Dodd's Kidney Pills Cleared Up D. R. McLeod's Kidney Disease

NOVA SCOTIA MAN TELLS HOW AND WHY HE IS ENJOYING ALL HIS OLD-TIME HEALTH AND VIGOR.

West Tarbot, Victoria Co., N.S., Feb. 7—(Special)—"Yes, I feel healthy and full of my old-time vigor," This was the answer of Dan R. McLeod, a prominent resident of this place, to a question regarding his present health. Everybody here knows that last winter Mr. McLeod was a severe sufferer from kidney disease. And he is most emphatic as to the cause of his cure.

"I used seven boxes of Dodd's Kidney Pills," he says, "and not only have I been greatly benefited by the use, but I am entirely cured of every symptom of kidney disease."

The reason people talk so enthusiastically about Dodd's Kidney Pills is that they make them well all over. Acting on the kidneys they put these organs in condition to strain all the impurities out of the blood. That means pure blood carried to all parts of the body. And people who are healthy all over are always cheerful and enthusiastic.

H. G. KITCHEN SUCCESSOR TO W. G. CLARK ON HOSPITAL BOARD

The regular monthly meeting of the Hospital Trustees was held yesterday, with the new president, Mr. R. B. VanDine, in the chair. The session was a lengthy one and several matters of importance engaged the attention of the Board. From the report of the secretary-treasurer it was shown that the expenditure for January was large, but this was well offset by the new superintendent, whose receipts for the month were correspondingly large. Miss Grace M. Murray, the superintendent, started her duties with a full house. Sixty patients were treated during the month, and of these thirty-one were surgical cases. Three cases were treated in the contagious wing. The Trustees greatly appreciate the kindness of the many friends of the hospital. A new source of help has recently been welcomed. The following articles, which are always of use in the sick chamber, were received from the Women's Institute at Hoyt Station: Nine jars preserved fruit, one jar ketchup, five cans cocoa, three packages corn starch, two packages tapioca, two packages cream of wheat, one box Oxo, one bottle wine of Rennet, and the Women's Institute of Burr's Corner sent four lbs. of butter, two dozen eggs, two bottles pickles, ten jars preserved fruit, one can peaches and one quilt.

Numerous other donations were received, including ever welcome flowers from Mr. and Mrs. McKay and Mr. Wm. Perkins, fresh eggs from Mrs. A. C. Arbeau, magazines from Mrs. Staveland and from Mr. McMurray. Although absent from home, Mr. Roy Morrison did not forget the hospital where for many months his life was spent. His welcome donation was a case of peaches.

Miss A. Winfield Dunn of Gagetown

who was obliged to leave the hospital last fall on account of sickness, will shortly return and complete her course of training.

CHANGES SUGGESTED.

Certain recommendations from the medical staff, looking to greater efficiency and more up to date appliances, received the careful consideration of the Board, but it was felt that some of the recommendations would be most difficult to adopt at present. One very important suggestion was the installing of a dietetic kitchen, and this and the other recommendations are all of admitted importance and will have attention as the way opens.

Arrangements were made for the purchase of an instrument sterilizer, which will prove an important and useful addition to the equipment of the operating room.

VACANCY FILLED.

The vacancy on the Board caused by the expiry of the term of office of Mr. W. G. Clark was filled by the appointment of Mr. Hamilton G. Kitchen.

The annual accounts of the secretary-treasurer were examined by Mr. George Armstrong, the auditor, and reported correct.

Mr. J. H. Seers of Abbott's Park, Essex, England, has written to the president, stating that he has a very interesting collection of four fine old engravings, in colors, of Fredericton, all made in 1842. These titles are: Fredericton, The Governor's House, Fredericton from Opposite Side of the River, The Green at Fredericton. Mr. Seers wishes to sell these engravings.

Before the Board adjourned a number of accounts were ordered to be

PRIVATE FRANK McMANIMAN WRITES OF SERVICE IN SERBIA

Mr. Edward McManiman of this city, has received a most interesting letter from his son, "Private Frank McManiman of the 3rd Battalion, Dorset Regt., who has been fighting in Serbia and Greece with the British Saloniki Force. Private McManiman is a member of the famous 10th Division, which has done such good work. He writes of the hardships of the British troops had to endure through encountering fierce winter weather when they were outfitted for service in a semi-tropical country.

His letter was written January 7. Up to that date he had received no mail from his home, neither parcels, newspapers or letters. Several months ago Private McManiman noticed in a copy of The Halifax Herald that Herbert McManiman of Fredericton, had enlisted here. This is Private McManiman's younger brother, who is now with the 10th Battalion in this city. The writer guessed as much from the name. Commenting on it, he writes:

"Somebody has got to do the fighting. This war has started and somebody has got to finish it, so it is I, Herb, I wish him luck."

Private McManiman's address is as follows:—No. 8822, O Company, 3rd Dorset Regt., attached to 7th Royal Munster Fusiliers, 10th Division, British Saloniki Force.

His letter from "Somewhere in Greece," is as follows:

"I am well and getting along all right. We had another go at the Germans, also Bulgarians, but we had to return as there were too many of them for us. They outnumbered us fifteen to one. I know the Germans, Austrians and Bulgarians will have cause never to forget the 10th Division. We gave them three times three and then left.

"We were only ten feet from them when we had to run. It was hot for a while. Our machine guns mowed them down like sheep.

"We were on our way to the Dardanelles when trouble started with the Bulgarians, so they sent us right up to Bulgaria. We went through Greece and Serbia to get there. The first thing that greeted us was a real old Canadian March snowstorm. It snowed for two days. God, how we suffered!

"We were not outfitted for a winter campaign and I tell you we went through hardships. We lost a lot of men from being frostbitten. It was terrible to see our poor fellows put a fellow has to put up with it and get through the best way he can. Everybody went through it the best way he could—officers and all. It was sad to see poor fellows going along the road with frozen feet, hands and so on, making their way back to the hospital, probably twenty or thirty miles.

"All I can say is, I thank God for coming out of it all right, for there was many a poor chap that did not.

"We had to retire about sixty miles or more. We are having a good rest and getting refitted for another go at them but I bet it won't be retire this time, as we have lots of troops and good big guns, so let them come. We will meet them half way.

"It was only by the good work of our officers and men that we ever got back. Our men retired in great order. If it had been the reverse we would have been taken, every one a prisoner and been shot. It seemed to us that they lost their heads when they took the first hell from us. Instead of fighting or chasing us, they stopped and let us get away. So here we are again."
