German Voters Will Choose a President This Coming Sunday

Forty-four Million Voters Will Cast Their Ballots—The Campaign Goes Into a Whirlwind Finish; President Von Hindenburg Sounds Note of Warning.

BERLIN, Germany, March 11—Forty-four million German electors went into the whirlwind finish of a Presidential election campaign today with a warning from President Paul Von Hindenburg to "stand guard lest the fatherland sink into civil war."

The election is Sunday. President Hindenburg's leading opponent is Adolf Hitler, Fascist leader.

President Von Hindenburg, Hitler and the Communist candidate, Ernest Thalemann, were expected to receive the returns in Berlin.

The federal election commission estimated that indicative returns would be available by midnight Sunday. A second ballot will be held April 10, if no candidate obtains an absolute majority on Sunday.

BUDGET DEBATE MAY END NEXT WEDNESDAY

Already Showing Signs of Petering Out—Several Cabinet Ministers Are Likely to Take Part.

The Legislature after a rather strenuous week will adjourn at five o'clock this afternoon until Tuesday at three o'clock. It is expected that the debate on the budget which began on Wednesday will be completed by Wednesday or Thursday of next week at the latest. Several ministers including Premier Richards and Hon. L. P. D. Tilley, and perhaps Hon. D. A. Stewart may take part in the debate. Leader Dysart will likely sum up for the opposition and be followed by Premier Richards.

The Debate was resumed this afternoon by Mr. Downey of Albert, and those scheduled to follow are Mr. Perry, of Carleton and Mr. Richard of Kent.

His Honor the Administrator of the government is holding a public reception in the Corporation Committee room of the Legislative building from four to six this afternoon and many of the law-makers have planned to attend.

M. Taylor of Minto is the new chairman of the Public Accounts Committee and in opening the proceedings yesterday urged the members to make a thorough investigation of the accounts.

An Enthusiastic Guide

Although old man depression came in for his usual amount of mention in the way of blame for a deuced attendance at the annual meeting of the New Brunswick Guides Association, probably this time he is responsible for more than pursuing the affair of the fat-of-heart. For the stout fellows are there this year as usual. As evidence—John Lambert, Burnt Church, Northumberland County, hoofed it 25 miles through a snow storm to Chatham yesterday in order to catch the train that would bring him to Fredericton and the Guides meeting. "I turned back when it began to snow," he admitted, "but then got ashamed and turned back when it began to snow," he admitted, "but then got ashamed and turned back again and kept on for Chatham." John is 61 years of age.

MAY ORGANIZE AN ECONOMIC PARLIAMENT

(Special to the DAILY MAIL by the British United Press)

London, England, March 11—Plans for an economic parliament in which the Dominions will have equal representation with Great Britain, will be submitted by the government to the Imperial conference at Ottawa, the Daily Mail said today. The organization would aim to bind Imperial Trade relations more closely and facilitate marketing of goods throughout the Empire.

MOVIE MAN FINDS MOOSE-HEADS SCARCE

New York, March 11—Moose heads must be out of style, or present-day movie hunters are very poor marksmen.

That's the conclusion of the property department of the Paramount studio here.

Most of the action in "Sensation," the Claudette Colbert-Edmund Lowe starring feature, centres in a mountain log cabin. The interior is decorated in regular cabin style. Of course no cabin is complete without some stuffed deer heads, or antlers.

The property department had plenty of deer heads on file, but the director, Stuart Walker, wanted a moose head.

A property man hunted the city for most of a day to get the head, which he finally found in a second-hand store.

BRITAIN'S BIRTH RATE AT NEW LOW

London, England, March 11—The registrar general's report issued yesterday said Great Britain's birth rate has fallen to the lowest level since 1837.

During the quarter ending last December, births in England and Wales were 14.6 per 1000 population or 7000 fewer than during the same period the previous year.

DISTRESSING CASE REPORTED OVER NORTH

Woman Now in Hospital Was Eight Days Without Food or Drink—Had Paralytic Stroke.

Newcastle N. B., March 10—Paralyzed from the hips down, unable to move, and without food or drink for eight days Mrs. John O'Donnell, aged 45, who lives alone on a farm at Barnaby River, Northumberland county, was brought to the Miramichi Hospital late last night, soon after her whereabouts had been discovered. Her condition is critical.

The woman told neighbors who alarmed at her continued disappearance began a search and located her in the hay loft of the barn on her property that she had wrenched her back in a fall in the loft eight days ago when trying to get fodder to the livestock below. She fell onto the hay and found to her alarm that she could not move.

When discovered, the woman was in great pain, from the wrenched back and pitifully weak from hunger and thirst but was able to answer questions without difficulty.

Dr. R. H. Morrissey, Newcastle summoned to the farm, had her brought to Newcastle immediately. He would make no statement as to her chances of recovery but her condition is regarded as dangerous.

The four cows and other livestock had not suffered, apparently from their eight day fast and were promptly fed by the neighbors.

Mrs. O'Donnell's pet cat found near her, had not left her side the whole eight days, the woman said.

TRAIL OF BABY NOW LEADS TO DETROIT, MICH.

(Special to the DAILY MAIL by the British United Press)

Hopewell N. J., March 11—The trail of the baby Lindbergh kidnappers turned today toward Detroit.

It developed that Col. Lindbergh's underworld go-betweens Salvatore Spitalo and Irving Ritz have "leads" which will take them soon to the Michigan City.

HOSTILITIES AT YANGTZE HAVE ENDED

(Special to the DAILY MAIL by the British United Press)

Shanghai, China, March 11—Hostilities in the Yangtze valley had virtually ended today foreign military observers reported, straightening hopes for a formal truce.

