FRIDAY, MAY 19, 1916

NOVA SCOTIA PREMIER.

The Liberal members of the Nova Scotia Legislature on Wednesday conferred an honor on their gifted leader, Hon. Geo. H. Murray, Premier of the province, when they presented him with a beautiful silver tea service. The presentation took place in the Legislative Council Chamber and was made by Hon. W. H. Goudge, president of that august body, who at one time contested a by-election against the late Hon. Joseph Howe. Hon. Mr. Goudge read an address in which he referred to Premier Murray's long and honorable public service, and called attention to the fact that he had held the premiership of the province for twenty consecutive years, a record surpassed by only one other man in British parliamentary history, the late Sir Oliver Mowatt, of Ontario. Mrs. Murray was with her husband in the Council Chamber when the presentation took place and was made the recipient of a beautiful bouquet of flowers by the Liberal whip.

The Murray government will shortly appeal to the people, and there seems to be little doubt that the man who has served the province so faithfully for twelve years. The late Hon. A. newal of public confidence. Hon. Mr. Murray became Premier of the province in June, 1896, succeeding Hon. W. S. Fielding, who had held the office for fourteen years. The late Hon. A. G. Blair retired from the Premiership of New Brunswick at the same time, and with Hon. Mr. Fielding joined the Laurier cabinet. While Nova Scotia has had but one premier since that time, New Brunswick has had no less than eight, viz., Hon. James Mitchell, Hon. H. R. Emmerson, Hon. L. J. Tweedie, Hon. Dr. Pugsley, Hon. C. W. Robinson, Hon. J. D. Hazen, Hon. J. K. Flemming and Hon. George J. Clarke, the present incumbent. The late Hon. Mr. Blair held the office continuously for thirteen years before going to Ottawa, which is the provincial record since Confederation.

In the departure of Dr. A. B. Atherton to California to take up his residence, Fredericton loses a most excellent citizen and the province of New Brunswick one of its most skillful physicians and surgeons. Dr. Atherton has practiced his profession here for many years with a great degree of success, and his name is a household word throughout Central New Brunswick. Although he carries his years lightly, he is no longer a young man; he has had a busy professional career and feels that the time has come when he is entitled to a rest. He probably feels also that he while he would like to remain in this city, where he has so many friends and admirers, there would be no rest for him—he would have to remain in harness until the end. California, with its genial climate and orange groves will be his future home. He carries with him the best wishes of all classes of citizens, and all will sincerely hope that he will be spared for many years to enjoy the ease and comfort which he has so well earned.

In view of the sensational despatches under scare headlines concerning Mr. Carvell, M.P., which have been appearing in the graft newspapers of late, the following taken from a report of the proceedings of the Royal Commission at Ottawa is most interesting:

"The mention by Mr. Yoakum of the legal firm of House, Grossman and Voohaus, who drew up the suggested agreement between Allison, Yoakum and Lignanti, caused Mr. Carvell to observe that this was the firm hinted at in a local paper as possible 'hyphens' with whom he was alleged to have been consorting. According to Yoakum, they are the lawyers for Lignanti, the partner of Col. Allison in the commission arrangement."

An Ottawa despatch states that it is Mr. Carvell's intention to start proceedings for libel against the newspapers which have been slandering him.

St. John Times: Mr. E. S. Carter made some further observations yesterday concerning that \$500 election note and the hold-up of the liquor dealers which ought to make members of the Government sit up and take notice. Was public money used to pay an election note in Fredericton? Was the \$6,000 dragged from the liquor dealers and the \$2,000 which they refused to give up intended to corrupt members of the Legislature? What is the explanation of the refund of about \$4,000 from B. Frank Smith on potato account and the admission that a total refund of \$10,000 was expected?

Amherst Guardian: Mr. A. E. Frapp, the Conservative Nationalist M. P. for Ottawa, is reported in press despatches as having declared at a party gathering in the capital the other evening that "a roll of the men from this country who have enlisted would show a large majority of Conservatives." Mr. Frapp should have said that a roll of the men who have been made officers would show a large majority of Conservatives and then he would have been within the truth and would have emphasized the mean partizanship which has been shown by the Government. As it is, he was guilty of despicable smallness and touched the depths of political indecency; both worthy of him as one of the narrowest and least useful men in the Commons.

ON THE SIDE.

Placing a college on a hill ought to have a tendency to produce high brows.

We can excuse a man for being crusty if he is known to have the dough.

Every woman is a prima donna when it comes to putting the baby to sleep.

From a mother's point of view it is always the sins of the father that are visited on the children.

Will we have to stand for that old one about "busting" the cannon and pledging a new one?

Official statement: "During the night there was an exceedingly heavy bombardment from Bone Head Hill. All was quiet on the rest of the front."

We will wager that when the baby at your house cries its father involuntarily looks at its mother to see if she heard it.

