SOVIET SECRET POLICE SYSTEM HAS BIRTHDAY

Moscow, Jan. 29—The Soviet Russian secret police, organized as the Cheka and now known as the GUP, celebrated quietly today the 16th anniversary of its foundation.

Modelled after the Czarist secret police, the Cheka was formed six weeks after the Bolsheviks seized power and became even more feared.

It played a leading role in the civil conflict that followed the revolution. No estimate ever has been made of the number of enemies of the revolution it "liquidated."

MARY PICKFORD IN NEW YORK

New York, Jan. 28—Mary Pickford arrived in New York today without police guard and expressing belief that a man and a woman who had annoyed her in Boston were "merely cranks."

The Toronto-born actress obtained services of two special guards in Boston last week after she had been approached by a man and woman who attempted to interest her in some "mysterious documents."

"I don't think they were kidnappers or racketeers," she said. "They acted like cranks."

STALIN SOUNDS A SHARP NOTE OF WARNING

Criticism Directed at Germany and Japan—Should Keep Snouts Out of Soviet Potato Patch.

Moscow, Jan. 28 — Warning had been issued today by Josef Stalin that a war against the Soviet Union would start a world revolution in Asia and Europe, which would crush capitalist governments in a number of countries.

Speaking before the All-Union Communist Party Congress Saturday night, he decried the activities of "war mongers" having designs against the Soviet state but pledged his country to be ready to fight if necessary.

"We warn everybody not to poke their snouts into the Soviet potato patch," he declared. He singled out Japan and Germany for particular criticism in the section of his address which dealt with the Soviet foreign policy.

"It is a mistake to think an ambition to wage war against the S. Union and share its territory is held only by Japanese military circles," he said.

Shared in Europe

"We know very well it is shared by some political circles in Europe. But if this happens it will be the most dangerous war for mankind in history, not only because the population of the Soviet Union will fight to the death and defend the country, but because the war also will take place behind the lines of our enemies where our numerous friends would deal a mortal blow to those daring to take up arms against the Soviet Union."

"These latter will be responsible if they bring about a revolution in a number of countries in Europe and Asia and complete the destruction of land-owner governments."

The head of the Communist Party declared that "Japan needs a non-aggression pact as much as the Soviet Union", in recalling Russia's successful effort to negotiate such instruments with the island empire in furtherance of its expressed desire for peace in the Far East.

The Russian expression Stalin used for "snout" is literally "swine's nose". His speech—His first public utterance in more than a year—consisted of about 30,000 words, fully one-fourth of which was devoted to international relations.

A MAMMOTH TRUCK

A sight of unusual interest was to be seen this morning in the form of a large International truck, the property of Mr. Ashley Colter, this city, equipped with heavy caterpillar treads and iron skids in place of the front wheels. People are accustomed to the usual small sized cars being so equipped, but this is the King Kong of them all. It is being tested to see if enough power is available to make it economical and serviceable and doubt was expressed whether it would prove satisfactory and, if so, it will be employed in the lumbering business.

Government authorities immediately confiscated the dog and placed it under the government regulation for visiting canines in six months' quarantine. Mrs. Walker's protests were unavailing.

The Radio Board Is Likely to be Investigated

Reported at Ottawa That a Special Committee of the House of Commons Will Be Appointed at the Instance of the Government--Was Brought Up In Canada.

TORONTO, Jan. 29—The Globe, in a special despatch from its Ottawa correspondent says: "Appointment of a special committee of the House of Commons to investigate the administration of the Canadian Radio Broadcasting Commission will shortly be proposed by the Government, it was intimated at the Conservative caucus yesterday."

"Members from different parts of the Dominion expressed their views on the results of radio nationalization. From isolated sections of the West and British Columbia satisfaction with the improvement in radio service was made known, but with these bouquets there were quite a few brickbats from Ontario and Quebec members who constitute a very important portion of the Government's following."

MARYSVILLE SUGGESTS PAY FOR ALDERMEN

In an election in which only 91 votes out of a possible 225 were polled, Irvine Gregory was elected alderman for ward one, Marysville, Saturday. Gregory had a majority of nine votes over Hilton Robinson, the former polling 50 votes and the latter only 41.

Mayor J. Walter Walker and the aldermen in the remaining three wards had been elected by acclamation.

Norman C. Cochrane, town clerk, and the two election candidates each spoke briefly after the returns were made known. Voting lasted from ten to six o'clock on Saturday. In the meeting held after the announcement of returns, Ald. H. R. Pettigrove, chairman of the finance committee dealt with the financial report of the town. Roy More, ex-alderman Charles and Ald. Charles Finnmore were declared elected as well as Ald-elect Gregory and the four were sworn in for the new two years by the mayor. The first meeting of the new council will be on February 12.

The aldermen who are to serve another of their two-year terms are H. R. Pettigrove, Ritchie Gorman, William Moore and Marvin Minue. Mayor Walker is serving his fourth year. Saturday's was the first election at Marysville in two years. It is understood that one of the chief matters to be considered by the new council is the proposal that the number of aldermen be reduced from eight to four, that they be elected for one year instead of two and that they receive remuneration for their services. The amount of \$50 a year has been suggested that the further proposal that the office of mayor be an honorary one with no remuneration.

AIMEE SUED FOR \$10,000

Portland, Ore., Jan. 29—Aimee Sample McPherson Hutton, evangelist, was sued for \$10,000 damages in Circuit Court here today for her alleged failure to provide an opponent in her first scheduled debate in the Northwest on atheism.

James O'Neal of Seattle brought the action, saying he was forced to refund ticket money and that, as a result of the initial failure, subsequent debates were not profitable.

HERRIOT WILL ATTEMPT TO FORM A NEW CABINET

The Chateaus Administration Surrendered the Reins of Office on Saturday.

Paris, France, Jan. 28 — France seemed ready to turn to veteran former premier Edouard Herriot today to lift the nation from the riot-ridden crisis which toppled the Camille Chateaus government into the disarray Saturday.

President Albert Lebrun asked the aged former president Gaston Doumergue to form a cabinet in his first move to reorganize the government but Doumergue said his 71 years made it impossible to accept so heavy task.

The hurried resignation of the Chateaus cabinet Saturday, driven from power by popular indignation over the Stavisky bank scandal, faced Lebrun with the task of solving a "moral crisis" instead of a mere political problem.

Herriot, it was general predicted, would be chosen premier, but opposition to a Herriot regime was proclaimed through former premier Andre Tardieu, who stressed the need for a national union ministry for "a cleanup vote of the budget and dissolution of Parliament if necessary."

Streets Again Quiet

The streets of Paris were comparatively quiet today after a night of intense rioting which capped eight days of open disorder. At Rouen, however, government employees, encouraged by the success of Paris demonstrators, staged demonstrations against pay cuts and scandals, shouting "Down with thieves."

The Royalist newspaper Action Francaise, which presented in glaring headlines "Paris in Revolt Driven Out Chateaus", threatened new demonstrations in Paris.

Leftist party members crying "Fascist at Tardieu, warned against a breakdown of the left majority."

SHANGHAI—The China Millers' Association demanded cancellation of the flour section of the \$50,000,000 American cotton, wheat and flour credit today contending that cancellation would result in a strengthened local wheat and flour market.