The Chinese had expressed willingness to negotiate on the basis of the League of Nations resolution of March 4. The resolution suggested that preparations for withdrawal of Japanese troops and convening of a round table conference of world powers be made after a truce was declared.

F. X. Jennings and David Rogers of the editorial staff of the Telegraph-Journal were visitors to the city yesterday.

ROMANCE HAS TRIUMPHED OVER ROYALTY RULES

Prince Lennart, Sweden, Married in Civil Ceremony

SETS OUT ON HONEYMOON

Renounced His Royal Title and Forgiven By the King

(Special to the DAILY MAIL by the British United Press)

London, Eng., March 11—Romance triumphed over the rigid rules of Royalty today when Prince Lennart of Sweden renouncing his royal highness was married in a civil ceremony to Miss Karin Nishvandt.

Although the marriage did not have the Royal approval, the newly weds were made glad just before leaving on their honeymoon when they received best wishes from King Gustav, of Sweden, grandfather of the Prince indicating the Royal forgiveness. Grand Duchess Margie of Russia, his mother, who came from New York for the wedding, did not attend the ceremony.

TOLD TRUTH, IS NOW IN JAIL

Sandusky, Ohio, March 11—George Washington is convinced that telling the truth in modern times has different consequences than during the Colonial days of his namesake.

While the world is celebrating the Bicentennial birthday anniversary of the first President, Sandusky's George Washington is lamenting his fate behind the bars of Erie county's jail.

"General Washington couldn't tell a lie, and I couldn't either," he said. "When the judge says 'guilty or not guilty?' I say 'guilty.'"

"So here I am—in jail for telling the truth."

This Washington was oversteered for possessing liquor. Unable to pay a fine of \$1, he was committed to the jail.

Cannot Give Support

The Fredericton Board of Trade held a special meeting last evening, with the president, Harry A. Smith, in the chair. During the meeting it was announced, in a resolution, that the local board could not give its support to the board of trade in Saint John in urging that the vocational grant of the government be given this year as in other years. The government had originally withdrawn part of its grant. The local Board of Trade expressed itself of the opinion that the boards of school trustees curtail their expenditures for the year in vocational training. Until such time as the federal and provincial grants should be re-instituted, they were not in favor of the Saint John proposal.

A Moral Life

Rev. A. K. Herman, visiting clergyman from Moncton, continued his series of addresses at the George Street United Baptist church last night, addressing a large audience. His text was: "One Thing Thou Lackest," from Mark 10: 21. It was an appealing sermon and was a distinct challenge to all who were living a good moral life, but were missing the happiness of a virile Christian faith. A large number of visitors were present at the meeting, including Rev. Mr. Stephens, of the Mauderville Baptist church, who assisted in the program.

Reception This Afternoon

Sir Douglas and Lady Hazen are holding a reception this afternoon between four to six o'clock in the Administrators' Suite, at the Queen Hotel.

U. S. and League Getting Closer on Far East Policy

A Further Consolidation is Reported From Geneva Today—Non-Recognition of Gains Made by Belligerents in Violation of the Kellogg Pact. GENEVA, March 11.—Policies of the United

States and the League of Nations in the Far East were further consolidated today.

The League resolution for settlement of the Oriental dispute was made to stipulate non-recognition of gains made in violation of the League Covenant or the Kellogg antiwar pact.

The original draft of the resolution mentioned only methods contrary to the Covenant. The Kellogg Pact was included at the suggestion of the British Foreign Secretary, Sir John Simon.

We should make this a universal statement for nations who are not members of the League," Sir John said.

THE BUDGET AT OTTAWA MAY BE DELAYED

Ottawa, March 10—The Budget may not come down in the House of Commons until March 21 or 22, although a possibility still exists that it may be presented on Friday of next week. This opinion prevails in highly-informed political circles tonight.

An increase in the sales tax from four to six per cent is expected. The corporation tax may go up to 10 per cent; while there will be changes in the income tax, some of which will likely be in the nature of reducing the exemption.

At the present time, a stamp tax of two cents is in effect on all checks above \$10. Changes in this impost may be emended by way of increases on checks of the higher amounts. This question, it is understood, is now under consideration in the final drafting of the Budget now under way.

LITTLE FEAR FOR THE SAFETY OF DUPONTS

(Special to the DAILY MAIL by the British United Press)

Wilmington, Delaware, March 11—Relatives of the seven young men, including several members of the Dupont family reported missing aboard the auxiliary yacht Nahama in the Atlantic ocean off Norfolk, expressed little fear today for their safety.

Those aboard the Nahama, a sea-going vessel in every respect are Hugh Sharp, Richard Dupont Scott Townsend, Victor Dupont, Thomas Laffey, Lloyd Coates and Benjamin McFarland. The latter two live in Philadelphia. The others in Wilmington.

THOUSANDS PAY TRIBUTE TO BRIAND

(Special to the DAILY MAIL by the British United Press)

Paris, March 11—Ten thousand persons waited outside the Foreign office today to be admitted to view the body of Aristide Briand. The Eulogy of the French statesman to be read by Premier Andre Tardieu tomorrow will be broadcast through a world-wide hookup.

RATTLER'S KEEN VISION CAUSES ITS DEATH

Ann Arbor, Mich., March 10—A rattlesnake's keen vision often causes its death, according to E. J. Jenkins, of Ann Arbor.

Jenkins, a former resident of Florida, said a Florida rattler can see a bullet speeding toward it. Instead of dodging the bullet, he said, the rattler strikes as it would at any other moving object.

"And that's the reason you hear so many reports of hunters shooting rattlers' heads off," he explained. "The hunters don't shoot the rattler; they shoot at it and the snake does the rest."

CEMETERY CENTRE OF POPULATION IN NEW YORK

New York, March 10—Engineers have located the exact centre of population in New York City. It's in Calvary cemetery.