We will wager that when the baby at your house cries its father involuntarily looks at its mother to see if she heard it.

Local picture fans are just now beginning to realize that Charlie Chaplin is getting that \$660,000 for keeping out of the films.

This is the foolish time of year, when even an ardent suffragette would rather hear what you think about the color of her eyes or her new spring hat than what you think about the political situation.

USUAL POST-ENCOENIAL EXERCISES LAST NIGHT

The usual post-encoelial exercises took place at the University of New Brunswick last night. About one hundred couples attended the dance in the gymnasium. There was a program of fifteen dances, which proved very enjoyable. McKnight's orchestra furnished music.

At about midnight the regular exercises of the Class of 1916 and the undergraduates began. A huge bonfire was lighted and the new graduates repaired to the hill back of the college, where the new cannon secured by the class, was fired the required number of times. The final shot was put off near the Arts Building and shook everything but did not burst the cannon, which was handed over to the next class. The cannon was brought here from St. John.

Only Four Jurors In Murder Case

Waukegan, Ill., May 19.—The jury to try W. H. Orpet, the university student, for the murder of his former sweetheart, Marion Lambert, was further from completion when the court opened today than it was yesterday. The trial opened with four jurors passed tentatively.

Mr. Earle L. Hovey of Boiestown, is at the Queen.

THIN-BLOODED PEOPLE

Often Become Seriously ill Before They Realize It.

Some people have a tendency to become thin-blooded just as others have an inherited tendency to rheumatism or nervous disorders. The condition in which the blood becomes so thin that the whole body suffers comes on so gradually that anyone with a natural disposition in that direction should watch the symptoms carefully. Bloodlessness can be corrected more easily in the earlier stages than later. It begins with a tired feeling that rest does not overcome, the complexion becomes pale, slight exertion produces breathlessness and headaches and backaches frequently follow. In the treatment of troubles due to thin blood no other medicine has had such a great success as Dr. Williams' Pink Pills. They go right to the root of the trouble, make rich, red blood, thus restoring the weakened system to health and strength. Mr. R. F. Ashford, Peterboro, Ont., says: "Four years ago my condition became so serious that it seemed to me I possessed every pain and ache and every morbid feeling possible. For months I had been overworked, and bereavement added the last straw necessary to break down my constitution. I had a severe ever-present headache and pains in the back of the eyes, and at the same time I was seldom free from severe neuralgic pains. I was rarely hungry, and when I was it seemed to create a morbidness which made my other ills harder to bear. Of course I consulted a doctor and he told me a rest and change of air, just the thing I was unable in the circumstances to take. I had a particularly bad spell on the day my daughter returned from college, and she insisted that I should take Dr. Williams' Pink Pills. I was decidedly skeptical, but she got some and to please her I took them. The result—after the first box I was compelled to admit that I really did feel better. After the second box I ungrudgingly admitted that they were doing me good, and after the sixth box I felt free from every ache and pain and in gratitude I began to praise the pills to others. I am feeling as fit as I did twenty years ago and I owe it to Dr. Williams' Pink Pills."

You can get these pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams Medicine Co., Brockville, Ont.

CHAPLAIN BULLOCK TO HAVE A COMMAND

To Raise Battalion of American Legion in Quebec and Maritime Provinces.

Toronto, May 19.—Major Chaplain C. Seymour Bullock, of the 97th Battalion (American Legion) has been appointed to command a new battalion to be raised among men from the United States now residing in Quebec and the Maritime Provinces.

The unit will be known as the 237th Battalion, with headquarters at Halifax, and is to be one of four battalions to be raised to form a second brigade of the American Legion.

The chaplain will then rank as Lieutenant Colonel. He leaves for his new command Monday, May 22. Major Bullock has been acting as chief recruiting officer for the American Legion and has established battalions in Toronto, Vancouver and Winnipeg.

Non Alcoholic Beer Popular

London, May 19.—The Daily Mail says that the non-alcoholic beer recently approved by the government has been put on sale in several London saloons, and has met with an astonishing demand during the hours that alcoholic drinks are permitted.

One saloon drew forty gallons of the new beer before 11 o'clock this morning. Today was a hot day.

The trouble is, the Daily Mail adds, that the beer won't keep and the supply must be made fresh daily.

STOLEN BICYCLE LOCATED.

A bicycle stolen some time ago from Michael Geogheff, was found by the police in Waterloo Row last evening.

BACK FROM ENGLAND.

Lieut. Fitton, formerly of Barker's Point, is expected to arrive here tonight. He left here with the first draft from the 71st York Regt. as quartermaster sergeant. He was given a commission in England. Lieut. Fitton came to Canada in charge of returned men.

POLICE COURT.

A member of the 140th Battalion and an intending recruit for the 58th Howitzer Battery, who came from Cape Breton, appeared in the police court this morning on the charge of drunkenness. The local man was fined five dollars and the other was remanded until tomorrow.
