ONCE WEALTHY BUT DIED POOR
Uniontown, Pa., Sept. 28—The final chapter in a story of wealth gained and lost was written here yesterday when Josiah B. Thompson passed away. Twenty five years ago he could sign his check for \$25,000,000, but five years later he was broke, and owed \$20,000,000. His creditors allowed him to keep his home, where death overtook him.

SECRET GERMAN
MAP TROUBLES
THE CZECHS

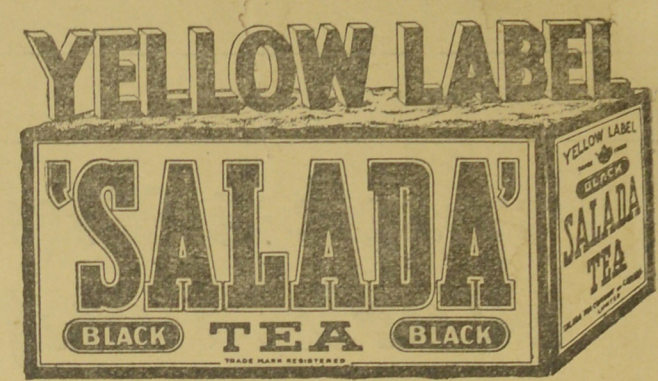

Berlin, Germany, Sept. 29—Worry and resentment were reported Tuesday in Prague, capital of Czechoslovakia, at the distribution of a German ethnological map which was secretly published in Graz, Austria, recently. This map dramatically portrays the number of Germans living outside the boundaries of the Reich and identifies them as members when there should be one united country. An Austria one-third of Czechoslovakia, most of Holland, large parts of Poland, all of the Polish Corridor, parts of Estonia, and Denmark, and all of Alsace and Lorraine are indicated as German on the map. It will be remembered that German Chancellor Adolf Hitler, himself, more than once has referred to the necessity of unifying all the Germans, who in Europe number about 90,000,000 persons, according to the Nazi estimate. The population of Germany itself is 65,000,000.

DUPONT SAILS
GLIDER PLANE
126 MILES

Waynesboro, Virginia, September 29—Richard C. Dupont almost doubled the American distance record today when he piloted his sailplane 126 miles before landing at Frederick, Maryland. The young sailplane flyer was some ten miles short of the international record, which is held by a German, Jack O'Merra, of New York City established the previous American record of sixty six miles last year. Dupont left his base here at 10:55 A. M., and landed at the emergency airport at Frederick at 3:45 o'clock this afternoon. Since approximately a half hour was spent in getting altitude, Dupont estimated that his speed was about thirty miles an hour. Instruments carried in the Dupont plane will have to be checked before it will be known definitely how closely the young flyer approached the international record. His accomplishment set a difficult mark for the seven other soaring experts gathered here for further record-breaking attempts.

PREFERRED JAIL TO DEBT
Detroit, Sept. 28—Friend rallied to Abdul Aziz's aid when he was fined for traffic violation. They paid the fine, but Abdul insisted on staying in jail. As policemen picked him up bodily and carried him out to the street yesterday he struggled and cried: "I cannot repay my friends. And if I do not repay a debt I shall never reach my heaven. It is so written."

It is said of the late head usher at the White House, Irwin H. Hoover, wine in a hurry, the general idea ap- that he refused \$25,000 to write "in- parently being that malic acid has the side stuff." He could hardly have a same influence on tartar as apples better epitaph. Scientists have a scheme for aging upon doctors.
