Unsettled with showers and
probably some fog.

VOL. XXXVIII., NO. 163

FREDERICTON, N. B., SATURDAY, JULY 9, 1932.

Two Cents Per Copy

President Hoover and Congress Oppose Treaty Debt Cancellations

United States Will, However, Discuss Matter Before Next Debt Payments Become Due—The Treaty Ending Germany's War Reparations Signed Today—"Our Agreements Must Have Response Elsewhere," Says MacDonald.

WASHINGTON, D. C., July 9—The Lausanne reparations agreement may ease temporarily the burden of Europe's \$11,000,000,000 (B) war debt to the United States but President Hoover and Congress remain opposed to any cancellation or permanent reduction.

The State Department said that if America's debtors asked that their burden be lighted temporarily, the United States would discuss the matter, preferably not until next fall. The next debt payments are not due until December 15.

Germany Freed

LAUSANNE, July 9—The Lausanne treaty ending Germany's world war reparations payments was signed today, with Prime Minister Ramsay MacDonald of Great Britain declaring: "Our agreements must have response elsewhere."

It provides that Germany pay in one lump sum one cent for every dollar demanded by the victorious Allies—if she can sell the bonds to raise the money.

Collection and payment of inter-European war debts was declared suspended until ratification of the treaty.

IRISH DISPUTE NO MATTER FOR THE CONFERENCE

London, July 8—The principal that the Anglo-Irish differences over the Free State's non-payment of the land annuities are a dispute between two parties to an agreement, and not a matter for the Imperial Economic Conference to settle, was enunciated in the House of Commons today by Rt. Hon. J. H. Thomas, Secretary of State for the Dominions.

Mr. Thomas was winding up the debate on the Government's measure empowering fresh duties on imports from the Irish Free State, by which the Government will recoup the amounts lost by the Free State default—£3,000,000 in the calendar year. The bill was given third reading by 222 votes to 30.

Expressing surprise at opposition suggestions that the matter should be left to the Imperial Conference, which meets in Ottawa shortly, Mr. Thomas declared: "The one thing we have to avoid is dragging the Dominions into a dispute in which they are not affected."

Municipal Council

The York Municipal Council which has been in session at noon, completed its work at noon today and adjourned. Warden Charles E. Allan in mark of appreciation of his courtesy and impartiality as presiding officer, was presented by the Council with a travelling bag. The presentation was made by Coun. Gaynor, in a felicitous speech to which the warden responded in suitable terms.

Here on Vacation

Miss Helen Fulton, daughter of Mr. Harry Fulton, has returned to her home here to spend a brief vacation. Miss Fulton is engaged in the nursing profession in Montreal.

ONE CAUGHT, HUNT FOR THE OTHER GOES ON

Three Rivers, Que., July 8—Arrest early tonight of Trefle Deslauriers, 27, a resident of this city, lightened the task of a police posse searching this village for bandits who this afternoon obtained \$2,200 at pistol point from Miss Germaine Garceau, manager of a branch of La Banque Canadienne Nationale in the nearby village of St. Narcisse. More than \$1,600 was recovered.

The robbery was committed by two men. Pursuit of Deslauriers' companion is being continued in the wooded areas between the villages of this St. Lawrence shore county.

According to Deslauriers, who was arrested on the road to St. Genevieve, toward which the men fled in a stolen car, his companion sought refuge in the woods after they had abandoned the car. It was found a few miles from the spot where Deslauriers was taken into custody.

A complete statement of his part in the holdup was given by Deslauriers, police stated. He was found in possession of \$1,646, the rest of the money having been given to his companion.

Game Postponed

Another York County League baseball fixture was enforceably postponed last night, due to rainfall. The Imps and Capitals were scheduled to play at Queen's Square diamond. Postponed games due to rain have been more numerous this year than ever.

Not Much Change

There was not much change in the condition of Ald. T. V. Monahan today and he is still suffering from injuries received when he was struck by a race horse at the Houlton races on July 4th. He will not be able to be about, it is said, for at least several weeks.

TWO HUNDRED MEMBERS BONUS ARMY GO HOME

(Special to the DAILY MAIL by the British United Press)

Washington, D. C. July 9—Two hundred members of the Bonus expeditionary forces were homeward bound today thanks to railroad tickets provided by the government whose officials hoped the others would follow. But the vast majority of the 15,000 bonus marchers still were clinging to their rickety huts and billets, still professing determination to continue the siege of Washington until the government pays the bonus or gives them work.

