"MISSING BODY" INVESTIGATED
Though no further action is expected to be taken, R.C.M.P. constables of the Minto detachment are investigating a case at Ripples, Sunbury Co., in connection with a complaint that the body of Mrs. Percy Robertson, 27, was "stolen" from the Baptist church there on January 14, while it was awaiting burial. The summary investigation showed that the late Mrs. Robertson had been buried at Ripples on the day in question and that her immediate relatives were present at the service, they having borne the expenses of the funeral and made arrangements for the service and interment. Mrs. Robertson died in the Victoria Hospital here on January 12. It is understood that the husband, Percy Robertson, who failed to attend the funeral on account of the snow blockade, had laid the complaint, as when he arrived at the church on the following morning he found the body "missing." He had understood that the funeral was to have been held on Monday morning.

ST. DUNSTAN'S CHURCH HOLDS ANNUAL SESSION

Monsignor Carney Presented Statement on Sunday

Yesterday was a special occasion for the pastor, Monsignor Carney, it being his seventy fifth birthday. During the day's services he mentioned the fact to his congregation. During the day Monsignor Carney received felicitations from members of his congregation and others on the attainment of his 75th year.

Rev. Monseigneur Carney yesterday celebrated his seventy fifth birthday. Born on January 21st, 1869 at Loch Lomond on the outskirts of the city of Saint John, he pursued his early studies at St. Joseph's College. He was ordained by the late Archbishop Fabre at the Grand Seminary, Montreal, which is conducted by the Sulpician Fathers, on December 20th, 1884. Following his ordination he was appointed curate of the cathedral in Saint John and later became curate to his uncle in Woodstock, the late Father Murray. He took charge of his first pastorate in Debec, Carleton County. Finally, when Bishop Casey took charge of the diocese of Saint John upon the death of Bishop Sweeney in 1901 he was appointed to St. Dunstan's parish. He exercised his talents on behalf of the welfare of his charge and his service brought well deserved advancement, and recognition. In 1925 he was made Vicar General of the English-speaking portion of the diocese of Saint John. On July 26, 1930 he was appointed by Pope Pius XI in Rome as domestic Prelate and was invested with the insignia of the dignity on October 18, 1930 in St. Dunstan's Church in the presence of Bishop LeBlanc of the diocese of Saint John and a large number of clergy of the diocese. He is, because of his long years of unapproachable service, as well as from formal recognition, a true prince of the church. His parishioners are looking forward to his 50th anniversary in the priesthood next year.

Church Finances

In his Sunday service he expressed thanks publicly for being granted so many years of life and he in the course of the service, gave forth the thirty second annual statement of receipts and disbursements of St. Dunstan's Parish for the year 1933, with which he was highly gratified. The report is as follows:

COLDEST NIGHT OF WINTER IN CENTRAL N. B.

Official Thermometers Here Registered 30 Below Zero

A MODERN RECORD

Much Inconvenience Is Felt Locally by More Frigid Weather

A mark of 30 degrees below zero was set up here today and generally in this part of the province. It was the coldest day of an especially severe winter, and considered a record in modern years. One private weather statistician caught the temperature at 34 degrees below zero.

The severe cold over the week-end—it was 21 below zero on Sunday morning—meant considerable inconvenience for citizens. Apart from the chilling of ears and general bodily discomfort, many citizens had to face the problem of frozen pipes in their homes. The plumbers had one of their busiest mornings of a particularly busy winter in this regard. Many homes and business offices suffered from the intense cold. At several places the water service was out of order for the entire day.

Rail Traffic Late

Both railway services, the Canadian National and the Canadian Pacific had delayed rail service this morning. The Saint John and Boston and Montreal trains were over 40 minutes late and the C. N. R. from Newcastle was an hour late. The weather change was the cause.

One of the few places that escaped the effects of the cold were the public schools of the city. In former years such cold would have meant frozen pipes and the children sent home for the day. The improvement in plumbing in late years has kept even such

Look, Flaming Youth, Look!

You laugh at the foolish ostrich for hiding its head and forgetting that the rest of its body remains unprotected.

Look!—Flaming Youth!—Have a care lest you leave yourself open for criticism. Your protest your body with suitable clothing during the cold weather, and then for style, or some unknown reason, you fail to safeguard your head during the days when the mercury sinks below the "pleasant" point.

The ostrich hides in the sand what it considers the most important part of its anatomy. Take a tip from the ostrich and cover your cranium with one of our "FROST-PROOF" CAPS with patented "Kling Klose" band to protect your "lugs" on frosty days.
