FREDERICTON, N. B., SATURDAY, JUNE 18, 1932.

Two Cents Per Copy

Montreal Mourning For the Victims of Great Explosion

Bodies to Lie in State in Central Fire Station—The Inquest to Commence on June 29th—Number of Victims May Exceed Twenty-five.

MONTREAL, Que., June 18—Sorrowfully and with head bowed low, the city of Montreal today went about the business of burying its dead. With a roll-call of 25 known dead in the Cymbeline disaster and with others of the terribly burned suffering in the city's hospitals perhaps soon to pass, civic officials and private agencies combined to plan tribute to their dead.

Bodies Lie in State

Bodies of the firemen taken from the scene of the disaster at the Vickers Ltd. dry dock yesterday morning, are to lie in state on the first floor of the Central Fire Station, the executive committee decided. Coroner Prince set June 29 as the date for the inquest. And Capt. F. L. Demers received his appointment from the Dominion Government for a special investigation into the catastrophe as Dominion wreck commissioner. Divers employed by the Montreal Harbor Commission and by private interests probed the mysterious depths of the waters about the doomed ship from yesterday until midnight. The search was resumed at daybreak this morning.

Burned Many Hours

The fire burned for 14 hours. Not until after five o'clock yesterday afternoon was the "all out" signal turned in to fire headquarters and at that time the body of Raoul Gauthier, Montreal's heroic fire chief, was still lying at the bottom of the basin where, leading his men forward, Chief Gauthier fell yesterday.

BOYS ESCAPE FROM HALIFAX REFORMATORY

Halifax, June 17—Descending from high windows to the ground on a string of bed-sheets, 13 boys escaped from the Provincial industrial school early this morning.

Their freedom was brief, for they were located later in the day by Royal Canadian Mounted Police. Tonight all but four had been returned to the institution.

Rev. W. D. Wilson, superintendent of the school said no guard was kept over the boys at any time. The departure of 13 was the result of agitation on the part of one or two of the older boys who had been confined. Sixty others had refused to leave.

Slightly Overdone

An enterprising resident of Nashwaaksis came to the city this morning, bought a freezer of ice cream and started selling cones in the city market. He did such a rushing business that a complaint was lodged with the city treasurer. Local dealers have no objection to the sale of farm produce in the market, but claim that they are quite capable of handling the retail ice cream trade.

London, June 18—The Prince of Wales has a new pet dog.

Cora, the tiny underslung cairn terrier that has accompanied her royal master on many of his trips in England is getting old and has gone into retirement at Fort Belvedere, near Windsor Castle, the Prince's country house. Her place has been taken by an even smaller cairn named Jacques.

BESSBOROUGH PAYS TRIBUTE TO CANADIANS

Lennoxville, Que., June 18—Addressing the students of Bishop's College school yesterday Lord Bessborough said that the world is in the greatest upheaval that it has ever experienced. It is the result of the Great War, he said, but so far as Canada was concerned, there was no fault on her part for the great conflict. Canadians went out at the call of the King and country to do their best and when they returned, they could say more truthfully than any other country, that they had found themselves as a nation. Canada held a higher place in the esteem of the world since the war than she had ever held before, His Excellency said.

A large number of the students' parents and friends gathered to greet His Excellency on his arrival. The Governor General was met by T. S. Gillespie, His Excellency's first duty was to inspect a guard of honor composed of a special platoon of the school cadet corps. Lord Bessborough then entered the school building and met members of the staff after which he made a short inspection of the building. His Excellency spent over an hour on the campus following with interest the athletic sports. At the close of the sports the prize giving took place at the home of Crawford Grier. His Excellency was introduced by Mr. Grier.

The excellent acoustical properties of a bathroom, according to a professor of physics, explain why men sing in the bath. I always thought it was because the door was locked and nobody could get in to stop them.

BRACKEN HAS INCREASED HIS FOLLOWING

The Manitoba Premier Has 29 Seats, With 17 Still in Doubt Out of a Total of 55.

Winnipeg, Man., June 17—Premier John Bracken an expert practical farmer, who was summoned 10 years ago from the presidency of Manitoba Agricultural College to lead the province's Government, tonight carries a mandate to continue his administration another five years—but under a new name.

An economy coalition of his own Progressive and Liberals, formed just a few weeks before polling day, is stamped with the enthusiastic approval of Manitoba. At yesterday's general election, the fusion party was returned to power with a strength greater than Mr. Bracken's Progressives held in either of the last two Legislatures.

