

Health For Young Girls Happiness For Tired Women

Thousands of women become tired out and run down, become thin and pale, and profound weakness makes life a burden.

The whole outlook of life is changed when the nervous, sick headaches, the sleeplessness, the spells of dizziness, of weakness and discouragement, and the tired, languid feelings disappear with the use of Milburn's H. & N. Pills. They tone up the nerves, enrich the blood, and bring the health back to normal again.

Notice to the Holders of Debentures of:

ASSOCIATED GAS and ELECTRIC COMPANY

You, of course, wish to do your utmost to safeguard your investment in the Debentures of Associated Gas and Electric Company. To do this we believe you should exchange them at once under the Plan of Rearrangement of Debt Capitalization.

About \$100,000,000 of the Debentures of all series have been exchanged by well over 40,000 holders.

Realization by important banks, trust companies and investment dealers of the need for the Plan has been growing steadily. Many, who heretofore showed no interest or were opposed to it, have recently changed their opinion. They are now exchanging their own Debentures and advising others to do likewise without delay.

Options 1 and 2 are the more conservative and have been the choice of almost all holders. Regular payment of interest is more certain with Option 1.

Nearly three-quarters of the new Debentures which are reserved under Option 1 (subject to the terms of the original offer) have already been issued and are outstanding. Certain expected large deposits make quite likely the early closing of Option 1.

All Debentures sent in for exchange under Option 1 will be exchanged under Option 2 if Option 1 is closed prior to their receipt unless the holder otherwise directs. Those who send in their Debentures by return mail will be reasonably certain, however, of having their Debentures accepted for deposit under Option 1.

In figuring the interest adjustment on exchanges made from now to the first of the year, you will be allowed full interest to January 1, 1934, on your present holdings.

Holders who wish to do their part to protect their own interests should act immediately.

DR. WILLIAM WARWICK TELLS OF THE WORK BEING DONE BY THE N. B. HEALTH DEPARTMENT

Saint John, Jan. 10—Launching promotion of health in New Brunswick most auspiciously a campaign for preventive dentistry and oral hygiene.

The control of communicable diseases he described as the most important work of the department of health and noted that only a few years ago one county in the province had had between 400 and 500 cases of smallpox in one year. Slightly more than four years later there was not one case of smallpox in the whole province, "a record I think not equalled by any other province in the Dominion."

Many Vaccinated

He went on to say that since 1919, through medical inspection of schools, 166,000 children had been vaccinated. No child is allowed to attend school until successfully vaccinated. He felt that to medical inspection in schools the province owes in a large measure, its freedom from smallpox and that as long as between 10,000 and 12,000 children were vaccinated yearly, as is now the case, the province need never fear this disease.

Of diphtheria he said the death rate, had been heavy in the years of 1920 to 1924, as compared with the present time when it was about halved. It was largely through toxoid inoculation that the reduction had been made and this had been carried out most extensively in the cities. He had good reason to think one injection instead of three might in future complete inoculation. If so it would be possible to carry this service into country districts more readily. During the last four years more than 55,000 children had been protected by this means. The greatest difficulty was to reach those under school age.

Dr. Warwick.

Dr. Warwick spoke of the large attendance as most encouraging and said it was still more encouraging to know that those present had behind them so many organizations interested in so many movements for the good of the people of the province. He went on to review the progress made in the

LARGE SUPPLY OF HARDWOOD IN MARKET

Vegetables Scarce on Account of The Cold Weather — Small supply of Meats.

With over forty loads of hardwood occupying most of the selling space in the market here today was devoted chiefly to that heat giving product. Prices ranged from \$3.50 to \$6.00 a load.

Very few vegetables were hauled in for fear of freezing.

A small supply of meats, chiefly beef was for sale.

The weather was sunny and very cold. An average number of shoppers took advantage of the consistently low prices asked in the Fredericton market.

The price quotations were:
Wood per load \$3.50 to \$6.00.
Beef, per pound, 5 to 7 cts.
Chicken 15 to 20 cts lb.
Fowl, 18 cts. lb.
Veal per pound 6 to 9 cts.
Bees Honey per jar, 25 cts.
Butter 25 cts. lb.

