The following letter from a Carleton County Conservative to the St. John Telegraph gives the opinion of Mr. J. Chip Hartley, a Woodstock Conservative lawyer, of Mr. F. B. Carvell, M.P.: To the Editor of the Telegraph:

Sir,—I was present at the Conservative convention. I heard Flemming say he would drive F. B. Carvell out of politics. Why? At a silver wedding in the upper part of York county, a year ago last Christmas, I heard Mr. J. C. Hartley, barrister, Mr. Carvell's former law partner, and a prominent Conservative today, say: "In the first place, every country needs a man like Carvell; in the second place, you can't put Carvell down; if you put him down in one place he bobs up in another; and in the third place, you can't put your finger on any spot in either Carvell's private or public life."

I can prove this under oath, if need be, by two good, honest, reliable men.

Now, then, why does Flemming or any other honorable man wish to drive such a man out of public life? I don't care one snap about Flemming collecting \$70,000 from the lumbermen and having it handed to E. R. Teed "for campaign purposes," as they say. But what I object to is, when Flemming needed money, as he swore he did at St. John, in his lumbering business, he went to his man Teed and told him the banks were getting fussy about insurance, etc., and to make it short,

Teed let him have \$18,000, I think the amount was, and he swore he put it in his own private business. When they scented danger and Mr. Dugal was moving or about to move his "timber charges," Flemming swore he paid all this money back; \$2,000 Thursday, \$5,000 Saturday, \$4,000 Tuesday, and so on till in a week or ten days it was all paid back—so he swore.

Would it have been paid back if the Opposition (composed of only two) had not "started something?" We all know in our own minds and hearts that it would not, and that is why that I, a Conservative, am going to vote for the Opposition candidates this time.

Thanking you for space, etc., I am
A CONSERVATIVE.

BILLY SUNDAY'S CAMPAIGN WARDROBE**List of Satorical Fixings Evangelists Takes to Detroit--Suffered With Hay Fever**

Winona Lake, Ind., Sept. 9.—A comfortable outfit for "Billy" Sunday is 18 suits of clothes, 24 suits of underwear, 50 collars, 36 pairs of socks, 12 neckties, and six pairs of shoes. At least that is said to be what he is carrying to Detroit, where he begins his last campaign before going to Boston on November 12th.

Billy needs a lot of clothes if he's to wear fresh ones all the times. Because he splashes sweat with every sermon.

He never wears the same suit all through one day during campaigns; he seldom wears the same suit twice a week, and a suit never sees a second sun without a fresh pressing.

The Sunday laundry bill during campaigns is usually about \$65 a week, and most of this is charged against the evangelist, but Billy isn't taking a derby in his outfit. Which may be taken as a tip by the Boston clergy and laity who plan to greet him when he comes to their city this fall.

Billy has suffered with hay fever during his stay at home here this month, but he says he felt fit in every way for the hardest year of his career with Boston, Detroit and probably New York on his schedule.

"POOR LITTLE RICH GIRL" IS A BRIDE

Los Angeles, Cal., Sept. 9.—When Miss Ramona Borden, heiress to the Borden millions, ran away from a New Jersey sanitarium two years ago, she gave as the reason for her flight the statement that she was looking for a home.

"All I have is money," she said.

Now the girl has found a home over which she will rule with the title of Mrs. Cole Parker. Mr. Parker is a Chicago lawyer, and the son of a Wisconsin millionaire. The ceremony was performed at the home of the girl's grandparents, Mr. and Mrs. L. B. Valk, of Chester place, this city.

Following many disputes over the girl between Gall Borden and his wife, Mrs. Helen Valk Borden, she was placed in a sanitarium at Pompton Lake, N. J. That was in 1913 when she was just 17 and had already spent much of her time away from home because of the friction in the family. Miss Borden fled in an automobile with two women and her disappearance caused a national sensation.

Miss Borden was immediately dubbed the "Poor little rich girl."

DAMAGE TO CROPS**HEAVY IN AUGUST**

All Cereals Have Suffered Heavily --Corn Lass Due to Drought.

Washington, Sept. 11.—Heavy damage to the country's cereal crops during August caused a loss of many millions of bushels in prospective production, cutting down the outlook for wheat to below the amount required for home consumption.

The Department of Agriculture estimates the wheat crop at 611,000,000 bushels, 9,000,000 bushels less than is calculated to be necessary to rdomesic use. A carry over of about 160,000,000 bushels of old wheat from last year, however, will make up the deficiency and leave about 100,000,000 bushels for export.

Spring wheat, parched by hot and dry weather, showed a loss of 43,000,000 bushels since the August forecast, while corn estimates were 67,000,000 bushels smaller than the forecast of a month ago.

The combined winter and spring wheat crop is the smallest since 1900 and the acre yield the lowest in 23 years.

The heavy loss in prospective production of corn was due to drought. In many sections of Kansas and Oklahoma many fields of corn were cut for ensilage or fodder.

An unusually short output of white potatoes for winter supply is also forecasted.

50% of Belgian Relief

comes from Belgians Abroad

They Are Doing Their Utmost To Save Their Own People.

The whole-hearted devotion of Belgians in Canada, Great Britain and the United States, to the work of relieving those in their destitute Motherland, should be an added incentive to us to give all we can to the Belgian Relief Fund.

This is not charity—it is a debt of honor we owe to our heroic Allies, who checked the first onslaught of the Germans while France and Great Britain got time to rally and save the day on the Western Front.

The able-bodied men of Belgium are still in the fighting line, holding the trenches at the British left. Their women and children, and their old and wounded men, who have held out bravely under untold sufferings are looking to us for food and life. Our modest contributions to the Belgian Relief Fund will help to save them. Our failure to give our share will bring them a step nearer to grim starvation.

Can you ignore such desperate need, or fail to respond generously to such a pitiful call for help? Can you not undertake to feed at least one Belgian family when a contribution of \$2.50 per month will do it?

Whatever you feel you can give, send your subscription weekly, monthly, or in one lump sum to Local or Provincial Committees, or
