

ENGLAND, AUSTRALIA, FRANCE AND UNITED STATES IN THE SEMI- FINALS OF WOMEN'S TENNIS

Wimbledon, En., July 3—The women's division of the Wimbledon tennis championships assumed a true international flavor today as the champions of the world's four reatest tennis nations attained the singles semi-finals. Two of them against vastly favored opponents while Helen Hull Jacobs, United States champion, and Dorothy Round, English standard-bearer, sailed in as expected.

The American forces suffered keen disappointment when Sarah Palfrey of Boston, was given a beating by Mrs. Mathieu, the stoop-shouldered French matron, mother of three children, 6-3, 6-3, 6-2. Miss Jacobs playing superbly, toyed with Cilli Aussem, German girl, who won the women's title here in 1931, winning 6-0, 6-2.

Miss Round, who defeated Mlle. Lolette Payot, of Switzerland, 6-4, 6-2, today was favored to take over Mme. Mathieu Thursday and thus renew in the final round her old feud with Miss

Jacobs. In their six major meetings, Helen has won the last four in a row. To a majority of Wimbledon fans today's program was only a breathing spell before tomorrow's big storm of men's singles semi-finals. The centre court sets have been sold out and it is expected a long line will be waiting to take up the standing room when the gates open for the duels of the Australian, Jack Crawford, and Fred Perry, of England, against Frank Shields and Sidney Wood, of the United States, respectively.

Crawford, who had been reported a sick man with a sore throat and temperature of 100, showed up at the courts in mid-afternoon looking fairly fit.

The betting commissioners would offer no better than even money that Perry, ace of Britains' Davis Cup champions, would beat Wood, No. 1 man of the American squad. Wood's dazzling all-round play through the past week has made a big impression on the tennis faithful.

ALLISON TO TEAM WITH LOTT IN DOUBLES

Davis Cup Committee Think This Pair Will Save U. S. Hopes in the Matches at Wimbledon

Haverford, Pennsylvania, July 3—Walter Merrill Hall, president of the United States Lawn Tennis Association, announced this afternoon that Wilmer Allison of Texas, second ranking player of the United States and former national and Davis Cup doubles champion, would sail for England July 7 to join the American Davis Cup team.

The decision of Allison to take up the Davis Cup was again in the effort to bring the cup back to this country was made earlier today, following a secret conference with Hall, Holcombe Ward, Lawrence A. Baker, Bernon S. Prentice and Julian S. Myrick, members of the Davis Cup committee.

Last week R. Norris Williams 2d, non-playing captain of the team, cabled to the cup committee asking that either Allison or John Van Ryn be sent overseas to pair with George M. Lott, Jr., in the Davis Cup doubles. It is possible that Allison may play in the singles as well as the doubles, depending upon circumstances, but there was no official statement in that respect. Both Hall and Prentice, team captain last year, declared that with Allison in the line-up they considered America's chances better than even.

ALL-STAR GAME AT NEW YORK ON JULY 10

New York, N. Y., July 3—New York baseball fans who are hoping for a five cent o'wld Series this fall will get a sample of what such a classic would be like when four Yankees and three Giants line up on opposing forces in the all-star, inter-league game at the Polo Grounds on Tuesday July 10.

In all probability they will witness the first clash between the found aces of the local rivals, Lefty Gomez and Carl Hubbell. Joe Croman, manager of the American Leaguers is almost certain to start the Castilian fire ball king, and Bill Terry is expected to use his screwball star, for the first three innings.

Bill Dickey, Yankee receiver, is also labelled as a starter on the junior league nine, while further comparisons will be possible in the first base duel between Lou Gehrig and Bill Terry, and the slugging of the two great outfielders, the one and only Babe Ruth and Mel Ott, still a comparative youngster, despite his ten years in the game.

One should be careful to distinguish between his appetite and his greediness.

