

Shortness of Breath Weak, Sinking Feelings

If going up stairs, climbing hills, walking too far; if the least exertion causes you to stop to get your breath, or if you have weak, sinking feelings, it is time for you to stop and think as to the cause of your trouble.

What you should do is take a course of Milburn's H. & N. Pills. They tone up and strengthen the vital organs so as to prevent any harmful attacks of disease.

Ask your druggist for Milburn's H. & N. Pills.

HON. A. G. BLAIR DIED WITH TRAGIC SUDDENNESS HERE 27 YEARS AGO

(Continued from page three)

possessed of wide information and broad ideas. Personally genial he enjoyed great popularity and his passing will be generally mourned.

Pulpit Tributes

His Lordship Bishop Coadjutor Richardson in his sermon at the Cathedral paid a touching tribute to the late Mr. Blair. His Lordship declared that Mr. Blair was a man of whom Fredericton was justly proud. Gifted by nature with unusual powers, he won for himself a foremost place amongst that brilliant band who have gone forth to do this city honor in the wider world. He was a man, too, of whom the province might well be proud and it was quick to accord him the position of a trusted leader. It is not given to many men in this country or any other to pass through the fires of politics unscathed, but from every direction there will come to the memory of Mr. Blair the tribute that belongs to unrestrained honor.

Rev. Father Carney in the course of a sermon at St. Dunstan's R.C. Church said: "He was truly a most remarkable man endowed by his creator with the most wonderful gifts, all of which he turned to the best advantage. He used them not only to his own credit but for the benefit of the country in which he was born and now he goes down into the grave with his praises on every tongue. Certainly the Capital of New Brunswick never gave birth to his superior in the political world. His life should be an inspiration for all young men."

Press Tributes

Toronto Globe: "Mr. Blair was one of the most conspicuous figures in the political life and the parliamentary arena of the Dominion. He came from the New Brunswick legislature to the larger sphere of activity with a well established reputation for ability both as an administrator and a legislator, and this reputation he greatly enhanced by the courage, intelligence and energy with which he threw himself into the work of his department. Under his regime new life was infused into the Intercolonial Railway which was extended westward to the head of ocean navigation at Montreal and the work of enlarging and deepening the St. Lawrence canals was urged forward to early completion. With these great undertakings his name will always be honorably associated."

Moncton Transcript: "New Brunswick has lost a great son. A man of marked political ability and mental attainment swayed by warm love for his native province, has passed away in the demise of the Hon. A. G. Blair. He was a politician in the thorough sense of the word, a hard hitter today, a warm and enthusiastic ally tomorrow."

Montreal Herald: "Taking all in all Andrey G. Blair was the strongest personality the Province of New Brunswick has yet produced. The secret of his strength was not far to seek. He had confidence in his own ability to face any odds; he was cool, kindly, conciliatory and he knew the people of New Brunswick to the core."

Toronto News: "Mr. Blair was one of the most remarkable politicians that the eastern provinces have produced. In New Brunswick he was invincible. He held office for many years by bold strategy and extraordinary skill at making combinations, and possibly if he had not withdrawn from the legislature to enter Sir Wilfrid Laurier's government he would still be in control of the affairs of that Province. He was an impressive figure, there was dignity in his bearing and power in his word and he seemed to be destined by nature for a conspicuous place among his followers. His home life was absolutely ideal and in his social relations with men he was courteous and conciliatory."

Halifax Chronicle: "The tragically sudden death of Hon. A. G. Blair removes a man who has played a conspicuous part in the life of the country. In 1833 after the defeat of the Hanington ministry on a vote of want of confidence he became Premier and arena of the Dominion. He came from the New Brunswick legislature to the government in that province. Upon the formation of the Laurier Cabinet in 1896 Mr. Blair was given the portfolio of Railways and Canals, and he speedily took rank as one of the strongest debaters and ablest parliamentarians in the House of Commons."

Halifax Herald: "With deep regret every newspaper office in Canada heard last night and every newspaper reader today will learn of the sudden death of Hon. A. G. Blair. From 1879 to 1896 he was a power in provincial politics of New Brunswick and from 1893 when he formed his first administration, he was so commanding a figure

THE ESTIMATES Tabled IN PARLIAMENT SHOW A CUT OF SEVENTEEN MILLION DOLLARS

Ottawa, Jan. 26—The government's economy axe cut deep into controllable expenditures for the fiscal year 1934-35 and lopped off \$17,000,000, it was revealed in the main estimates tabled at this afternoon's brisk session of the House. This followed a continued cutting down of ordinary public expenditure since 1930, bringing the total reduction for this period to nearly \$80,000,000. The estimates do not include unemployment relief or railway deficits.

