of

PERCIVAL PRICE IN SPLENDID ORGAN RECITAL

Carillonneur at Ottawa Renders Beautiful Impromptu Program Last Night at George Street Baptist Church.

Fredericton music lovers were treated to something different last night at the George Street Baptist church, when Percival Price, Mus. Bach. laureate of the Belgian National carillon School, gave an impromptu recital on the organ of the church in the presence of a very large number.

Mr. Price is a widely known player of the carillon at Ottawa, and during last night's program he gave a vivid rescription of the bells and how they are played. One selection of Mr. Price's was the prelude by Vandengheyn, which was written especially ofr the carillon bells, was very expressive.

Without Score

Mr. Price has been the skilful carilloneur in Toronto and has acted as organist for Dr. Harry Emerson Fosdick in his church in New York. The musical members of his program last evening, were played without written score so as to give splendid rendering of classical, sacred and popular music. The program opened with variations on well known hymn tunes followed by Massenet's Elegie, with an opening of a melody skilfully played on the pedals.

The School Rosmarin, Viennese, proved most striking and hardly surpassed for expression save by the rollicking and light music of one of the folk songs, "C'est L'Avilon, qui nous lene" (It is the oar that impels one on.) The heavier numbers included a selection from Pathepique Sonata, by Beethoven, while the War March of the Priests by Mendellsohn gave opportunity for some brilliant movements, with an exhibition of splendid technique, and masterly command of the organ mechanism.

Leave For Home

Mr. Price is visiting Dr. and Mrs. W. C. Kierstead and their son, Prof.