3-YEAR-OLDS SHOW UP GOOD AT CLEVELAND

(By Gurney C. Gue)
If the distinguished editor was right when he said that if a man bites a dog it is bigger news than if the dog bites the man, it would seem as if the defeat of a quartet of Hambletonian Stake candidates, including one of the favorites, by a back-country colt in record time for the first important race of the season among three year old trotters might have claim for consideration as the leading feature of the opening day of Cleveland's Grand Circuit meeting.

Yet the reporter of The Associated Press apparently thought it amounted to little by comparison with the duriours spectacle of a group of pacers racing with their legs tied together while their drivers lambasted them with whips in a crude but frantic effort to be first under the wire. It was just one more straw to indicate the approaching apotheosis of a type of harness horse and harness racing that would not have been permitted on the old Glenville track when Colonel William Edwards and his associates were in control of trotting in Cleveland.

Senator Mimic, the colt that won the Fasig Stake in 2:03 1-2, with Ella Brewer, 2:08 1-4; Mame McElwyn, 2:08 3-4; Princess Peg, 2:05, and Allen Mack among those behind him is the fastest June three year old on record, so far as I can discover. He was developed on Ohio half mile tracks, where he won his last 5 races as a two year old, taking a record of 2:11 1-2 at Coshocton, Horace Greeley Winnings, of Indianapolis, bred the speedy youngster.

A word to the sensitive is more than sufficient.

JOE IS STILL ANXIOUS TO GET BACK INTO GAME

Montgomery, Alabama, July 3—Directors of the Dixie League will meet here this week to decide whether "hoeless Joe" Jackson outlawed from organized baseball for participation in the World Series scandal of 1919, will be permitted to play in the Dixie League.

Although Stuart X. Stephenson, league president, announced yesterday that Jackson would not be permitted to play, the directors' meeting was called later after Eufaula, which signed Jackson, and Abbeville threatened to withdraw unless Jackson was allowed to play.

Meanwhile, club owners of the Southern Association declared they would withdraw all players under contract now playing in the Dixie League if Jackson was permitted to play.

Eufaula signed Jackson as manager for the second half of the season which opens this week.

CHORUS GIRLS WERE DRENCHED

London, July 3—Chorus girls of the "Happy Week-End" musical comedy were rehearsing a new, torrid dance routine at the Duke of York's theater today when an automatic sprinkler system move rthe stage, geared to function when the temperature reached an agreed level, precipitated light tons of water on them.

Women are said to be poor explorers only because they began exploring years before the men had discovered everything.

ONTARIO P. R. WINNERS IN SHOOT MEET

Montreal, Quebec, July 3—The Open Dominion Championship Match in the Dominion Marksmen Revolver Competition, competed for by R. C. M. P. Civic and Provincial Police, was won by the C. P. R. Ontario team with a score of 1435 points out of a possible 1500. The R. C. M. P. "J" Division, Fredericton, N. B., winners of their division, scored 1346 points in the final match.

The highest individual score was obtained by J. H. B. MacDonald of the winning team with 296 points of a possible 300. W. E. Tingman, Captain of the team, scored 287. Prendergast, 287, A. E. O'Brien, 286 and P. Hicks, 279.

THE NUMBER OF JOBLESS HAS BEEN REDUCED

Ottawa, June 28—A substantial expansion in industrial activity at the beginning of June resulted in the greatest increase in employment that has been reported in any month since the beginning of June, 1930, says a report issued today by the Dominion Bureau of Statistics. It further added that the payroll of employers reporting to the bureau had increased from \$856,548 on May 1 to \$99,286 on June 1 or by 42,738 persons.

This gain of five percent in the month was considerably greater than that reported on the same date in 1933, and was more than twice as great as the increase reported either 1932 or 1931, said Hon. H. H. Mr. Stevens.

YORK COUNTY COUNCIL AWAY TO GOOD START

(Continued from page three)
A Fine County

By way of final remarks let me add that your county is one of the finest in the province, that it is most happily situated in the vicinity of the capital city, Fredericton, and that it is abundantly supplied by Nature with the wealth of mines, forests, rivers, fishing, and farm produce. With a large element of the old Loyalist stock and with a high average of intelligent ambitious settlers upon the lands, and with the naturally happy location of the County, the opportunities for the future should be especially happy. I pray that God's blessing may rest upon you as a Council, and upon those you represent, to bring to you abundant prosperity both in the more definitely material welfare for which you stand responsible, and in the more definitely spiritual values that are the essence of abiding happiness and true prosperity.

