WOLGAST AND NELSON
MATCHED AT APPLETON

La Crosse, Wis., Feb. 2.—Bartholomew Nelson and Ad Wolgast have signed an agreement to box at Appleton, Feb. 22, the sixth anniversary of the defeat of Nelson by Wolgast, for the lightweight championship, it was announced here today.

MATCH RACE FOR
\$1,000 AT SYDNEY
THIS AFTERNOON

Bob Mac and Tommy Cotter Will Race on Ice—Other Matches are In Sight.

The match race for \$1,000 between Bob Mac and Tommy Cotter takes place at Sydney Harbor this afternoon. Peter Carroll is expected to take charge of Tommy Cotter and Stephen Purves will pilot the Brad d'Or Bridge pacer. In addition to the stakes a considerable lot of money will be placed by outside parties.

Mr. Campbell will ship Bob Mac to Halifax early next week to meet Rex Heart, if the ice gets in suitable condition. The races at Dartmouth Lakes, Tuesday, had to be postponed until next week, owing to the mild weather.

The North Sydney Herald says: "Win or lose, Bob Mac will be pitted against the outlawed American performer, Hal L. 2:11, who was last week purchased from his Bathurst owner by Abby J. Herbert of Shediac."

DOUBLE-HEADER TONIGHT
IN CITY HOCKEY LEAGUE

Another double-header is to be played tonight in the Fredericton City Hockey League. U.N.B. and Gibson will meet in a regularly scheduled game and the 36th Field Battery will play a postponed game with C Company, 104th Battalion. It is the policy of those managing the league to have the postponed games when the league schedule is finished and double-headers are depended on to clean things up. Tonight's games should be interesting. Gibson and U.N.B. will be fighting for second place and the 104th also has a chance for the position. The Battery team may be depended upon to put up its usual fast game.

HAD SALT RHEUM
ON HANDS.

Could Not Do Her Work.

Eczema or salt rheum is one of the most common of all skin diseases. It may centre itself on any part of the body, but there are certain places where it most usually begins, such as the bends of the elbows, the backs of the knees, the groove behind the ears, the scalp, on the palms of the hands, between the fingers, or on the soles of the feet.

It is, as a rule, not dangerous, but is very irritating and annoying to the sufferer on account of the terrible itching and burning sensation it causes.

It is impossible to eradicate this trouble from the system by external applications, as it is caused by the blood being in an impure state. What you need is a good blood cleansing medicine such as Burdock Blood Bitters. A medicine that will drive out all the foulness from the blood and make it pure and rich.

Mrs. Adelard Theriault, Theriault, N.B., writes: "Some time ago I was troubled with salt rheum on my hands, and it was so bad I could not do my work. I tried several medicines, but they all failed to help me. One day a friend told me to try Burdock Blood Bitters, so I got a bottle, and before I had taken it my hands were better. I am not afraid to recommend B.B.B. to anyone."

B.B.B. has been on the market for the past forty years, and is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

The Printing and Publicity
Specialist
Talks To His Son

"Say, John, I feel quite sick today," said Mr. Blank. "Please visit the different doctors in town, and find out who will cure me for the least money. Get your quotations tabulated and then let me see them. Of course we will engage the doctor who charges the least."

"Why, I never heard of such a thing," said John. "The idea of getting quotations from a doctor; it's the asylum for you."

"Well now, why not? I am a specialist in printing and publicity. I study my business just as carefully as any doctor can do. If I do say it that shouldn't, I have just as much brains as the average doctor. I strive to give my customers the benefit of my knowledge, my artistic skill and judgement and my ideas on publicity. I give service as the term is understood in the Twentieth Century."

"When some people around here have a little printing to be done, they visit all the printing offices, get quotations from each one, and then give the work to the man who gives the lowest figures."

"The ordinary user of printing knows his own business, but he is no more a judge of the work of printing than he is a judge of what sort of medicine a doctor should give him for the cure of his ailment. If people ask me for quotations and pass me by if my price happens to be a little more than the other fellow, why shouldn't I apply the same method to the doctor, lawyer, dentist and painter? Why not? It's a mighty poor rule that won't work more than one way."
