LITTLE GIRL WAS KILLED AT GRAND FALLS

Grand Falls, Aug. 7.—Struck by a car driven by Roy Berube while standing on the side of the road near her home this evening, Denise Laforest, two-year-old daughter of Mr. and Mrs. Alfred Laforest, Grand Falls, met instant death. The child was crushed and mangled by the machine. The driver was arrested and lodged in the jail here, pending the start of an inquest, ordered by F. K. Kertson, coroner.

There were several eye-witnesses to the accident, among whom was the little girl's mother.

R. C. M. P. Constable William McMahon, who was summoned, put Berube under arrest. A doctor found on arrival that the child had been killed instantly.

BIRDS MADE HOME IN BUSY CRANE

Longview, Washington, August 6.—For three successive years two martins have made their nest and raised their families of young birds in a closet on a hammer crane on the Long-Bell Lumber Company dock, totally disregarding the fact that the crane travels up and down the dock a distance of a half-mile a day.

Five awkward young fledglings are ready to fly away from their traveling home. The mother and father birds show no annoyance when workmen enter the closet—more than 50 times daily—and fondle the young birds.

The martins are believed to be a species known as "coffee-birds", native of Brazil.