Hon. E. N. Rhodes, minister of finance, laid before the members without qualifying remarks, as is the custom, a list of the proposed expenditures for the 12 months ending March 31, 1935.

For Publicity

There are practically no new expenditures except \$200,000 for publicity in the United Kingdom and on the continent, while nearly all old items are reduced by 10 per cent or more. Public works are confined entirely to the most essential repairs and maintenance. It is understood the way is left open to provide, either in the supplementaries, or by special act of Parliament, the funds necessary to carry out the government's projected plan of a large public works program. The rigid curtailment of all expenditures under this head is taken as an indication that the public works program is assured, after a parliamentary debate.

The House sat less than an hour today and the entire time was taken up with tabling a flood of reports, returns left over from last session, and documents relative to the administration of relief and assistance to the provinces.

Meet Again Monday

Adjournment was made to Monday afternoon when the Speech from the Throne will be taken up. Sam Gobeil, Conservative member for Compton, will move the address in reply to the Speech from the Throne and Harry J. Barber, Conservative member for Fraser Valley, will second it. Rt. Hon. W. L. Mackenzie King, leader of the opposition, will then open the debate.

Debate on the address will not of necessity engage the entire attention of the House until its completion to the exclusion of other business. This intimation was given in the Commons today by Prime Minister Bennett in reply to a question by Mrs. Mackenzie King.

The debate, Mr. Bennett stated would "take its course on the order paper." This was the practice in the British House, and in the Canadian Commons also for the past few years.

Total estimates of expenditures from consolidated revenue are \$337,543,773, as compared with \$353,497,860 during the year 1933-34, while expenditures from capital were estimated at \$6,044,500 as compared with \$7,165,850. The total for 1934-35 will be \$343,648,273 as compared with \$360,738,210 last year.

that his government knew no defeat while he remained at its head. It was not a Liberal government. It was not a Conservative government. It was a Blair government.

Toronto Mail: "The death of Hon. A. G. Blair brings to a close a public career of great and varied activity. Of exceptional talents and uncommon energy Mr. Blair stamped the impression of his individuality in every public service in which he was engaged."

Essential Services

None of the essential services which the public have long grown accustomed to will be curtailed. It was learned. The reductions have been made through cutting down staff and rigid economy in all miscellaneous expenditures.

Throughout the estimates there is evidence of the government's belief that a general improvement in economic conditions will bring a lessened demand for federal assistance, although there is no move to greatly curtail grants made for such purposes.

The total estimate for every department proper is reduced in amounts ranging from \$3,295,531 in public works, to \$6,500 in the department of labor. Under certain sub-headings, however, there are increases and some new grants under the heading of miscellaneous expenditures.

The Air Force

The Royal Canadian Air Force will receive an extra \$400,000 mainly for the purpose of supplying new machines to replace those worn out in service, a total of \$1,805,000, while the civil aviation branch will suffer a cut of \$8,000 to \$187,000. A sum of \$97,000 not used from the current year's appropriation will be brought forward, making the total aviation increase \$295,000.

Estimated expenditures for public works as allocated to the provinces as follows:

Public buildings: Nova Scotia, \$77,000; New Brunswick \$10,000; Maritime Provinces generally, \$40,000; Quebec, \$129,700; Ontario, \$141,500; Manitoba, \$15,000; Saskatchewan, \$53,500; Alberta, \$17,760; British Columbia, \$59,000.

Harbors and rivers: Nova Scotia, \$349,500; Prince Edward Island, \$52,700; New Brunswick, \$90,500; Quebec, \$404,000; Ontario, \$234,700; Manitoba, \$44,000; Saskatchewan, Alberta and Northwest Territories \$10,000; British Columbia \$128,700; Yukon, \$5,000.

Dredging: Maritime Provinces, \$151,200; Ontario and Quebec, \$215,500; Manitoba, Saskatchewan and Alberta, \$50,000; British Columbia, \$140,000.

Chief Decreases

Outstanding decreases in the summary are shown as follows:

Public works, \$3,295,531; pensions, \$2,980,093; national health, \$923,000; post office, \$997,000; trade and commerce, \$900,000; national revenue, \$845,000; agriculture, \$858; miscellaneous, \$722,000; civil government, \$533,000.