A clear majority in the new House of 55 members was assured the Premier today with election conceded. Government standard-bearers are leading tonight in four additional constituencies where returns are incomplete, and two northern ridings—Both Bracken strongholds in the past—have yet to vote.

Winnipeg Result

Winnipeg of whose 10 members only two have been declared elected promised to name at last two, and probably three, Government followers and bring the coalition total to 36 or 37. By the time the next House assemblies Mr. Bracken may have as many as 39 on his side.

Standing of parties tonight was:
Government 29
Conservative 5
Labor 1
Independent 1
Undecided 17

Conservatives, expressly confident they would oust the Bracken administration at the polls are virtually certain to form a smaller body in the new House than they did in the last. Fusionist followers won six rural seats formerly held by Conservatives and even in Winnipeg increases its quota of Tories, it is apparent. Lieut. Col. Fawcett G. Taylor, party chieftain, will have a group not exceeding 12. Fifteen Conservatives were seated in the last Legislature.

Straight Government gains from Conservatives totalled six while the Tories gained Brandon, formerly held by a Progressive but vacant at dissolution. Cypress, Dauphin, Killarney, Manitou, Morden and Rhineland and Roblin returned Liberal-Progressives where five years ago they elected Conservatives.

It will be several days before returns are completed. Ten rural constituencies are still in doubt, leaders failing to secure the necessary 50-per cent quota and results of second countings will not be announced in some cases until June 22.

An Amateur Gardener

Lionel Hitchman, of the Boston Bruins hockey team, has returned from a pleasant trip to Maine and is again back at his farm at Springhill. Mr. Hitchman is cultivating a splendid garden in his spare time and is very proud of it. Today he visited the local market and took back with him a supply of tomato plants. "We are greatly enjoying our sojourn in New Brunswick," he told The Mail.

A WOMAN DIED TWICE IN NEW YORK YESTERDAY

Was Revived After Being Dead for Four Minutes

PRAYED FOR BY FRIENDS

Went Into Coma Again at Night and Could Not be Revived

(Special to the DAILY MAIL by the British United Press)
New York, N. Y. June 18—Mrs. Amelia Redino, 43, was declared dead twice yesterday. Early in the afternoon the woman suddenly collapsed from a heart attack was declared dead for four minutes. Three emergency crews responding to her husband's call worked over Mrs. Redino for four hours and finally succeeded in reviving her. Meanwhile forty friends and neighbors knelt in prayer on the street outside the house. Last night Mrs. Redino again collapsed and all efforts to bring her back to life failed.

CANADA'S CROP OF WHEAT IS WELL ADVANCED

Winnipeg, June 18—Of fine color and much of it in shot blade with broad shoots, Western Canada's wheat crop as viewed by the Canadian Pacific Railways' agricultural department in today's report is well advanced. In some instances this season's crop is considered above normal at this date.

The higher temperatures of the last week have resulted in phenomenal growth and the later seeded areas are giving promise, even in the re-seeded and insect-damaged fields.

Southern, western and north central Saskatchewan and Manitoba also have had fair, warm weather with showers and heavy rains, all tending to advance growth.

Crop prospects in Western Canada, says this report, continue to command a feeling of optimism, and while early rains would materially benefit eastern Manitoba crops in general, cannot yet be said to be suffering.

WEEK-END MARKET

Moderate Sized Market — Large Supply of Meats, Butter and Eggs — on Vegetables — Many Fish.

There was a fairly large sized market this morning with large supplies of fish, meats, butter, eggs and wood. Prices were fairly steady in some commodities. 20 cts was asked for butter and eggs early in the morning but before the market closed they were selling for 12 cts. Mackerel from the Miramichi made their first appearance in the market this morning. Strawberries, both cultivated and wild, were unusual this morning.

Price List:—
Wood \$4 to \$7.
Eggs 20 cts doz.
Butter 20 cts lb.
Chickens 60 cts each.
Pigs \$1.75.
Tomato Plants 60 to 75 cts doz.
Potatoes 60 cts bbl.
Mackerel 2 for 25.
Salmon 12 to 13 cts lb.
Shad 3 for 25 cts.
Lobsters 15 cts lb.
Veal 5 to 9 cts lb.
Pork 6 to 10 cts lb.
Lamb 15 to 22 cts lb.
Cwl 20 cts slb.
Raddish 2 bunches for 5 cts.
Strawberries (wild) 30 cts box.
Strawberries (cultivated) 40 cts box.
Lettuce 6 cts bunch.
Rhubarb 5 cts pound.

An odd oversight is noted in the architecture of a new hotel in the east. No post was erected in the lobby for the mail box to be behind.

