"With malice towards none, with charity for all, with firmness in the right as God gives us to see the right, let us finish the work we are in, to bind up the nation's wounds, to care for him who shall have borne the battle, and for his widow and his orphans, to do all which may achieve and cherish a just and a lasting peace among ourselves and with all nations."—Abraham Lincoln.

MR. FALLIS, HORSE DEALER.

Up in the county of Peel, Ontario, Mr. J. R. Fallis, the Conservative politician who reaped a profit of several thousand dollars on war horse transactions with the Federal Government, is fighting for his political existence. The by-election to fill the vacancy caused by his forced resignation takes place on Thursday, and while with the support of the Conservative machine Fallis may be returned, it looks as if his majority would be greatly reduced. The Liberals are opposing Fallis on the ground that he has been weighed in the balance as a public man and has been found wanting. Had any other man but Fallis been put forward as the party standard bearer he would have been allowed an election unopposed. Fallis has the active support of Mr. Richard Blain, Conservative member for the riding who has thrown himself into the fight, and is addressing meetings nightly. A defeat for Fallis would undoubtedly be a serious loss of prestige for Mr. Blain, and he, realizing this, has made the fight his own.

That Mr. Fallis is not having things all his own way is shown by the following extract from a newspaper report of one of his meetings a few days ago:

The argument has been used against Mr. Fallis that he took no risk, and last night he essayed to square himself on this point. A number of horses, he said, had been left on his hands, and he stated that one day a telegram was received from Ottawa telling the buyers to cease purchasing. "Fortunately for us we sold seventy-six horses in the town of Brampton that day, and if the order had come the day before there would have been seventy-six horses we could not have sold."

A voice—Why did you go into the enemy's camp to get a partner?
Mr. Fallis—That was unfortunate. (Laughter).

Mr. Thomas Blake—All the horses purchased prior to your appointment as a Government agent were passed by the Government inspectors before you bought them?

Mr. Fallis—Some were, and some were not.

Mr. Blake—How many were?
Mr. Fallis then launched on a long story of his transactions with Mr. Kee, but did not answer the question.

Mr. Blake—The number of horses which you purchased prior to your appointment from the Dominion Government was 363. If you can, I would like you to answer the question without going too much into general detail. How many out of those 363 horses were passed by the Government inspectors before you bought them?

Mr. Fallis—You do not understand the question.

Mr. Blake—Make no mistake; I understand it.

Peel will be the first county in Canada to pronounce an opinion on the war scandals. Should Fallis, with his boodling record, be returned to the Legislature, it will pave the way for the early return to Parliament of De Witt Foster and W. F. Garland, who were caught with the goods on them last year and compelled to resign. It will also be a bright ray of hope to our old friend, Mr. J. Kidd Flemming, now sojourning in the political bone-heap.

Col. J. A. Currie, Conservative M. P., one of the heroes of St. Julien, delivered an eloquent speech in Parliament. He commended the lofty patriotism of Sir Wilfrid Laurier and made an eloquent appeal for the abandonment of race and creed prejudice. As the result of his war experience Col. Currie sees many things in a different light now than he did eighteen months ago. His case is not an isolated one by any means. Recently another Conservative M. P. now in khaki is said to have written to a friend in New Brunswick to the effect that he was "all done talking Conservative politics."

Vancouver News-Advertiser: William of Wied, the Teutonic King of Albania, whom the Albanians invited to live elsewhere, has taken up arms in support of his kinsmen. It is reported that he is at the head of 10,000 Albanians. A native pasha, at the head of a larger body of Albanians, has no use for William of Wied or for Germany, and is ready to fight on the other side. The artificial kingdom of

Albania was created by Austrian intrigue, so far as it has been created, and is now much divided against itself.

Winnipeg Tribune: The Provincial Treasurer, Mr. Brown, voiced the innermost feelings of our citizens when he said that we, as a province, "are ready to pledge our resources to the limit for the defence of the Empire. Every blade of grass, every bushel of grain, every acre of land, every stick of timber, and the cattle that roam these prairies shall, if necessary, be pledged to maintain the liberties which our forefathers purchased at such a great cost."

Toronto Star: Six daily newspapers in Canada have adopted the policy of excluding from their columns advertisements for the sale of liquors. They are the Toronto Star, the Toronto Globe, the Ottawa Citizen, the Winnipeg Tribune, the Calgary Albertan and the Vancouver World. (All Liberal and independent papers, it may be noted.)