A kindly smile is better liked than an ingratiating gone.

A boy learns after long practice to wash his hands clean, but his wrists may remain dubious.

Stevens, minister of trade and commerce, in making public the report today.

"I am informed by the bureau," continued Mr. Stevens, "that the increase on June 1 considerably exceeded the average increase indicated between May and June in the years since 1920.....

"I cannot recall anything more encouraging in the last few years than in this employment report," concluded either 1932 or 1931, said Hon. H. H. Mr. Stevens.

CANADIAN
NATIONAL
RAILWAYS

Certainly..... Take the Children With You.

Sometimes parents who would like to take a vacation involving a railway journey are deterred from doing so by the fear that the children will be uncomfortable and become fretful and irritable. To these parents Canadian National Railways say 'don't hesitate to bring the children along.'

Everything possible will be done to make the trip a pleasure for the little ones, and no other form of transportation can provide them with the attention and comforts which railways do. On long journeys hot water may be had, day or night, for the asking, and at very low prices milk, tea, and fruit can be obtained. In the dining cars special suitable meals will be prepared and served at small cost, and at night the berths provide restful and refreshing sleep.

Children between the ages of five and twelve years travel at half fare, and if under five years and accompanied by a parent or guardian travel free. These fares are available, not only in connection with ordinary railway services, but also with all special trips, week-end and day excursions.

So do not hesitate to give the children a big thrill. Whether the journey be long or short we want them to travel with us, and promise them a hearty welcome.

CANADIAN NATIONAL

AMERICANS TRYING TO LURE ENG. HORSES

New York, N. Y., July 3—Possibilities of an invasion of America by thoroughbreds of the English and French race courses developed here yesterday when Harry A. Buck, secretary of the United Hunts Racing Association and of the Turf and Field Club, sailed for England empowered by the sponsors of the new Santa Anita track in Southern California to use a \$100,000 purse as a lure to the stars of the European tracks. If it is possible to obtain a few leading European racers and have them meet the best of the American turf, the Santa Anita Association will arrange a race worth \$100,000 to be run some time in February.

This news, of course, was of nationwide interest here, but it also held particular interest for turfmen in the East through Buck's connection with the United Hunts. While in Europe, Buck will endeavor to obtain these horses for Santa Anita, and if successful he will try to have them shipped to this country in time for a big race at the United Hunts meeting at Belmont Park next November. Thomas W. Durrant, master of the Smithtown Hunt and president of the United Hunts will sail for Europe next week to take charge of such of these negotiations as may concern his association.

According to reliable information, the United Hunts this year will make a strong attempt to run the greatest meeting in its history, and to that end a race worth in the neighborhood of \$20,000 will be arranged if it is possible to have a meeting of European horses with American thoroughbreds, or a match race between C. V. Whitney's Equipoise and Mrs. Dodge Sloane's Cavalcade.

Buck has a definite offer to make on behalf of Santa Anita, but the United Hunts end of it is still being discussed by directors of the association. Further meetings will be held this week and when Durrant sails he will go with some definite proposal to offer owners on the other side in the event that they accept the invitation to race in California.

Among the horses Santa Anita and the United Hunts have in mind are Hyperion, Colombo and Crapom. Indulgences also will be made to Gordon Richards, famous British jockey to ride here in the Hunts meeting and invitations to ride in the same meeting will be extended to a number of leading English amateur or gentlemen riders.

THE BROWNLEE CASE

Edmonton, July 3—Acting Chief Justice Ives reserved judgment on a motion to dismiss the case against Premier Brownlee. He disagreed with the jury's verdict in favor of Miss MacMillan and is today hearing argument on the legal aspect of the case.

Well, why shouldn't the rich pretend they are poor? The poor pretend they were rich.