Mrs. Barney Sent Up for Trial in Cocktail Murder

A London Society Woman Committed for Trial on Charges Involving Homicide and Attempt to Kill—Pleaded Not Guilty to the Charge.

LONDON, June 18—British society's "cocktail murder" advanced another step in the record today when Mrs. Elvira Dolores Barney was ordered committed for trial on two charges involving homicide and attempt to kill.

The beautiful society girl, daughter of a British knight, and estranged wife of John H. Barney, an American radio singer, is accused of shooting Michael Scott Stephen, a London society man, after a cocktail party in her apartment on May 31. She was given a hearing in the Westminster police court today, pleading not guilty to the murder charge and to an additional charge of having attempted to shoot Stephen two weeks before the actual murder.

PROV. CABINET TO RESUME ON NEXT WEEK

The Provincial Cabinet concluded its meeting here last night, and adjourned until next Wednesday, when the meeting will be resumed in the city of Saint John.

Yesterday all day, the government was besieged with delegations from all over the province, asking aid for unemployment. Many of these will be dealt with at the next meeting, the government being unable to deal with them all this meeting.

Means of expanding pulpwood operations in the Province were discussed with J. H. Hinman, of New York, a representative of the International Paper Company, and K. S. MacLachlan, of Edmundston, representing Fraser Companies, Ltd.

A combined delegation of the Children's Aid and the Ministerial Association yesterday urged that a superintendent of the Children's Aid for New Brunswick be appointed.

The plight of residents in Victoria county, the various parishes and the village of Plaster Rock was made known by a delegation from that county, which urged that work should be furnished for those people in need. Other delegations appeared also.

Fieaded Guilty

Lloyd, George and Ivan McCoy, brothers, were sentenced by Magistrate Whitman Haines in the Devon police court yesterday to accumulated fines of \$65, or jail terms of 130 days, when they pleaded guilty of recent offences. Lloyd was found guilty of driving a car without a license for the current year, for driving another vehicle without an operator's permit and for wilfully destroying property, the camp of William Bailey, on the Killarney Road. Mounted Police constables made the arrest. No charge was laid by a fourth brother, aged 13, who was with one of his brothers.

In California

Word has been received here from Fenton Dunphy, well known local boy, to the effect that he has arrived in Las Pasedina, Cal., after a leisurely journey to Vancouver and south along the Pacific Coast. He was for a time at Las Vegas, Nevada working on the Hoover Dam, but, conditions being bad, returned to California where he is at present. Mr. Dunphy left here in the spring and hitch-hiked to the coast.

Let's try, in the day of tribulation, to think of what Job said.

EXPRESSIONS OF GOOD - WILL ARE EXCHANGED

Lausanne, Switzerland, June 17—The Lausanne Conference delegates separated for the week-end tonight with Chancellor Franz von Papen of Germany and Premier Edouard Herriot of France almost vying with each other in expression of good-will.

Shortly after the conference rose, Herr von Papen, in an interview, referred to Premier Herriot's speech today as having given him the impression that everyone was animated with good-will, and that the atmosphere of the conference was a good augury for its complete success.

Interviewers passed from the hotel of von Papen to that of Herriot, where facing a crowded balcony with his back to a fence, the French Premier almost echoed the words of the German Chancellor, "I leave for Paris with a happy impression of the two days' work," he assured the newspapermen. "As a result of the good-will shown by everybody and of the manifest good sense we now have a situation which in my view has most hopeful promise."

Meeting apart from the general conference the heads of the British, Italian, French, Belgian and Japanese delegations—representing the five principal credit nations—reached an agreement to reserve all reparations and war debts payments until after the conference, pending the achievement of a definite agreement.

Died Early this Morning

Mary Helena Flanagan, aged 62 years, passed away at an early hour this morning. She was the widow of the late Thomas Flanagan of Marysville, who died four years ago. The deceased was well known and left many friends to mourn her passing. She is survived by two sons, Fred of Centerville and Basil of Boston; one stepson, James of Boston. Two daughters, Mrs. Amos McPherson of Marysville, and Miss Maude of Marysville; one step-daughter Atta Flanagan of this city; two sisters Mrs. Thessa Dawson of California and Mrs. Thos. McLaughlin of Blockville N. S., one brother Fenton McCormick of Blockville. The funeral will be held Monday morning leaving the home at 8.30 with high mass of requiem at St. Anthony's Church in Devon. Rev. Father Osborne will conduct the services and interment will be made in the Hermitage.

The thaler — whence dollar — was once the European standard for weight and purity.
