WEATHER
Moderate westerly winds, becoming variable Thursday; fair and moderately warm to day and part of Thursday, then more unsettled.

VOL. XXXIX, NO. 206

FREDERICTON, N. B., WEDNESDAY, SEPTEMBER 6, 1933

Two Cents Per Copy

The Exhibition is Being Favored With Beautiful Weather

Attendance Yesterday Was Good and All Were Delighted With the Show—A Racing Program Is On Today—Tomorrow and Friday Expected To Be the Big Days of 1933 Fair.

With ideal weather prevailing today, the prospects of a large attendance at the Fredericton Exhibition are exceptionally bright. A racing program is being carried out at the Trotting Park this afternoon and there will be the usual special attractions, including the miniature circus, which is proving a great drawing card.

While the Exhibition grounds yesterday were not thronged there was a good attendance both afternoon and evening, and many expressions of approval on the high character of the show were heard. One visitor unhesitatingly pronounced it the best show of the year in Eastern Canada, and he added that it would be necessary to travel to Toronto to see a better one.

The management are confident that tomorrow and Friday will be the big days of the week, and have made arrangements to handle enormous crowds. The school children are to be admitted free on Friday.

The second day of Fredericton's 1933 exhibition was not so successful in point of attendance numbers as the previous day, though weather was fine all day. The obvious reason is the lack of races. On Labor Day an immense number thronged the race track despite mist and threatening rainfall.

The resumption of the racing card today and continued fine weather augurs for a good midweek crowd. Wednesday, Thursday and Friday usually are the "Big Three" of capital exhibitions and directors are in hopes that prospective fine September temperature and the big Free-for-All race tomorrow, will swell the attendance figures to an even higher pitch than other years.

Judging Advances

Judging is advanced in almost every department. Prizes have already been tagged for awards in horticulture, swine, sheep, floriculture and honey and apiary supplies. This afternoon is being observed as Holstein day and a luncheon was held on the grounds at noon, many attending.

On Friday Children's day will be observed. This is an annual occurrence and the children of all the public schools are permitted into the grounds free of charge.

The Ben Williams' shows on the midway this year are finer than ever with several new miniature automobile rides. This "ride" is being patronized by children and adults with equal fervor. The Whip, Merry-Go-Round, Ferris Wheel, Chair Swing and all the familiar amusements are in full swing, and judging by the number taking the rides they have lost none of their popularity.

An Old Favorite

Among the new games on the midway is one featuring the old artful dodger, only in this case it happens to be a white dodger, and not the traditional nigger dodger. For ten cents anyone can throw several green tomatoes at the protruding head in the canvas.

A complete showing of the open-air attractions was made in front of the grand stand last evening and a large crowd attended. The acts included that of Capt. Smiles O'Timmins and his Fire Act, a hazardous performance in which the daring O'Timmins dives into a fire ridden tank of water. This is one of the most spectacular and dangerous feats in the annals of the show world.

Tonight's Program

7.30 p.m.—Band Parades to Fair Grounds.
8.00 p.m.—Open-air Attractions in front of Grandstand.
9.00 p.m.—Fireworks.
9.30 p.m.—Band Concert in front of Main Building; Midway attractions and dancing in the Amusement Hall.

PROGRAM FOR THURSDAY

9.00 p.m.—Gates Open (Ayrshire Field Day).
12.30 p.m.—Luncheon.
1.30 p.m.—Band parades to Fair Grounds.
2.00 p.m.—Open-air Attractions in front of Grandstand.
2.15 p.m.—Racing Starts (Free-for-All).
7.30 p.m.—Band Parades to Grounds.
8.00 p.m.—Open air attractions in front of Grand Stand.
9.15 p.m.—Band Concert in front of Main Building. Midway attractions and dancing in the Amusement Hall.

STOCK MARKET WAS IRREGULAR THIS MORNING

Call Money Under One Per Cent on Wall Street

MONTREAL WEAK

A Seat on the Curb Was Sold For Sum of \$15,000

New York, Sept. 6—The stock market had a downward trend this morning on light trading. U. S. Steel was off to 52½, Union Pacific to 129, and Chrysler to 43½. Sterling was quoted at 455½ and the American dollar at a premium of 4½ per cent. Call money remained at three quarters of one per cent.

The De Cespedes Government Had A Brief Career

The Island Republic the Scene of a Bloodless Revolution Yesterday—Reins of Government Were Taken Over by Members of the Army and Navy of Cuban Republic.

