CONDITION OF MAYOR CERMAK OF CHICAGO CONTINUES SERIOUS, ZANGARA HAD NO ACCOMPLICES

Miami, Fla., Feb. 16—Concerted action to bring to Justice Giuseppe Zangara, curly-haired assassin, was pressed by the State of Florida tonight while Mayor Anton Cermak, of Chicago, one of the five victims of bullets intended for President-elect Franklin D. Roosevelt, send word to friends that "I'm going to pull through for Chicago."

At Cermak's hospital his serious condition was described as unchanged. Meanwhile as Roosevelt sped northward to New York by train the President-elect related details of the attempted assassination before massed thousands in Bay Front Park last night.

The assassin was charged with an attempt to murder the next President of the United States in an information drawn up by Charles A. Morehead, county solicitor. Three other similar charges were drawn against the gunman, each charge carrying a maximum penalty of 20 years in state prison.

The bullets intended for Mr. Roosevelt missed their mark and seriously wounded Mayor Cermak of Chicago, and Mrs. Joe H. Gill, of Miami, who were standing nearby in a tremendous crowd which had greeted Mr. Roosevelt in Bay Front Park after he landed from a fishing trip in nearby waters.

Condition Serious

Mrs. Gill, who was shot in the stomach, remained in a serious condition, but a little improvement was noticed. Three other persons, Russell Caldwell, of Coconut Grove, Fla.; William Sinnott, New York City policeman, and Miss Margaret Kru's, of Newark, N. J., received less serious wounds, and were reported resting easy.

The informations, drawn up by the County Solicitor, were based on attempts on the life of Mr. Roosevelt and the wounding of Miss Kru's, Sinnott and Caldwell. No charge for the time being were placed against the assassin in connection with the serious wounding of Mayor Cermak and Mrs. Gill. Authorities are waiting the outcome of their wounds, indicating that if they prove fatal, the gunman will face charges of murder.

Mr. Roosevelt today paid a visit to the hospital and called on each of the assassin's victims.

Prisoner Grilled

Subjected to a severe grilling on the twenty-first floor of the Dade County jail, located at the top of the Court House Building, Zangara asserted he had no accomplices. He was confident and defiant and told his questioners he had no regret for his act. He also denied that he had any connection with any societies of any sort.

The assassin, a native of Italy, used an old-fashioned .32 calibre pistol to fire at the President-elect in his automobile. Mr. Roosevelt had just concluded a short address to the thousands who had gathered to welcome him to Miami from a fishing trip off the coast.

Zangara will be arraigned before Judge E. C. Collins of Criminal Court on four charges of assault with intent to kill.

Speaking in broken English, the prisoner answered questions readily

Sheriff Hardie, something of a linguist helped carry the conversation. Here is Hardie's account of the examination:

"Why do you want to kill? Did you want to kill the policeman who caught you?"

"I no care to kill police," he replied. "They work for leevings. As a man I like Meester Roosevelt. As a President I want to keel him. I want to keel all Presidents. In Italy 10 years ago, I want to keel the King, but I cannot get to heem."

"Are you an Anarchist?"
"I do not belong to any society. I am not an Anarchist. Sometimes I get beeg pain in the stomach, too, and then, I want to keel these Presidents who appress the working men."

Has Deep Scar

There is a deep scar on the abdomen of the assassin. He speaks to the officers without apparent realization of what he did. Occasionally he grows bitter.

He said he came to Miami about two months ago. "Because they tell me it will help these pains in my stomach." He has been in the United States for about nine years and is understood to be a naturalized citizen.

Left to Florida

Washington, Feb. 16—Measures for the fullest possible protection for President Hoover and President-elect Roosevelt and swift punishment for those who would overthrow the United States Government moved forward tonight in the United States Capital, thankful for the escape of the next President from a would-be murderer's bullets.

Lacking laws of its own to deal severely with Giuseppe Zangara, who wounded five persons in an attempt on the life of President-elect Roosevelt in Miami, the Federal Government will leave the fate of the man in the hands of Florida authorities.

President Hoover was kept advised by telephone of the condition of Mayor Cermak of Chicago and the four other wounded by Zangara. In addition the Chief Executive ordered Attorney-General Mitchell to inquire into the case and use every resource at the command of the Department of Justice to uncover all evidence in the crime.

Pointing to the attempted assassination of President-elect Roosevelt, Senator Hatfield (R., W. Va.), asked the United States Senate today to act immediately on a bill for the exclusion or expulsion of alien Communists.

Condition Improved

Dr. H. V. B. Bridges, Principal of the Normal School, who has been ill for some time at his home here, had a bad turn this week, but his many friends will be glad to learn that today there is a marked improvement in his condition. His two sons, G. F. Gregory Bridges, of Moncton, and Francis Bridges, of Campbellton, were called to his bedside, but the latter left for Campbellton this morning and the former returns to Moncton this evening.

Readers of Irish election news should bear in mind that cumann na ngaedhael is a political party, not a typographical error.

More Than Half of Appeal Docket Heard

The case of Mildred A. Jones vs. Sarah R. Townshend, executrix of the estate of the late William Townshend, Saint John, was dismissed yesterday afternoon. In the morning C. F. Inches K. C., moved on behalf of the defendant, to enter a verdict for the defendant. The case was tried before Chief Justice Barry and a jury in the Saint John Circuit Court but the jury could not agree. The appeal was dismissed without the necessity of W. M. Ryan, counsel for the plaintiff, presenting any argument.

Capital Has Champ. Badminton Play

The management of the Arctic Rink is having difficulty with miscreants who, in recent hockey games, have been making entry into the rink by the use of crowbars and axes. Yesterday the management discovered five holes cut into the side of the rink and brought the matter to the attention of the police. F. S. Mundle said today that between 50 and 100 persons make entry into the rink every game in this alleged manner. Police have been asked to make arrests and it is understood that subpoenas have been issued. After the U. N. B. Mount A. game on Wednesday night, two large holes were discovered in the side of the building, obviously cut during the game or shortly before the game started.

CHEMIST CLAIMS HE HAS SOLVED FARE PROBLEM

Detroit, Michigan, Feb. 17—An humble chemist of Gridley, Illinois, has solved the farm relief problem.

Such is the claim of Richard B. Bradley of Peoria, Illinois, delegate to the National Merchant Tailors Association convention.

Chemist Beshers' solution is to convert all surplus grain into ethyl alcohol, to be used a motor car fuel. The plan, according to Bradley, was approved last week by 5,000 delegates to the Illinois Agricultural Association's convention at Peoria.

Beshers points out that the country's yearly consumption of gasoline is 15,000,000 gallons. He suggests, Bradley said, that legislation be passed compelling a ten per cent ethyl alcohol dilution in gasoline, thus using approximately 1,500,000,000 gallons of alcohol.

Bradley said this would solve the problem since 25 or 30 cents a bushel would be added to the price of grain.

This plan is now practiced in fourteen countries Bradley declared. A 25 per cent dilution is compulsory in Germany.

Bradley admitted this would increase the price of gasoline by two cent per gallon but added that the fuel will give the motorist an extra mile per gallon.

Premier Richard and H. Lester Smith, Clerk of the Executive Council, who attended a meeting of the government in Saint John yesterday, returned home by the evening train.
