# Bulgarian Troops Have Invaded Greek Territory

# The News Has Created Great Excitement in Athens Popular Indignation is at a High Pitch---Plain Talk From Ex-Premier Venizelos.

PARIS, May 29.—A news despatch from Athens says that grave trouble has broken out there, following the news of the invasion of Macedonia by the Bulgarians.

Bulgarian troops crossed the Greek frontier on May 26, and occupied the Greek forts of Rupel, Dragotin and Spatov. The Greek troops which had garrisoned these forts withdrew on the advance of the Bulgarians, who claimed permission from the Athens government for their act.

The Bulgarians were said to have been led by German officers, who explained to the commanders of the Greek forts that the Central Powers were merely being accorded the same privilege that had been given the Allies in permitting them to occupy Saloniki.

It was reported from Athens yesterday that feeling was running very high in the capital over the Bulgarian invasion. The Herald, the organ of M. Venizelos, appeared yesterday with a black border, and contained a fiery article from the pen of the former premier.

ATHENS, May 28, via London.—"Who ever dreamed to see the Bulgarian flag supplant the Greek flag in Macedonia? Just for this we have maintained mobilization at the cost of the economic ruin of the country.

M. Venizelos, the former Premier, thus writes in Herland, the Venizelist organ. Feeling runs high over the Bulgarian invasion of Greece. The Herland appeared with a black border, as a token of national mourning.

SALONIKI, via Paris, May 29.—As an outgrowth of the popular indignation resulting from the violation of Greek territory, a big meeting has been called here for tonight, to protest! against the action of the German and Bulgarian troops.

# Two German Attacks on French Line Near Verdun Resulted in Failure

PARIS, May 29-Two attacks were made by German troops advancing last night from Corbeaux wood, on the Verdun front. The French War Office report of today says these assaults resulted in failure. # Resolute Attitude Maintained by Italians Is Having Its Effect--- Alpine Soldiers Are Performing Wonders---Important Developments Expected Soon.

ROME, May 28 (via Paris, May 29) .- The Austrian offensive is losing the vehemence of the first days, when, with overwhelming force, they took by surprise one of the narrowest points on the Italian front.

The present relaxation is due to the resolute attitude of the Italian troops, who the moment they were withdrawn to a strong line of defence, opposed an admirable resistance for which the enemy was unprepared. The Austrians succeeded in advancing on the right bank of the Adige, north of the village of Ala, where they are doing their utmost to evict the Italians rom the left bank of the river.

They are making a special effort at the Buole Pass, the possession of which, commanding as it does the entrance to the Lagarina Valley, would help their operations in the neighboring Arsa Valley.

### ITALIAN RESISTANCE TO THE AUSTRIANS IS STEADILY AUGMENTING IN POWER

The fight on the high Asiago plateau has been going on for four days, with alternate vicissitudes, the Italian resistance augmenting daily in power. In the Sugaha Valley the struggle continues on both sides of the Brenta river. The Austrians have obtained no genuine success on the right bank of the river, while on the left they have been repulsed near Strigno, a few miles east of Borgo, the largest town in the Sugana Valley. Borgo has been heavily bombarded by artillery fire.

The Alpine soldiers of Italy have performed wonders. It is chiefly due to them that the Italians have been able to maintain their resistance on the chosen line of defence, pending reinforcements, which have now arrived.

## AUSTRIAN COMMANDER IS REPORTED TO BE RUSHING UP IMPORTANT RESERVES

GENEVA, via Paris, May 29.—Important developments are expected this week along the Italian front, according to information received here from the Austro-Italian war zone.

In addition to the concentration by the Austro-Hungarians of more than two thousand guns between Adige and Asiago, the This was the first practical meeting Austrian commander-in-chief is reported to be rushing up important reserves. The Italians claim to have driven back the Austrians after forty-eight hours of continual fighting on Monte Nero, though they admit they gave some ground in the Sugana Valley, where the Austrians were in overwhelming numbers, and where the fighting continues fiercely.

Italian aviators, the advices say, caused the explosion of six hundred tons of munitions northeast of Borgo, killing a great many Hungarian soldiers. The aviators were also said to have testroped several 11 inch guns in that region.

## COMMANDER OF THE AMERICAN LEGION REPLIES TO YARN OF A NEW YORK PAPER

TORONTO, May 29 .- Lieut. Col. B. J. McCormick, commanding the 214th Battalion, American Legion, gives an emphatic denial to the story published in a New York paper last week that every man in the American Legion carries with him a small American flag to fix on his bayonet when going into a charge at the front. The paper gave as its authority an officer of the Legion, who never made such a ridiculous statement, and who has demanded a retraction by the newspaper.

'The story is so utterly absurd,' says Colonel McCormick. that one can hardly believe that sensible people would credit for a moment. We are Americans, fighting under the British flag in Canadian uniforms, to uphold those principles of liberty, humanity and international justice which are so dear to all Americans. Such a cause is a guarantee that we have more respect for our own flag than to put it to a use which could not