LIVING COSTS KEEP STEP WITH SOVIET WAGES

MOSCOW, July 9—A statistical study of wage levels in seventeen of the Soviet Union's largest industries just made public shows that the average monthly wage in 1931 was 96.01 rubles. By the end of the present year, the data indicate the average will rise to 111.37 rubles a month.

Officials point proudly to these figures as a sharp advance over 1928, when monthly wages in the same industries averaged 70.94 rubles. This means that 1931 was 35 per cent higher and 1932 is expected to be 57 per cent higher than at the beginning of the Five Year Plan.

The percentages, however, are meaningless without reference to the rise of the cost of living during the same period. Accurate figures are impossible, as there are so many different categories of prices, on rationed goods, commercial goods, the private market and outright speculation upon which many are dependent. These price rises unquestionably cancel the purchasing power of the higher wages. Moreover, the increasing shortage of goods, forcing the population more and more to resort to the private market, with its high prices, further cuts down the value of the rubles earned.

LONDON STOCK EXCHANGE WELL PROTECTED

London, July 9—One of the most heavily-guarded buildings in London is the stock exchange. Three watchmen every night patrol the exchange's entire roof area; others pace the surrounding streets, and the guards inside the building are heavily armed.

Reason: the average value of the securities stored in the vaults is estimated at \$500,000,000.

Salmon Running Again.

Salmon both here and in the Miramichi are running again after nearly a month of poor fishing. During the month of June hardly a fish was caught by fly in Hart's Pool or other section of the river locally. Now the situation has been reversed and the fish are rising to the fly in large numbers. Net fishermen are making large catches in the Miramichi and the St. John. The large supply of fish in the market this morning is a fair indication of the good run.

Nothing looks colder than a perfunctory kiss.

THE MISSING YACHT ON WAY TO NEW YORK

She Started in Race to Bermuda on June 25th

LOCATED BY COASTGUARD

Was Found Just North of Nantucket Light-ship

(Special to the DAILY MAIL by the British United Press)

New York, N. Y., July 9—The Ketch Curlew missing since June 25, when it left Montauk Point L.F. in yacht race to Bermuda, headed into New York today, under its own power after being found by the coastguard cutter Marion.

The Curlew object of an intensive search by the navy dirigible Akron, seaplanes and the coastguard, was found just north of Nantucket Light-ship last night.

FATHER GETS \$1,583 FOR DEATH OF HIS SON

Quebec, July 8—A hunting tragedy on August 24 last, in which Hilaire Caron, of Riviere du Loup, was accidentally killed by his cousin, Henri Caron, had a repercussion yesterday when action instituted by the dead youth's father against the lad who shot him, for \$2,698 damages, was maintained by Mr. Justice Fortier in Superior Court, but reduced to \$1,583. The reason for the reduction in the claim was that Hilaire Caron was insured for \$1,000.

A counter-action for \$2,500 was entered by Henri Caron, who sought that amount from Alpee Caron, the dead youth's father, alleging that the latter had practically called him an assassin. Damages of \$100 were awarded by the court.

WEEK-END MARKET

Large Market—Great Many Strawberries—Garden Produce Plentiful; Good Supply of Salmon and Meats.

There was a large market this morning, featured by the largest supply of strawberries this season. The price remained at the unusually low figure of seven cents per box and less. Garden produce was also plentiful, several varieties of greens, onions, beets, carrots, peas, etc., were offered for sale at good prices. Salmon, that has been scarce the last week or more, came back this morning in a fairly large quantity. Meat, particularly lamb, was in abundance as usual. New potatoes sold at the unreasonable high price of six cents per pound, or 25 cents for half-peck.

