CONTRACTS FOR N.B. ROADS TO BE LET OUT JULY 23

Government Meeting on
Monday Night; Con-
tract To Be Given

OTHER MATTERS

Rumors Prevail That
Outside Contractors
To Be Accepted

The Provincial Cabinet will hold a meeting in this city on Monday night and, among other things, will award the contracts for 66.8 miles of hard-surfacing of New Brunswick highways. Tenders for the seven projects closed on Friday and the bids are now in the hands of B. H. Kinghorn, Chief Highway Engineer.

The impression prevails here that the bids of several outside contractors are lower than the provincial ones and that several of the contracts will go to these outside firms. It is understood that better equipment and more up-to-date facilities are at the means of these contractors, most of whom are from Ontario.

The strip of road between here and McKinley Ferry is one of the sections that will undergo hard-surfacing. It is understood that a considerable number of bids have been put in for the work, which approximates a half million dollars.

The government will also take unmeeting other matters, one of them der consideration at its Monday night the matter of a successor to D. Leo Dolan as director of the N. B. Government Bureau of Information and Tourist Travel, who is leaving for Ottawa on Monday to accept a new position with the Federal Government.

NEWS BRIEFS

A BIG OPERATION

William J. Scott, has returned from a business trip to the North Shore. He is carrying on a very extensive operation in pulpwood and expects to handle thirty thousand cords this season.

ABLE TO BE OUT

Friends will be pleased to learn that Fred I. Haviland, city treasurer, has improved rapidly from his recent illness and is now able to be out. He will be about his duties within the next few days it is expected.

SHOW IN THE SKY

A luminous display of lightning in the sky last evening proved especially vivid and attracted the citizens by its magnificent color and intensity. The lightning was more prominent than the thunder and there was no rain. The sky display followed in the wake of a 82 degree temperature.

FISHING IS POOR

Judge Lawrence of Malone, New York accompanied by his wife have been having a few days fishing trip to the Hartt's Island Pool, with Raymond Currie as guide. The Judge fished patiently for two days but found conditions unfavorable and failed to make a catch.

A REAL VETERAN

Ex-Coun. David A. Essense of Harvey Station was a welcome visitor to the city yesterday. The ex-Councillor is now eighty-five years of age and does not often visit the city, but it is not because of physical infirmity. He is remarkably active for one of his years, and looks well. Mr. Essense is probably York County's oldest living ex-councillor having been first elected to the board for the parish of Kingsclear in 1888.

EXPERIMENTAL STATION PUTS ON A FIELD DAY

H. L. Trueman, Ottawa,
Spoke This Afternoon
To Gathering

INSPECTION TOUR

Work of N.B. Branch of
C. S. of T. A. Stressed
by Speaker

A field day at the Dominion Experimental Station here today had as its special speaker, H. L. Trueman, Ottawa, federal secretary of the Canadian Society of Technical Agriculturists. Between forty and fifty were here today, coming from various parts of the province.

Mr. Trueman the federal official, is an address to the assembly today talked on some of the achievements of the Society and pointed out that the main work of the Society is to bring about coordination between the Federal and provincial departments of agriculture. He said that two magazines were published regularly by the Society. In Canada there are 21 branches of it, and a total of 1200 members. Mr. Trueman will leave for Sackville tomorrow by car, it being his former home. He has just finished a summary tour of Quebec and while there he visited McDonald College. He will continue his tour of the Maritimes.

Besides the address by the Ottawa official, those present at the field today were taken on a tour of the grounds of the Experimental Station, inspected the pasture-land, and inspected the poultry and livestock.

The ladies were entertained at golf, tennis and croquet during the afternoon and the Fredericton Golf club was opened to those present for the afternoon. At five o'clock tea was to be served at the residence of the Superintendent C. F. Bailey.

COMING SOON!

The members of the Fredericton Fire Department have a treat in store for movie goers when, on Monday and Tuesday next, July 23 and 24th they will sponsor the presentation in the Gaiety Theatre of a show featuring Joe E. Brown. The title of the show is "A very Honorable Guy." In the jargon of old Anthony the firemen "are all honorable men" and although that old worthy went to bury Caesar and not to praise him, citizens of Fredericton are urged to forget their cares and worries and join with the firemen in an evening's entertainment. Their reputation along this line is already well established and the quality of the show is practically guaranteed. It is alleged that a portrait of Joe E. Brown appearing on one of the Fire trucks was posed for by that famed artist himself but in any case it is going to be a whooper of an evening. Get your tickets from members of the fire department.

The Victoria Hospital reports today that Samuel Gullison, city who was injured in an auto accident a few days ago, is showing rapid improvement. Archibald, Lachance, of Ontario, injured in the same accident, has left the hospital.

TAX DISCOUNT PERIOD SHOWS IMPROVEMENT

Collections Received At
City Treasurer's Of-
fice Show a Gain

RATE HIGHER, TOO

No Extension Allowed
on Discount Period
After July 26

Payment of taxes in order to get discount under the Fredericton Assessment Act, is now being made at the office of the city treasurer here. The period of discount ends next Thursday, July 26. The rate is five per cent.

From the office of the city treasurer it was reported that the payments so far this year have been an improvement over last year. There will be no extension of the discount period this year since it is believed that it is of no special benefit and does not aid in collections. Also it is an infraction of the local Assessment Act. Two years ago the discount period was extended but proved not beneficial to either citizen or the city treasury.

A large number of the bigger tax payers have already taken advantage of the discount period according to report from the treasurers' office this morning. Other are expected next week, when the big rush of ratepayers is expected to ensue.

Figures of comparison with last year are not yet ready and will not be until after next week. The staff of the city treasurer has been kept busy for several days and next week will mean extra effort also.

The total assessment this year was set by the council early in the year as \$265,000, an increase of \$500 over last year. The rate this year is \$2.84 while last year the rate was \$2.76 per \$100.

There's MORE for your
Refrigerator Dollar in a

KELVINATOR Electric Refrigerator

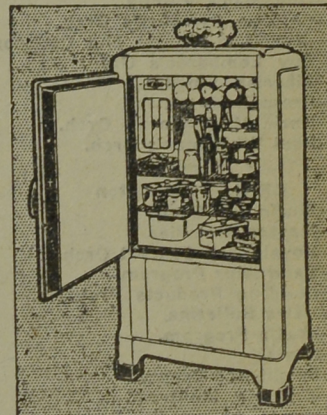

More Food Space..More Ice Cubes..More Downright Quality, Convenience and Beauty combined than in any other system you can buy!
