

NEWS BRIEFS
MUNICIPALITIES
COMMITTEE MET
THIS MORNING

Premier Tilley at a meeting of the Municipalities Committee of the Legislature this morning, announced that the Royal Bank of Canada will advance \$180,000 on treasury notes of the province of New Brunswick, which will hold as collateral \$150,000 of bonds proposed to be issued by the Municipality of Northumberland and \$30,000 of bonds of a previous issue, which the municipality had been unable to sell. The announcement came in connection with consideration this morning of a bill to authorize the municipality to make the new issue. The new issue will bear the same rate of interest, five per cent, as the government will have to pay the Royal Bank for the loan. It will be for a period not exceeding 20 years.

Besides the Northumberland county bill, three Saint John bills were considered and recommended by the committee, as well as a bill from Milltown.

The premier outlined the financial situation in connection with the proposed joint guarantee to the Bank of Nova Scotia of the principal and interest of a loan to the Port Royal Pulp and Paper Co. Ltd., of \$120,000, by the municipality of the city and county of Saint John and the provincial government.

Guides Favor Increased
Bear Bounty To Pro-
tect Moose-Deer

The New Brunswick Guides' Association ended their annual meeting here yesterday, passing several resolutions and adjourning to hold their next annual meeting in early autumn.

A resolution respecting the holding of the annual meeting was passed, it being thought that a meeting at this time of year would be more suitable than any other time. The dates for the annual meeting will be set by the executive.

The most important resolution passed was that favoring the declaration of a \$10 bounty on bears. It was conceded by the meeting that black bears are responsible for the destruction of a considerable number of moose and deer annually. The bounty on bears would be a direct protective measure for moose and deer.

Considerable discussion ensued yesterday on the present constitution, and an executive was appointed a committee to revise the by-laws and to submit a revised code at the next meeting.

Resolutions of condolence were moved to the families of three departed members of the Association, namely, W. Harry Allen, Penniac; Austin Grant, city, and Robert Henry, South Devon. A similar gesture of remembrance was moved in the case of the late T. V. Monohan, a life-time friend of the Association.

Besides the honorary membership noted yesterday, the following others have been named as honorary members: Premier L. P. D. Tilley, C. R. Davis of the Boston Post; C. K. Howard, C.N.R., Montreal; Douglas Haines, C.P.R., Montreal; E. G. Poole, C.N.R., Montreal; Lorenzo Savage, South Devon, a former active member of the Association; W. H. Griffin, Boiestown; father of W. T. Griffin, president of the Association; Judge A. R. Slipp, city; J. Harold McMurray, city, former secretary of the Association; Geo. Armstrong, Perth, and W. T. Chestnut, city.

Honor Late Harry Allen

A committee, headed by D. Leo Dolan, will launch a campaign to raise funds for the erection of a cairn in memory of the late W. Harry Allen, Penniac, one of the outstanding guides of North America, who died last year, according to a decision of the Guides' Association at its concluding session.

The committee will solicit funds from various parts of Canada and United States. Those on the committee besides Mr. Dolan are C. K. Howard, manager of the Tourist and Convention Bureau of the C.N.R. at Montreal; Douglas Haines, assistant tourist agent, C.P.R., Montreal; C. R. Davis of the Boston Post; Donald Stillman, Rod and Gun editor of the New York Herald-Tribune; Morris Ackerman, editor of a sportsmen's guide; W. T.

ANNUAL MEETING

At Opening

In his address at the opening of the twenty-ninth annual meeting of the New Brunswick Fruit Growers' Association, Inc. held in the County court house this morning, President George W. Dingee, of Gagetown, envisioned a flourishing market in Egypt and Palestine for the fall variety of the New Brunswick apple.

There was ripe opportunity for shipments to the Near East markets, he said and this was shown by consignments to Egypt from this province last fall. The Montreal market was not satisfactory he pointed out. He suggested that boxing and grading could be done right here by our own growers.

More than half a hundred fruit growers from various parts of the province attended today's annual meeting. The meeting opened at nine o'clock with resignation, following which G. W. Dingee, the president, gave his address, and then followed the report of the secretary-treasurer A. G. Turney, city.

Insecticides.

Besides the reports of officers the principal addresses this morning were given by A. Kelsall officer in charge of Insecticide Investigations, Entomological Laboratory, Annapolis Royal Nova Scotia, who spoke on "Observations on the Eye-Spotted Bud Moth, Control of Apple Maggot, Spray Calendars Generally." L. C. Young, horticulturist at the Dominion Experimental Station here, who spoke on "Nutrition."

Every Day Hats Wear Out

Every-Day Hats go out of style. Every Day thoughtful wives remark to their thoughtless husbands "Don't you think dear, that your hat is beginning to look awfully shabby?" Every day hats get perspiration-smudged; hats cease to be a decoration to a man's head and become a desecration to his appearance.