The following is the price list:

Wood, \$4 to \$6 per cord.
Beets, 10 cents per bunch.
Lettuce, 3 cents per head.
Cabbage, 6 cents per head.
White Turnips, 10 cents per bunch.
Carrots, 15 cents per bunch.
Chicken, 35 cents pound.
Eggs, 20 cents per dozen.
Onions, 10 cents per bunch.
Peas, 50 cents per quart.
Butter, 15 cents per pound.
Pork, 7 cents per pound.
Veal, 5 and 8 cents per pound.
Lamb, 12 and 16 cents per pound.
Spinach, 12 cents per bag.
Cod, 10 to 25 cents each.
Salmon, 13 cents per pound.
Grilse, 50 cents each.
Potatoes (old) 60 cents per barrel.
Potatoes (new) 6 cents per pound.
Radish, 5 cents per bunch.
Pigs, \$1.50 each.
Chickens, 60 cents each.
Strawberries, 7 cents per box.
Strawberries (wild) 30 cents box.

Italian Salvage Crews Try to Hoist Sunken Submarine

Divers Work in Eighty Fathoms of Water to Salvage the Prometheus—Strong Currents Are Delaying Work—Peru Government Forces Quell Communist Riots Staged in Northern Peru.

CHERBOURG, France, July 9—Italian salvage crews from the Artiglio II and the Rostro attempted today to pass chains under the sunken submarine Prometheus, lost in the English Channel with 63 men aboard, preparatory to efforts to raise the vessel.

The Italian divers became accustomed to working in eighty fathoms of water, twice the depth at which the Prometheus was located, when they salvaged part of the treasure aboard the sunken liner Egypt. Strong currents made additional weighting of the diving bell necessary.

Quell Riot

LIMA, Peru, July 9—The government rushed land, sea and air forces to northern Peru today to quell a Communist and Aprista party revolt and regain possession of the important city of Trukillo held by the rebels.

LARGE SALMON ARE TAKEN ON THE MATAPEDIA

Matapedia, Que., July 9—Some record catches have been made on the salmon streams in the Gaspé Peninsula, according to the fish and game department of the C. N. R.

One of the salmon landed weighed 54 pounds, another tipped the scales at 45 pounds, the latter being caught by one of the members of the Col. S. L. H. Slocum party from Washington, D. C.

Dr. J. W. Wheelwright, of New York, landed a 33-pound salmon with which he battled for nearly two hours.

One party caught no less than 102 salmon.

The salmon fishing on the Restigouche in New Brunswick continues good. One day last week 128 boxes with salmon were shipped from Matapedia by C. N. R. express to addresses in Ontario and various points in the United States.

NOT GUILTY IN ASSAULT CASE

Woodstock, July 8—Selden Brothers appeared before Magistrate Aughterton in police court here this morning, charged with assaulting Robert Henderson. He pleaded not guilty and the case was set over until Tuesday for hearing.

It is alleged that Henderson went to a house on the Plymouth road, where a party was in progress, to get his hired man, and that Brothers struck him, cutting him about the mouth. Brothers told the magistrate that he acted in self-defence and the case was set over.

MACDONALD GIFT TO SPAIN BOOK

El Toboso, Spain, July 9—Ramsay MacDonald, prime minister of Great Britain, has contributed a valuable copy of "Don Quixote" to the local Cervantine library, which contains 3000 editions of the book in every known language.

BESSBOROUGH TO OPEN OTTAWA CONFERENCE

Ottawa, July 8—Canada's Governor-General will open the Imperial Economic Conference in Ottawa on Thursday, July 21, it was learned on high authority today. The Earl of Bessborough is at present in residence in Quebec City, but will be back in the capital within the next two weeks to deliver the initial address of the parley.

Arrangements for the opening are well advanced, with certain details to be completed. The main and third, fourth and fifth floors of the Parliament buildings, where discussions will take place, will afford office accommodation for the Empire delegates, and his plan is near completion. Representatives of each country will be given office facilities as close together as possible.

The cabinet council continues to give its concentrated attention to preparations for the conference. Four sub-committees—general, economic, tariff, administrative and staff and hospitality—are functioning. Daily meetings of these sub-committees are being held.

CHILE FIGHTS WHITE PLAGUE

Santiago, Chile, July 9—The ministry of health in the junta government has initiated a nation-wide campaign against tuberculosis, stating that the disease has been gaining ground rapidly in Chile.

Here for Luncheon

Hon. Mackenzie King and Hon. Ernest Lapointe, arrived here at noon today and had luncheon at the Queen Hotel.

Madrid, July 9—Concerns operating motor trucks complain that Spain's road network, constructed under the monarchy at a cost of \$100,000,000, is falling into decay because the republic does not spend enough for maintenance.