HAVANA, Cuba, Sept. 6—The government formed by President de Cespedes has been short lived. Yesterday, after having held office for three weeks and he and members of his cabinet were forced to evacuate. The revolution was carried out by enlisted men of the army and navy, assisted by radical students and was bloodless. The movement has spread to all parts of the island.

A fleet of American warships is on duty with the object of protecting the lives and property of subjects of the United States.

The latest revolution is alleged in some quarters to have been set on foot and carried out by Communist agitators.

It is not believed that the United States will intervene, but will probably recognize the new government.

MANY KILLED AND INJURED IN TRAIN WRECK

Fast Express Train from Chicago To New York Rammed by a Freight Train at Binghamton.

Binghamton, N. Y., Sept. 5—Twenty-three persons were reported dead and more than 100 injured as rescuers pulled mangled bodies from the wreckage of a fast Chicago to New York Erie passenger train which was rammed by a freight engine here tonight.

Twelve died at the scene and 11 more died enroute to the hospital or shortly after they arrived. Many others were said to be in a critical condition, some dying and others badly crippled.

The first of the dead identified were:

Harry Westfall and Donald Burn, both of Susquehanna.

At the Binghamton Hospital there were 14 bodies, all dead on arrival, and 25 persons injured, many seriously.

The passenger train was just gaining full speed at the city limits when the freight engine, pulling into the main line from a side track, smashed into the rear coaches.

Bodies Scattered

Two bodies were tossed into the air and fell away from the track, a mass of twisted steel and splintered wood, leaving passengers scattered along the right-of-way and buried in the wreckage.

The bodies of the dead were so badly mangled in many cases that identification was impossible. Between fifteen and 20 injured and dying were rushed to Binghamton hospitals in ambulances and volunteer automobiles as fast as they could be removed from the heap of debris.

The wreck came while many of the passengers were at dinner. Those in the forward coaches were pitched from their seats. The entire train was panic stricken as it jolted to a halt.

The rear car of the passenger train was a comparatively new steel coach

Marysville—Councillor Harold Fisher, Councillor Sanford Pond.

Queensbury—Councillor Harry Morrison, Sterling Whitehead.

A PREACHER IS ACCUSED OF LOOTING

Scoba, Miss, Sept. 6—A Negro preacher, Johnnie Jones, was delivering a spellbinding oration on righteous living when the doors of the church swung open and sheriff's deputies entered with a warrant for his arrest.

The officers paraded straight up to the pulpit and accused the Negro of looting the household of John Anderson Griggs, a neighboring farmer. The charge stated that Johnnie entered the Griggs home while the family was away, took the pillow slips from the pillows and filled them with wearing apparel.

At the time of his arrest, the police charged, the minister was wearing one of Griggs' suits. The Negro was taken from the church in the presence of his flock and placed in jail to await trial.

FOREST FIRES IN ONTARIO

Toronto, Sept. 6—A serious forest fire outbreak has occurred in the Sudbury district of Northern Ontario. Several thousands acres of woodland have been burned over. The flames travelled within a few miles of the town of Sudbury but it is not believed that the town is in any danger.

and the next one was wooden. When the locomotive hit the heavy steel car it crushed the light wooden frame of the other to splinters.

Shortly after the wreck the Binghamton National Guard was called out to aid in taking care of the dead and injured.

Most of those killed were riding in the wooden coach, which was crushed like an egg shell. The steel construction of the end car was credited by authorities with having kept the death list from mounting even higher.

Rescue crews encountered difficulty in extricating many of the bodies, pinned under heavy timbers and wedged between steel debris.

One woman was hurled more than 50 feet from the track. She was dead when found.

HAS REFUSED TO SACRIFICE ITS REVENUE

London, Sept. 6—Unimpressed by the arguments that more Americans would visit Great Britain if the visa fee of \$10 was slashed or abolished, the British treasury again has refused to sacrifice the substantial revenue which is obtained from this source.

Repeated efforts have been made to secure a change in visa charges on Americans. Among the organizations identified with the latest futile move were the London Chamber of Commerce, the railroad companies and the Incorporated Association of Retail Distributors. It is evidently the Treasury view that the number of tourists will be limited anyway, and it will be good business to collect the \$10 from those who do visit these shores.

