WEDNESDAY, JULY 26, 1916

But under the circumstances I determined that the Government was right, and I determined to place at its disposal whatever influence I had with my fellow-countrymen. I have loyally supported all the war measures of the Government, have appealed to all classes of my fellow-citizens to rise to the occasion and do their share, not only in contributing money, but in the ranks by doing battle for the great cause. And I am here today for the same purpose and object, to appeal to my fellow-countrymen of all origins to do their duty, and ask all who can go to take their places amongst those who are contending for the cause of civilization on the fields of France and Flanders.—Sir Wilfrid Laurier at Brome.

KINGS IN LINE.

The Opposition forces in the county of Kings, at a rousing convention at Hampton yesterday, nominated as candidates for the Legislature, Dr. G. N. Pearson, of Sussex, Mr. E. S. Carter, of Fair Vale, and Mr. Fred E. Sharpe, of Midland. The ticket is an exceptionally strong one, and is certain to rout the candidates of the moribund Clarke-Baxter government at the next election. Dr. Pearson is a popular physician of Sussex, who is well versed in provincial affairs. Mr. Sharpe has long been recognized as one of the most progressive agriculturists in the province. He is a forceful speaker, and will be a source of strength to the Opposition in other counties. Mr. Carter is too well known to readers of the Mail to need any introduction. As Opposition organizer he has done splendid work in exposing the iniquities of the government, and the Opposition owes him a debt which can never be repaid. The news of his acceptance of a nomination in his native county of Kings will be well received by the party throughout the province.

SIR WILFRID DOING HIS BIT.

The Tory press of Ontario for the past six weeks has been making an attempt to prove that the Right Hon. Sir Wilfrid Laurier has done little or nothing to stimulate recruiting in the Province of Quebec. None know better than these editors that in spite of Sir Wilfrid's advanced years he has used his powerful eloquence to promote recruiting among his fellow-countrymen. Attention is directed by the Liberal Monthly to the speeches delivered by the Right Hon. Sir Wilfrid Laurier since war was declared in August, 1914:

At Toronto, Sept. 10, 1914—Canadian Patriotic Fund.

At Toronto, Sept. 12, 1914—Canada and the War.

At Ottawa, Sept. 23, 1914—Canada and the War.

At Ottawa, Sept. 28, 1914—Canadian Patriotic Fund.

At Sohmer Park, Montreal, Oct. 15, 1914—Recruiting meeting.

At Montreal Reform Club, Dec. 13, 1914, Canada and the War.

At Toronto, May 21, 1915—Liberal Club Federation.

At Ottawa, July 16, 1915—Recruiting meeting.

At St. Lin, Que., Aug. 7, 1915—Canada and the War.

At Sherbrooke, Que., Aug. 12, 1915—Two mass meetings for recruiting.

At Napanee, Ont., Sept. 2, 1915—Recruiting meeting.

At Monument National, Montreal, Dec. 9, 1915—Patriotic meeting.

At Monument National, Montreal, June 3, 1916—Recruiting meeting.

At Brome, Que., July 1, 1916—Red Cross rally.

The new war credit of two and a half billion dollars, moved by Mr. Asquith in the House of Commons on Tuesday, will bring Great Britain's war vote up to the total of fourteen billion dollars. These figures look big, but it must not be forgotten that Great Britain is also financing her allies.

Toronto Star: Nothing could be more timely than the discussion of the welfare of the workers of Canada, who comprise the bulk of the soldiers of Canada. No more cheering message could be sent to the men at the front than the news that a real, earnest effort is being made to protect workers from the misery which may come with unemployment, sickness, or old age—that the country they are fighting for is to be made a better country for them, the home more comfortable, livelihood more secure.

The local graft organ, which has been on strike for some weeks, is once more developing an interest in provincial politics. It has made the discovery that the Opposition is no better off than it was prior to the local election of 1912. The graft organ has evidently forgotten already all about the by-election in Westmorland and the advice which it handed out at that time to the "do nothing government."

The graft newspapers, when they dilate on alleged sins of the "old government," seem to overlook the fact that Premier Clarke was a quick-and-thin supporter of the old administration for the long period of fifteen years. He was called off by the Moncton convention in 1898.

At last accounts Hon. P. G. Mahoney, ex-M. P., the rejected of Westmorland, was still administering the Public Works Department. It looks as if he would hold the job until Governor Wood's term expire in March next.

ON THE SIDE.

The 236th are ready for recruits. "Scots wha hae."

And if Scots don't "wha hae" will Erin go bragh?

Are the recruits fairly panting for the kill?

The Deutschland will soon have another sinking spell.

Here, don't shove us off our block of ice!

Some men are born bone-headed, and others think they can beat a slot machine.

It's when the buttons give way that we begin to think there might be something in favor of the kilt.

Theories may be all right, but how about when you try to start the spark of your auto?

What are angels? Those few rare women in the world who never tell you they haven't anything to wear.

It's an unenterprising coast town that cannot sight a man-eating shark or an incoming German submarine.

