THE GIRL AND THE GAME

A STORY OF MOUNTAIN RAILROAD LIFE

By **FRANK H. SPEARMAN**

AUTHOR OF "WHISPERING SMITH," "THE MOUNTAIN
DIVIDE," "STRATEGY OF GREAT RAILROADS," ETC

NOVELIZED FROM THE MOVING PICTURE PLAY
OF THE SAME NAME. PRODUCED BY THE SIGNAL
FILM CORPORATION.

COPYRIGHT 1915 BY FRANK H. SPEARMAN

The escaped guard, running every
step of the way to sound the alarm,
had by this time arrived exhausted at
the mine. At the foot of the aerial
railway he found Storm with Helen
watching the ore come down. Grasping
the situation from the disconnect-
ed words the man was able to utter,
Storm dashed into the chemist's of-
fice close at hand and seized a Win-
chester rifle. Helen sprang to a team
and empty wagon, waiting for a load,
and climbing up to the seat seized the
reins at the moment Storm, rifle in
hand, ran out of the office to join her.
She lashed the horses forward and
headed with a very different load from
what they had expected, for Valley.

Bill and his confederate in the box
car, elated by their huge success,
looked out of the side door for ob-
servers and seeing none, began to
dump the sacks of precious quartz one
after another out on the right of way.

But it was a day of surprises for
everybody. The agent at Valley—who
had asked to be sent out to the desert
on account of his rheumatism—was
peacefully lighting his pipe, after the
one great event of the day—the de-
parture of the local freight—when he
heard somewhere out of doors an un-
wonted rumble. It grew and still it

grew and the next moment a team, helter
skelter on the run dashed down
the road from the Superstition mine
toward the depot. In a moment he
was dumfounded to recognize in the
man behind the threatening rifle as he
drew close, his old acquaintance in
the Oceanside yards, George Storm,
the ex-engineer.

Could George Storm have turned
bandit? Was he running amuck?
Would he take the life of an old and
unoffending friend without provoca-
tion? These and similar queries
raced through his head when Storm,
addressing him with a shout by an
old-time familiar nickname, asked
where the box car of ore was, that had
stood on the siding.

The agent now saw everything dou-
ble but look as he would he could see
no car. Not until now had he given
the presence of the box car a thought.
He knew the train had not taken it be-
cause it was not ready. He knew the
conductor had started without it—but
where was it? The car of ore had
disappeared completely.

Storm was talking fast and the situ-
ation was made clearer to the start-
led agent when he learned the wagon
guards had been held up. To Helen,
who thought in tremendous ellipses
and reached the end of situations be-
fore others had charted their begin-
nings, there was only one possible so-
lution to the mystery and to solve it
they must chase the freight train.
She so declared and Storm approved.

That day mere chance, which had
so often contributed to the discom-
fiture of Storm and Helen, came to
their aid. The freight train stopped
at Arden for water. This embarrassed
Lug and Bill, who, perspiring at every
pore, were catching handfuls of
quartz as fast as they could along the
track. What was of more moment,
the engineer's stop for water enabled
Helen and Storm with their team to
gain on the train.

Helen rose in her seat. "Drive
close, George," she cried. "I can
make the train from here and give the
alarm."

Opposition Platform

The following platform was adopted at the Opposition Con-
vention held in St. John recently:
In the event of the Opposition being returned to power, we pledge
ourselves:—

NO PARTIZAN CONTROL OF CROWN LANDS.

1. We pledge ourselves to completely reorganize the Crown-
Lands Department, so that its administration shall be entirely
severed from politics and administered on sound business prin-
ciples under systematic plans by a non-partizan commission spe-
cially appointed for that purpose, responsible to the Legislature and
working in co-operation with the Dominion Commission of Con-
servation.

TAKE THE HIGHWAYS OUT OF POLITICS.

2. We pledge ourselves to take the highways out of politics,
giving the expenditure of the money collected from the people and
the control of the labor, together with the Government appropria-
tions, into the hands of supervisors, chosen by the people of each
parish, to whom a detailed and audited account must be rendered
every year at the annual meeting, and a duplicate thereof for-
warded to the Department of Public Works, the work of the super-
visors to be under the inspection of a competent provincial en-
gineer.

We also pledge ourselves to set aside the money collected
from the licenses upon automobiles and other motor vehicles, to-
gether with an equal appropriation from the revenues of the Pro-
vince each year, to pay the interest upon the bonds to provide for
permanent roads, which shall be constructed as rapidly as possible.

PROHIBITION PROVINCE WIDE.

3. We pledge ourselves at the first session of the Legislature
to pass a law prohibiting the sale of intoxicating liquors within
the Province to the fullest extent allowed by the Constitution, and
within three months after the passage of said Act to submit the
same by referendum to the electors of the Province, and should
the majority of votes cast be in favor of the said law, then to
bring the same into force by proclamation within one year there-
after.

ELECTION LAW.

4. (a) To amend the electoral law so as to make it impossible
members of the Legislature to traffic with the Government and
still retain their seats.

(b) To make it possible for young men, when they reach the
age of 21 years, to register their names and be placed forthwith
upon the voters' lists, instead of waiting for the tedious machinery
of revision as it now exists.

(c) To divide the counties into electoral districts which shall
each be represented by one member.

(d) We will also consider amendments to the election law to
make bribery in municipal as well as provincial elections impos-
sible.

PROVINCIAL FINANCES.

5. To obtain at once a correct statement of the financial con-
dition of the Province in order that the people may have definite
knowledge of the vastly increased public debt and the enormous
obligations of guaranteed bonds they will be called upon to pay;
and to so reduce the cost of the administration of affairs and the
number of useless officials as to avoid the necessity for direct tax-
ation now confronting us.

AGRICULTURE

6. To give the farmers all the practical assistance that the
resources of the Province will permit, to improve agricultural
methods and the quality and quantity of the stock upon the farm;
to reduce the enormous salary list in the department, and to spend
the educational grant received from the Federal Government
without regard for political patronage.

VALLEY RAILWAY.

7. To complete the Valley Railway from a point on the Trans-
continental Railway at or near Grand Falls, to St. John, and insist
upon the Dominion Government carrying out the terms of the
original legislation and allow the Province forty per cent. of the
gross earnings thereof.

EDUCATION.

8. To always maintain and improve the educational service
of the Province and to co-operate with the Federal Government in
carrying out the recommendations of the commission upon tech-
nical education.

IMMIGRATION.

9. The inauguration of a vigorous immigration policy to
properly place before intending immigrants, whose number will
be large after termination of the war, the advantages of the agri-
cultural possibilities of New Brunswick.