CUBS WON AGAIN

An unavoidable accident that befell Jimmy Banks, Devon's goal tender, turned a snappy York County Intermediate League hockey game into a rout last night, Fredericton Cubs winning 8 to 2. Banks received a nasty cut over his right eye early in the second period and a delay of half an hour ensued while the member was fixed up. Devon having no spare goal-tender. Devon at the time was leading 2 to 1 and looked like the winning team. When Banks came back the trouble started and before he could get his one good optic back in the game "Bus" McLenahan and Keenan had scored and the Cubs begin their march of goals. The final tally was 8 to 2 and everyone of the Cubs scored save Steen and Goaler Hickson. A good crowd of fans watched the contest. Larry McLean refereed. The win puts the Cubs well in the league lead and drops the Devon Tigers still farther down in last place.

Conditions Improve In Lumber Woods

(Continued from page eight)

Westchester declared that more than 25,000,000 feet of lumber would be cut in that county.

He said that large crews were in the woods and conditions of unemployment were minimized.

E. C. Atkinson, M. L. A., yesterday reported that between 700 and 800 men were employed in lumbering operations along the Shore Line Railway. A survey of pulp operations, he said, showed that Grant & MacDonald anticipate a cut of nearly 5,000 cords destined for shipment to the Port Royal Pulp & Paper Co., Ltd.

Some of the major lumber this winter are those of A. J. O'Connor of Bonny River, who is cutting about 1,500,000 feet and a similar amount by Farnk Russell at Peapau.

Operators in the vicinity of Fredericton are now resuming activity and a large number of woodsmen have entered the woods again for the remainder of the winter season. The thermometers slipped down to a mark 21 degrees below zero, making conditions rather difficult.

AUDITING ACCOUNTS

Moncton Transcript:—E. G. Morgan, of Fredericton, provincial relief and welfare officer, is in the city conducting an audit of the accounts of the local relief and welfare bureau. The system in use in this city in the matter of distributing relief was a splendid one, he said this morning, and the affairs of the bureau were being administered in an efficient and economical manner.

DIPHTHERIA IMMUNIZATION

A Free Clinic will be held at the York County Court House, Thursday, JANUARY 11th, 1934, from the hour of 2 until 4 o'clock in the afternoon.

EDNA M. FARRELL,
Secretary Fredericton Sub-District Board of Health.

TIMES ARE HARD WHEN A SCOT HOCKS HIS PIPES

Toronto, Ont., Jan. 9—The economic depression is figured to have reached its low here on August 22, 1932. The evidence came to light today in an item listed in a pawnbroker's auction salet "Lot 15,676—Bagpipes, August 22, '32, \$10.

That was the day a Scotsman pawned his pipes.

CHICAGO MILK STRIKE

Chicago, Jan. 10—Although there are hopes of settling the milk strike Chicago was still without its milk supply early today. Yesterday a train was stopped and 25,000 gallons of milk was dumped out. A number of other acts of violence have been reported. An attempt is being made to carry milk to the city by airplanes.

ARE HOLDING ALOOF

Ottawa, Ont., Jan. 10—Judge G. H. Sedgewick, Chairman of the Tariff Board in a statement yesterday said that the board was entitled to assistance from officers of the crown, which it is not getting. He claims that such assistance is necessary in order to arrive at a true meaning of the law.

GOV'T MEETS TONIGHT

Hon. A. J. Leger, provincial secretary treasurer and Hon. G. H. I. Cockburn, president of the Executive Council are in the city today, to attend the meeting of the government tonight at which a number of matters are expected to be taken up. The remaining members of the cabinet are expected this afternoon and evening.

SCIENTISTS TEST IMAGINATION

Boston, Jan. 10—Creative imagination, the basic stuff of poetry and art, will be tested this week at the exhibit of the American Association for the Advancement of Science. Scientists and other visitors will be invited by Dr. W. R. Miles, the Yale psychologist, to subject themselves to an examination that will help tell whether scientists are better at "dreaming dreams" than the ordinary laymen.

For some kinds of scientific work, such as mathematical physics or visualizing the way the universe is put together, it is suggested that the scientist must use the same kind of creative imagination that is used by a novelist or a composer or a painter.

CHARGED WITH THEFT

A New Maryland woman arrested on a charge of theft appeared in the police court here this morning and was remanded until Friday morning for hearing.

BETTER TODAY

Coles Kitchen, who has been seriously ill with blood poisoning at his home on York Street, is much improved today friends will be glad to learn.

We admire the eternally industrious man, but we associate with the one who has some time to loaf.
