

Greetings to the Fire Laddies

Italian Air Fleet Took Off From New York This Morning

Galleons of the Air Rose From the Waters of Jamaica Bay at Ten O'Clock—Will Spend the Night at Shediak and Will Leave Tomorrow for Shoal Harbor, Newfoundland.

(Special to The Daily Mail by the British United Press)

NEW YORK, July 25—General Italo Balbo, Italy's dynamic Air Minister, today led his fleet of 24 war planes out of New York, homeward-bound after the most spectacular mass flight in history. The first triad of air galleons rose from the waters of Jamaica Bay at 10 a.m., E.D.T., followed in rapid succession by the remainder of the winged squadron, and headed due north for Shediak, New Brunswick, the first port of call on the return voyage to Ordetello, Italy.

From Shediak, the fliers hope to take off tomorrow for Shoal Harbor, Nfld., their point of departure for the long and dangerous flight direct to Valencia, Ireland.

Leaving New York the squadron had flown more than 7,000 miles in a great circle from their home port to give the world a demonstration of flying efficiency unequalled in modern air manoeuvres.

DR. W. T. RYAN TO TAKE UP NEW DUTIES AUG. 1

Former Boiestown Physician Here Saying Farewell To Friends; Leaves With Family for Tracadie on Thursday.

Dr. Walter T. Ryan late of Boiestown who was recently appointed medical superintendent of the Lazaretto at Tracadie Gloucester County, is in the city with Mrs. Ryan and members of their family saying good bye to friends prior to leaving for their new home. Dr. Ryan received his appointment from the Dominion Civil Service Commission and was chosen from a number of applicants, which means that his qualifications were regarded as being of a high order. He will enter upon his duties on August 1st and will occupy a dwelling house provided by the government.

A Fredericton Boy

Dr. Ryan is a native of Fredericton and a graduate of McGill University. He began the practice of his profession here early in the present century, but soon afterwards was appointed quarantine officer with headquarters at McAdam. Outbreaks of smallpox were of quite frequent occurrence in those days and it was necessary for him to exercise vigilance to prevent the disease from getting a foothold in the province. In his private practice before going to McAdam he had treated a number of cases and was familiar with the disease.

At Boiestown

Upon leaving McAdam, Dr. Ryan located at Boiestown and has completed twenty-two years of service at that place. He soon established a large practice, which extended over three parishes. A skilled physician and a man of genial personality he enjoyed the confidence of all classes of people.

THE DATES FOR BYE - ELECTIONS KNOWN SOON

Ottawa, July 24—The Dominion government in council will take up this week the task of arranging dates for three by-elections for which writs will be issued shortly. These are in Mackenzie (Saskatchewan), Restigouche-Madawaska, and Yamaska. It is expected that writs will be issued during the week and it is possible the polling will be fixed for the same day in each riding.

Mackenzie was made vacant through the appointment of Milton Campbell, Progressive, to the tariff board; Restigouche-Madawaska by the death of Max D. Cormier, Conservative and Yamaska through the unseating after a supreme court action, of the Liberal member, Aime Boucher on charges of illegal election practices.

Speaking of unnecessary noises, something ought to be done about the "good-byes" said on front porches, when parties break up at 2 A. M.

to a marked degree. His list of friends, however, was not confined to the district that he served so faithfully, as his duties brought him into contact with many visiting sportsmen, and he lost no opportunity to boost the attractions of the Miramichi. Last week when it became known that he was to remove from the locality a number of his friends met and presented him with a farewell address and a purse of gold. In the departure of Dr. Ryan the Miramichi has not only lost a beloved physician, but a big hearted, public spirited resident, who is going to be greatly missed by old and young. Mrs. Ryan like her husband is also a native of this city. Before her marriage she was Miss Edith Quigley.

ROBBERS MADE BIG HAUL AT A DANCE CLUB

Chicago, Ills., July 24—Eighty two guests and 11 employees, surprised as a dance was concluding early yesterday at the Olympic Golf and Country Club, surrendered \$14,000 and jewelry valued at \$30,000 to five masked robbers who held possession of the club for 40 minutes.

J. C. Thompson, club manager, attempted to crawl behind a counter for a gun he had hidden, but the leader of the robbers slugged him with the butt-end of a sawed-off shotgun knocking him unconscious.

Several women fainted and the robbers suspended operations long enough to obtain water and revive them.

FORMAL PARADE OPENED THE MARITIME FIREMEN'S BIG TOURNAMENT THIS MORNING

Eight Hundred Firemen and Nine Bands in Monster Parade—Key to the City Presented to President McDonald by Mayor W. G. Clark at Civic Reception—Local Fire Chief Honored by the Sussex Department—Many Visitors in the City For Gala Event.

The Maritime Firemen's Tournament opened this morning with one of the biggest and most colorful parades seen in Fredericton for a good many years. Nearly eight hundred firemen from all parts of the Maritimes and nine bands, along with decorated pieces of fire fighting apparatus, constituted the great parade. Thousands of Fredericton's citizens lined the streets to view the spectacle of smartly dressed fire-eaters marching to the martial strains of the bands. Traffic was held up at all points along the route of march, as the parade made its way down Queen Street, up Brunswick and down to the Parliament Square by way of Queen Street.

