### ANOTHER RESORT TO HABEAS CORPUS IN SCOTT ACT CASES

Grounds Not Same as in Last Case—Two Barrels of Beer Seized Yesterday at C. P. R. Station.

An application under the Habeas Corpus Act is to be made in the case of an employee of a local hotel who is serving a sentence for an offence against the Canada Temperance Act. An application made a short time ago in the case of another hotel man resulted in his discharge from custody. The principal grounds in that case were that the evidence had not been read over to the witnesses and had not been signed by them.

Mr. P. J. Hughes, of McLellan and Hughes, is acting in the matter. He stated this morning that the application would be made before Judge Wilson, but that the grounds were not the same as in the preceding case.

The police made a seizure of liquor at the C. P. R. freight sheds last evening. Two barrels of beer from St. John, said to be consigned to a local druggist, were seized and taken to the police station. Chief Finley said this morning that the seizure was because the packages were improperly marked. For this the shipper is responsible.

"We are looking for it all the time," was the chief's comment when asked by a reporter if there had been a search.

"I have nothing to say about the case," Chief Finley said when asked if there had been any development in the matter of a seizure of liquor from a Syrian woman as she left the St. John train Tuesday night. In this instance the woman, who resides in St. Marys, made resistance, and it is understood the liquor was damaged.