True heroism is going right in the front way at night without caring how much she hears you fumbling for the keyhole.

Perhaps we ought to "nip hay fever in the bud," but it never buds; it always comes full blown and ready for business.

It is the women that keep the church going. Perhaps that is why the devil in most religious systems is represented as a made.

When a man gets to the place where he wants to lead a better life, his friends all think he has the grip coming on, or something like that.

TO TRIFLE WITH CATARRH IS TO RISK CONSUMPTION

Usually it comes with a cold. Being slight, it is neglected—but the seed is sown for a dangerous harvest, perhaps consumption. To cure it once, inhale Catarrhoxone. It destroys the germs of Catarrh, clears away mucous, cleanses the passage of the nose and throat. The hacking cough and sneezing cold soon disappear and health is yours again. Nothing known for colds, catarrh and throat trouble that is so curative as Catarrhoxone. It cures by a new method that never yet failed. The one dollar outfit includes the inhaler and is guaranteed to cure. Smaller sizes, 25c. and 50c., sold everywhere.

SAYS ALLIES' ATTACK WAS A FAILURE

Berlin, July 25, via London.—The English and French combined attack made yesterday north of the river Somme, in France, says the official statement issued today by the German headquarters, broke down.

MAUGERVILLE.

Maugerville, N. B., July 25.—Mr. G. A. Perley, M. L. A., who has been ill, slowly improving in health.

Nelson, the infant son of Mr. and Mrs. Oswald Sewell, while playing, broke his right leg above the knee.

Miss Gertrude Killeen has returned home after a short visit in Fredericton.

Mrs. Hoyt, Kingsclear, was the guest of her mother, Mrs. Brown last week. Mrs. Craswell and daughter Florence spent a few days at her former home here.

PERSONAL.

Lieut. and Mrs. E. H. Turnbull were at the Halifax Hotel, Halifax, on Sunday.

Woodstock Press: Mrs. J. H. Thompson and Misses Ruth and Alice Thompson were in Fredericton a few days last week, visiting friends.

SHAMEFUL TREATMENT OF BRITISH PRISONERS

Dr. Taylor Submits a Report Through The American Ambassador on German Prison Camp.

London, July 24.—A dark picture of the treatment of British prisoners at the Ruhleben Camp, Germany, where civilians are interned, is given in a report by Dr. Alfonso E. Taylor, attaché of the Embassy at Berlin.

The report reached Viscount Grey, the British Foreign Secretary, from Jas. Gerard, American Ambassador to Germany, through Walter Hines Page, the American ambassador to Great Britain.

"The barracks at Ruhleben," says Dr. Taylor, are overcrowded. It is intolerable that people of education should be herded six together in horse stalls and in some lofts. The bunks touch one another, the light for reading is bad, and reading is a necessity if these poor prisoners are to be detained during another winter. In the hay lofts above the stables the conditions are even worse."

Dr. Taylor cites as an example one lost 10x13 metres in width, with the ceiling ten feet high in the middle and 4½ feet high at the sides, where 64 men live.

The light from the little window," says Dr. Taylor, "is so faint that the prisoners' eyes will be seriously injured, if their sight is not permanently lost. And this semi-darkness will undoubtedly cause depression and mental trouble."

ROSS RIFLE PLANT WILL BE CHANGED

The Company Plant to go Ahead and Manufacture a Service Rifle.

Ottawa, July 26.—The Ross Rifle Co. is negotiating with the government for an amended contract looking to the manufacture of the field rifle now that the Ross type of arms has been abandoned as the Canadian service rifle.

Sir Charles Ross and Wallace Nesbitt, K. C., counsel for the company, have been in Ottawa in connection with the matter.

The plant at Quebec will have to undergo extensive reinstallation to adapt it to making the new rifle, but this can be done. An arrangement has yet to be concluded finally, but the company plans to go ahead and manufacture the arm, which replaces the one abandoned by the British authorities as unsuitable to service conditions.

What to do with the thousands of Ross rifles which have been discarded is still an open question, apart from using them in the training of troops in the camps at home.

IRISH MEMBERS FORCE A DIVISION

Deadlock Over Home Rule Question Causes a Revolt in the House Of Commons.

London, July 26.—The symptom of the expected Irish revolt in the House of Commons, as a consequence of the deadlock over the Lloyd George negotiations, broke out in the House last night, on the report stage of a series of votes on supply bills.

In the ordinary course this would have been a purely formal procedure. The House was nearly empty and a handful of Nationalists twice seized the opportunity to attempt to discuss in a general manner the rule in Ireland. When they were declared out of order by the Speaker, they twice demanded a division, forcing the government to summon members from the lobbies for a vote.

STEAMER ASHORE ON NOVA SCOTIA COAST

Halifax, July 25.—The steamer Aepin went ashore yesterday at St. Marys Bay, Nfld. She was badly damaged and headed for Trespey.

More people would try to reform if it didn't seem to make those who had succeeded so sad.

You may have a way of your own, but you will not always have your own way.
