SPECIAL PROGRAMS  
MARK RETURN  
OF LEGAL BEER

Columbia will be on the air from 1.30 to 3.00 A. M., A. S. T., on Thursday, April 6, (actually early morning of April 7) with programs marking the return of legalized beer.

At 1.30 A. M., there will be a switch over to Chicago where the listeners will be taken on a rapid radio visit to various centers of Windy City night-life. For thirty minutes there will be descriptions of the preparations under way for the dispensing of the foamy amber fluid which becomes legal in the middle-west at 2.01 A. M., A. S. T.

St. Louis will be the scene of broadcast operations at the moment 3.2 beer becomes legal. Columbia microphones and announcers will be posted on the roof of the Anheuser-Busch brewery. Three airplanes, each carrying a case of beer, one for President Roosevelt, another for Vice president Garner and the third for former Governor Alfred E. Smith, will take off. This event will be described and August Busch, proprietor of the brewery, who will be in charge of proceedings, will speak to the audience.

The program then shifts to Milwaukee, where the pick-up will be made at 2.15 A. M., A. S. T., from the Schlitz plant, where the "beer that made Milwaukee famous" is made. Listeners will hear the clamor that goes with the loading of the first trucks and their departure as they leave to fill the initial orders. Erwin and Robert Uihlein, owners of the brewery, will give short talks. A musical background for the events will be provided by a German band.

A Chicago brewery, the Prima will be on the air at 2.30 A. M., A. S. T. An informal program of German drinking songs will be rendered. Following this, the listeners will be taken on another flying visit to Chicago's restaurants, hotels and nightclubs for the purpose of witnessing the merriment prevailing after the legalization and distribution of beer.

POPE BROADCASTS  
SPECIAL HOLY YEAR  
MESSAGE OVER COLUMBIA

His Holiness, Pope XI will broadcast a special message to America on the opening of the Holy Year over the Columbia Broadcasting System on Saturday, April 1, between 2.30 and 3.30 P. M., A. S. T.

The door-opening ceremony, which officially begins the year of prayer, will take place at 5.00 A. M., A. S. T., an hour too early for broadcasting in America. In an audience granted to Herbert B. Glover, Columbia's director of news broadcasting, the Holy Father consented to giving a special message for North America later in the day.

Father John O'Rourke, an American priest in Rome, will open the program with a brief review of the door-opening ceremony. This will be followed by five minutes' singing by the choir of the Cathedral of the Annunziata of Florence.

Pope Pius will then chant a hymn into the microphone, after which he will press a button lighting the huge cross on Mount Scenario near Florence.

At this point the Pope will deliver a special Holy Year message to North America, adding his benediction. The broadcast will be concluded with the ringing of the bells of the Florentine Cathedral and another short performance by its choir. Father O'Rourke will read a translation of the papal address and blessing.

The radio short-waves of station HVJ, the Vatican transmitter, will carry the broadcast to the American shore where it will be converted to long waves for dissemination over the coast-to-coast WABC-Columbia network.

## HOWARD DEFENDS

## AMERICAN MUSIC

New York, N. Y., March 31—John Tasker Howard, authority on American Music, will conclude his series of Our American Music broadcasts with a discussion of whether or not American concert audiences are interested in native music, over an NBC-WJZ network, Sunday, April 2, at 4.00 P. M., A. S. T.

Howard who believes that "there have been ignorant and notorious instances of neglect of the American composer by conductors in high places", has presented 192 compositions by 113 American composers, during his current series of broadcasts.

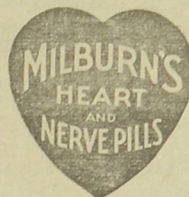

"Some conductors have said that their audiences don't want to hear American works", explains Howard, "that if they play them their audiences will fall off and financial support for the orchestra vanish. One director made the amazing statement that orchestras could not play as much American music as formerly, because native composers were not writing as much. I wish that conductors could see the scores of manuscripts that have been submitted to me in the past few months."

faculty member of the Boston College of Music and George Gove, bass, is a former member of the American Opera Company. Hubert Hendrie, baritone, has sung both in concert and opera in France.

Tired Out All The Time

Mrs. George Scribner, Nauwigewauk, N.B., writes:—"I was so very nervous I could not sleep at night, and felt tired out all the time."

A neighbor told me about Milburn's Heart and Nerve Pills, and as she was using them at the time she gave me some to try. I found they were doing me so much good I procured two boxes and they proved of wonderful help to me."

## For the Women

## BROWN SUGAR CAKE

## TASTES OF CARAMEL

You probably have many favorite recipes for cake, but most housewives are always glad to have a new recipe, especially if it sounds good. The one I'm going to give today has a caramel flavor, but it can be made quickly. Cakes made with light brown sugar, as this is, have more mineral content to them, and so are an easy way to add this value to the diet.

The recipe calls for one and one-third cups of light brown sugar, one-third cup of butter, one half cup of milk, two eggs, one and three-fourths cups of flour, two teaspoons of baking powder, one-half teaspoon each of cinnamon and nutmeg and one cup of chopped nut meats. These ingredients will make three nine-inch layers.

## MIXING THE CAKE

Because that any hard lumps are worked out of the brown sugar, and then cream the butter, sugar and egg yolks together. Sift all the dry ingredients together and whip the egg whites until stiff. Add the milk and dry ingredients alternately to the batter and stir them together quickly. Beating makes a cake coarse grained, so it's best to stir only until the dry ingredients are moistened with the liquids. Add the nut meats and fold in the egg whites.

Line the cake tins with greased paper so the nuts do not stick to the pan. Bake the layers in a 375-degree Fahrenheit oven until the cake responds to the touch.

## RAISIN FILLING

A raisin caramel filling is delicious with this cake. This is not a frosting, but a filling to place between the layers. Soften a cup of raisins in a little warm water. Let them stand until they puff up. Then cook them in a double boiler until they are tender. Add one half cup of rich milk. When it is hit, mix together a tablespoon of cornstarch and one third cup of sugar. Add and cook until the mixture thickens. Add one half teaspoon of vanilla and cool.

Creamed dried beef on waffle; radishes; baked pears; coffee.

## BUTTER FROSTING

The frosting for this cake should be light and not detract from the flavor of the cake or filling. For this reason, I like to use a butter or cream frosting. Melt three tablespoons of cream. Add sufficient confectioner's sugar to make the frosting of thin spreading consistency. Add one half teaspoon of vanilla and spread the frosting over the cake.

PRACTICAL HINTS  
FOR HOUSEWIVES

If a cloth is placed over a basin of freshly made starch no skin will form on the top.

A thoroughly satisfactory high chair can be made screwing four of the old-fashioned door bumpers, the sort with the hard-rubber pad in the end, in the legs of any chair.

A quick way to mark household linens is to write the name in pencil, then stitch over the line with a sewing machine, using a coarse thread and long stitch.

When I try a new recipe from the cook book or my recipe file I mark it with stars. Good, two stars; very good, three stars. This helps select menus without hesitation.

Brass curtain rings that are tarnished may be cleaned by soaking them in paraffin for twenty four hours and then polishing with ordinary brass paste. They will look like new.

If cold baked potatoes are dipped for a minute in a hot water and placed in a warm oven until they are hot they will be as nice as if freshly baked.

When the heels of your stockings become thin, use fine silk and make parallel lines of fine chain stitches. This matches the stocking mesh.

To keep dresser and other drawers clean enamel them with white enamel. They can then be easily washed.

Try pasting a piece of heavy brown paper on the bottom of small scatter rugs that have a tendency to kick up.