Fredericton, it's merchants and it's citizens, is in a holiday spirit with the visiting firemen taking command of the situation. From the beginning of festivities last night the city has been in a mild uproar with bands blaring the happy-go-lucky spirit and the visitors completely enjoying themselves.

The parade, which formally opened the "big time" moved off this morning at 11 o'clock from the Canadian Legion grounds, and finally wound up at Parliament Square where a civic welcome was tendered by His Worship Mayor W. G. Clark. A large crowd gathered to hear the short, but appropriate speeches that issued from the steps of the Legislative Buildings. The parade assembled in front of the building and the voices of the speakers were carried to the audience by means of amplifiers.

International Aspect

The parade was headed by the officials of the Association and the Executive Committee. Immediately behind them came the Ladies' Fire and

STOCK MARKET TRADING WAS ACTIVE TODAY

A Reaction Is Expected To Follow Monday's Rally

PRICES WELL MAINTAINED

Many Issues on Montreal Exchange Are Moving Up

New York July 25—The stock market opened at noon today with a rush of buying orders. The tendency of the market was upward. Waldo Young in his review says: The task of an observer of the markets at this particular moment is to decide whether or not the terrific correction last week of an overdone speculation for the rise has been completed. One may form one's opinion on the basis of rebound of yesterday in prices of many commodities and in stocks.

All the street, of course, knows that the logical sequel to a rally such as that of yesterday is a secondary reaction. Some times it comes quickly; sometimes it is deferred for several

Abortive Plans To Kill Chaplin Is Now Revealed

Startling Evidence Brought Out at Trial in Tokio of Naval Officers Involved in the Assassination of Premier Inukai a Year Ago—Plotters Hoped For War With the United States.

(Special to The Daily Mail by the British United Press)

TOKIO, July 25—An abortive plot to kill Charlie Chaplin, American film comedian, in the hope of precipitating a Japanese-United States war was revealed today by a witness in the trial of ten naval officers involved in the assassination of Premier Inukai on May 15th, 1932.

Sub Lieut. Koga testified that the plotters laid plans to bomb the official residence of Premier Inukai during a reception for Chaplin, then visiting Japan. The plot failed when the reception was abandoned.

Koga said it was hoped that the assassination would throw Japan and the United States into war, which was needed to rehabilitate Japanese spirit.

It was the hope of the plotters, youthful militarists and strong nationalists that the slaying would provoke martial law.

With martial law in effect "politics and national life could be purified," Koga said.

MOLLISONS DEPART FROM BRIDGEPORT

New York, N. Y., July 24—Leaving their wrecked trans-Atlantic plane behind them, Captain James Mollison and his wife, the former Amy Johnson, arrived in New York from Bridgeport, Connecticut, tonight, still shaken from their close brush with death but thankful to have reached their original destination safely.

"All we want to do is to go to bed for a good long rest", Amy said as they arrived at Floyd Bennett Field in a giant amphibian plane.

The British couple, who successfully crossed the Atlantic only to crash headlong in a marsh last night with their goal literally in sight, were flown from Bridgeport by Pilot Ralph C. Wickford. Several thousand persons, many of whom had waited hours to greet them last night, lined the banks of Jamaica Bay as the amphibian dropped down near General Italo Balbo's air fleet, and watched the Mollisons carried to a waiting automobile.

Both still wore bandages, and Mrs. Mollison grimaced frequently, when she was lifted into the plane at Bridgeport and again when she was taken out of it here.

Captain Mollison's head was swathed in bandages, as was Mrs. Mollison's right hand.

A Wild Storm

The electric storm which set in last evening and lasted for over two hours, was quite general throughout the central and northern sections of the province. It is said to have been particularly violent along the valley of the Nashwaak but no serious damage has been reported.

Lewis J. Allen of Dalhousie is spending the week with relatives here.

KEN. BOONE VICTIM OF RIFLE ACCIDENT

Ashland Youth Killed This Morning at Durham Bridge When .22 Rifle Was Accidentally Fired—No Inquest.

Kenneth Boone, aged 6 years, of Ashland, Carleton County, was killed this morning when a bullet accidentally fired from a .22 rifle by his cousin Claude Hanson, Durham Bridge, entered his heart, causing instant death.

The youth was visiting his uncle, Burpee Hanson, Durham Bridge and this morning he and his cousin were playing around the yard near the house when the former sighted a rabbit. Claude ran into the house and brought out a .22 rifle with which he intended to shoot the rabbit and in loading the only bullet the rifle was accidentally discharged. The victim of the accident was jumping around in front of the rifle and the bullet entered his heart. He was rushed to the hospital by his anxious relatives but life had expired when they reached there.

Dr. Charles MacKay, coroner for York County, and Corporal Dubow of the R. C. M. P., investigated the accident and it was decided that no inquest was necessary. Claude Hanson is 11 years of age and his parents had warned him in regard to playing with the rifle.

The accident occurred this morning around 10 o'clock. The deceased youth is a son of Irving R. Boone, of Ashland, and had been spending some weeks with his relatives.

Mr. and Mrs. William Hicks and daughter of Saint John spent the week-end with relatives in the city.