The address in reply to the speech from the throne at the opening of the Legislature will be moved by Dr. Price of Moncton, a gentleman with a well-developed bump of self-esteem, and seconded by Mr. Witzell, of Gloucester.

The next Royal Commissioner the Local Government appoints should be engaged on a yearly salary.

Hopkinsville, Ky., has won the name of "leap year town" by giving prizes to the bride who made affidavit that she did the proposing. It would have swamped the treasury if the whole truth were known.

The grafter newspapers evidently regard it as a sure sign of loyalty and patriotism towards Canada when a German-born citizen, on securing a good government position, hustles to get naturalized.

Avoid Harsh Pills! Doctors Condemn Them

Most Pills unfortunately are harsh and drastic; they cause inflammation and great discomfort. Rather like nature is the way a pill should act, mildly but effectively. Science has established nothing more satisfactory as a family pill than the old reliable pills of Dr. Hamilton's, which for forty years have had a premier place in America. Dr. Hamilton's Pills are very mild and can be effectively used by the aged, by children, and indeed by men and women of all ages. No stomach or bowel medicine is more reliable. No remedy for indigestion, headache or biliousness is so effective so mild, so certain to quickly cure as a 25c. box of Dr. Hamilton's Pills.

ACTRESS SAYS SHE WILL NOT WED LEONARD

Cincinnati, Feb. 21—That Elbert (Dutch) Leonard, Boston American Red Sox star portside, will not lead her to the altar in Philadelphia on Feb. 28 and that she is not engaged and has no intentions of being married at this time, was the declaration made today by Miss Lucille Cavannaugh, the St. Louis actress and musical comedy star.

"There is no foundation for the story," she said.

Judge Gilmour of Oromocto, was in the city today.

GinPills FOR THE KIDNEYS

Why They're Bought

"I can certainly say the Gin Pills have done a lot of good for me."

Some four years ago I could not walk up stairs, my feet and ankles were so swollen, but I took three boxes of Gin Pills and the trouble has never returned. My mother, 82 years of age, is taking them and feels fine.

TO RAISE BATTALION OF WOODSMEN

Ottawa, Feb. 22—A Canadian foresting battalion has been asked for by the war office and steps have been immediately taken by Major General Sir Sam Hughes to form it. It will be in command of Lieut. Col. Alexander McDouglass of Ottawa, the well known railway contractor. The majors of the battalions will probably be Gerald White, M.P. for North Renfrew, and B. H. Hepburn, M.P. for Prince Edward. Canadian woodsmen are wanted at once in Great Britain for timbering operations in connection with war requirements.

Lumber is now at an almost prohibitive price in the Motherland, and ocean rates on lumber from this side are so high as to practically stop export from here. In Great Britain, there are still large resources of standing timber which can be cut down and utilized for building operations, trench construction work, etc. The men from Canada know the business and will get to work within a month or so on the job.

It is proposed to raise companies of experienced woodsmen from British Columbia, from Alberta and Northern Saskatchewan, from the Ottawa Valley and from Quebec and New Brunswick. A number of prominent lumbermen and contractors have agreed to co-operate in the recruiting of the new battalion.

McCain COMPANY TO START PRESSING HAY

Woodstock, N.B., Feb. 22—Preparations are being made to start the hay press here, owned by the McCain Produce Company. It is understood that a company composed of parties have secured a contract from the dominion government for early delivery of three thousand tons of hay.

In view of B. F. Smith's statement that he had control of all government hay contracts in New Brunswick, the advent of the new company is causing some speculation in certain political circles. It is known that the contract was secured without Smith's knowledge. He had intimated that he had absolute control of all hay contracts and "no other parties need apply."

C. L. S. Raymond, one of the town's oldest and most highly respected citizens, was seized with sudden illness last evening and is now in a serious condition.

The Death List Numbers Ten

(Canadian Press.)
New Haven, Conn., Feb. 23—The death list of the rear-end collision of two passenger trains at Milford yesterday stands at ten. Frank Schappa, of this city, who was scalded, died early today. Hospital reports are to the effect that while a large number of the injured had a distressing night, no deaths seem impending.

PRESIDENT OF BANK OF TORONTO DEAD

Toronto, Feb. 22—On Saturday afternoon death came to one of Canada's most prominent citizens in the person of Mr. Duncan Coulson, president of the Bank of Toronto. Mr. Coulson was in his seventy-eighth year and was born in Toronto.