U. S. MINISTER AT TORONTO

Toronto, Sept. 6—Hon. W. D. Robbins, American Minister to Canada was the speaker at the directors luncheon at the Canadian National Exhibition yesterday. He extended greetings from his government and discussed his task in Canada as a very easy one. The three thousand miles of unguarded frontier separating the two nations was referred to as evidence of their peaceful relations.

A NEW DANGER SEEN IN KISSES

Chicago, Sept. —Besides all the germs which scientists have said were transmitted by kissing, cosmeticians were told of a new peril in osculation. It's hay fever.

The danger lies in some of the face powder, which women use. But the belief was expressed that stronger men would continue to ignore danger—as before.

The first display of fireworks was put on last evening, immediately following the outdoor acts and it was up to the standard of other years. The fireworks has been scheduled for Labor day night but rainy weather forced their cancellation.

FIVE FORMER COUNCILLORS WENT DOWN TO DEFEAT IN THE MUNICIPAL ELECTIONS

Exciting Contests In Ten of the Fourteen Parishes—Candidates in St. Mary's, Dumfries and New Maryland Forfeited Their Deposits—New Men Won Out In Douglas and Southampton.

The York Municipal election passed off under favorable weather conditions and a large vote was polled. There were contests in ten parishes, and rival candidates and their workers had a busy time of it right up to the close of the polls. The voting resulted in the defeat of five veteran members of the board who sought re-election. These were Coun. J. T. Christie in Bright, Couns. Charles A. Allan and J. K. Liston in Southampton, Coun. W. E. Kirk in New Maryland and Coun. Dell Pugh in Douglas. Ten members of the last council did not seek re-election. Of the fifteen men returned, Coun. J. F. Doherty in Kingsclear and Coun. Arthur Wetmore of North Lake, had previous experience at the board.

Lost Deposits

Candidates for the Municipal Council are now required to put up a deposit of \$20 when filing their nomination papers. In yesterday's contest three deposits were forfeited, the losers being Coun. W. E. Kirk in New Maryland, William Sidwell in Dumfries and Norman M. Hanson in St. Marys, and the Municipal treasury gathered in \$60 of easy money.

Some Surprises

The defeat of Coun. W. E. Kirk after 12 year of continuous service at the board, was one of the surprises of the day. His successful opponent is Clair McKnight, a son of N. H. McKnight, Coun. J. T. Christie's overthrow in Bright was another surprise. The contest in Stanley proved rather exciting and the result surprising. Coun. Judson Hinchey, the sage of the old council, did not seek re-election, but Victor Norrad and Frank Parker who reside in the northerly section of the parish, entered the race, but were swamped by the heavy vote in the southern districts.

Coun. W. T. Griffin of Cross Creek was re-elected and also Edward Malone of Stanley Village.

The urban parish of McAdam and Dumfries were the only contested parishes to return the former councillors to the board, and all had good majorities. The Councillors are elected for a term of four years.

Result of Poll

The following is the result of the poll in the different parishes:

Bright—Councillor (Dr) B. W. Robertson, 392; George S. Estey, 301; Councillor J. T. Christie, 268.

Canterbury — Councillor Everett Gould, 342; G. S. Wright, 303; Clarence Grant, 207.

Dumfries — Councillor Warren Ebbett, 155; Councillor Hiram Manuel, 116; Allen Rae, 72; William Sidwell, 52.

Douglas — Newton Dunphy, 504; B. O. Waugh, 368; Councillor Delbert Pugh, 327; Dawson Pugh, 278.

Kingsclear—John F. Dougherty, 260; Councillor Howard Cameron, 250; Charles Murray 148; W. B. Gilman 148.

McAdam—Councillor W. J. Gaynor, 332; Councillor William Stannix, 282; David Hawthorne, 216; J. D. Johnson, 164.

Southampton—Chip L. Grant 341; Bird Briggs, 305; Councillor Charles E. Allan, 261; Councillor J. K. Liston, 254.

St. Marys—Fred Young 368; Councillor James P. Barry, 365; Norman Hanson, 160.

Stanley—Edward Malone, 417; Councillor W. T. Griffin 392; J. Victor Norrad, 357; Frank Parker, 254.

New Maryland — Warden W. E. Nason, 142; Clair McKnight 126 Coun. W. E. Kirk, 48.

In the following parishes election by acclamation took place:

Manners-Sutton—Councillor Frank Coburn, Mathew Briggs.

North Lake—Arthur Wetmore, Gotty Gould.

Prince William—Councillor Frank J. Saunders, Councillor Robert Graham.