Interest on the public debt (including sinking fund) is reduced by \$778,000 due to lowered interest rates and more favorable exchange conditions.

The promise of the government a year ago to attempt a saving of a further \$14,000,000 in the cost of administration, has been completely fulfilled, it was learned and is reflected in the estimated total reduction.

Public works will be confined entirely to repairs and maintenance, so far as the main estimates are concerned. Mail subsidies and steamship subventions are reduced by \$769,330, ocean and river services by \$207,525, light-house and coastal services by \$316,493 and fisheries by \$252,950.

HERE FOR FUNERAL

Mr. and Mrs. W. K. C. Parlee, of Moncton, are here to attend the funeral of their aunt, Miss Annie Haines.

Minto Miners and Owners Agree to Code

(Continued from page eight)

away; thirty cents additional per day will be granted miners working shift work, making the day's wages \$3.00 instead of 2.70 as formerly; an advance of 17 cents, from 28 to 45 cents a foot of solid coal, was ordered, payment of roof to be common with the coal; an additional 50 cents a day for work in wet places was granted where no extra was allowed for, (formerly the wheelers worked 12 to 14 hours, now they will be paid the same wages, working only eight hours); in place of the miners being deducted each week for their house coal, they may now buy their coal by the ton, and save considerably; also the eight-hour day law for men working underground was upheld.

Other mining delegates appeared yesterday, asking the government for an interpretation of a certain clause of the Mining Act, and also in connection with marketing problems, they wishing to be "put on a fair competitive basis" with Nova Scotia. It is stated that the mine of the Minto Coal Company is the only one in the Minto area that had been affected by the labor trouble. The standpoints of both operators and miners were heard by the cabinet. The mining delegation that appeared consisted of A. D. King, Tom White, Albert Goodwin, Peter Vanderhoeven, Fred Leger and Joseph Gughier.

Northumberland Relief

Discussion of relief and finances in the County of Northumberland was carried at a conference of the cabinet and a delegation from that county on Thursday night and yesterday. Premier Tilley had no announcement to make at the conclusion of this conference, but one is expected at the meetings at Saint John next Thursday.

PRESIDENT'S BIRTHDAY

Washington, Jan. 27—The nation will join heartily in celebrating the 52nd birthday of President Roosevelt on Tuesday January 30. There will be balls held in six thousand towns and cities and the proceeds estimated at \$2,000,000 will go to the Warm Springs Foundation in Georgia which was established by the President for sufferers from infantile paralysis.

Farmers are using more horses than they did. They find that they can grow the fuel for horsepower.

NEW PASTOR WAS INDUCTED AT DEVON, N.B.

Last evening at an installation service, Rev. David L. Kennedy was inducted to the pastorate of the Devon United Baptist Church. An appreciative congregation made the occasion a pleasant one. Interest was added to the programme by special selections rendered by the Ladies' and Male quartette of Devon. Prayers and addresses were given by visiting clergymen and Mayor Coombes also spoke.

At 8 o'clock the meeting was opened by the chairman, Deacon Leslie Slipp, he following was the form of service: Hymn—"Praise Him" sung by the Congregation. Selection by the Male Quartette—"Jesus is Dearer than all." Scripture Reading by Rev. Mr. Thompson. Welcome to the Church Life of the community by Rev. Mr. Burge. Welcome to the town by the Mayor of Devon, Mr. Coombs. Hymn—"The Church's one Foundation" sung by all. Installation sermon by Rev. Mr. Mason. Mr. Mason presented in a thoughtful manner the theme, "Ministry of The Church to The Soul." His message was followed by an arresting selection by the Ladies' Quartette. A charge was given to the Minister by Rev. Steadman Smith. Prayer by Rev. H. H. Ferguson. Selection by Male Quartette followed by a charge to the Church by Rev. Mr. Guoin. A closing hymn was sung after which Deacon Morris Perley extended a vote of thanks to those who contributed to the service, making it a success. The formal service was then dismissed and every one entered into a very happy social time, refreshments being served by the ladies of the church.

Mr. Kennedy assumed his new work on December 17th, 1933, his former pastorate being that of Millville-Hainsville circuit, N.B. Hearties greetings were extended by all to the new pastor and his wife.

A WAGE BOOST

Akron, Ohio, Jan. 27—Four auto manufacturing concerns in this city yesterday announced a ten per cent wage increase for their employees to begin on February 1st.
