## A BACHELOR'S ADVICE.

Chatham World:—Twenty young Scotch lassies arrived at Quebec on June 6, to wed in Canada. They had better not come to the Miramichi on such a mission, as we have more marriageable women than men already. Girls, so west.

An auto driven by Mr. Campbell Carney was seriously damaged in Gibson Saturday afternoon by colliding with the Minto train, which was backing up the Gibson Branch. ## YORK CO. FARMER KILLED.

A Woodstock despatch says—Augustus Thornton, a middle aged farmer, was killed almost instantly Saturday afternoon near the Grafton end of the Woodstock bridge. He had been in town on business and was returning to his home in Campbell Settlement seated in a double truck wagon. After leaving the bridge he in some manner fell off the seat and the wheels passed over his head. He was carried into a nearby house and expired in a few minutes. Dr. Rankin was summoned but the man was dead when he arrived. After viewing the remains and learning the details of the accident, the doctor did not think an inquest necessary.

## HIS EYES IMPROVING.

Chatham World:—Dr. Byers of Montreal, who operated on our editor's eyes last February, examined them last week and declared that the operation had been perfectly successful. He found the "tension" of both eyes, to correct which he had operated, perfectly normal. He prescribed glasses with which, after waiting two or three weeks for the effects of the atropine treatment to die out, he says Mr. Stewart will be able once more to read and write. His inability to read the newspapers has handicapped him seriously. To go over exchanges oneself is very much more informing than to listen to the reading of extracts from them.

140TH BATTALION  
DETACHMENT LEAVES  
FOR ST. JOHN TONIGHT

Orders Received This Morning to Entrain at Six O'clock--Details And Men in Hospital Only Troops Left.

Fredericton will be denuded of troops tonight with the exception of men in hospital, medical details in charge of hospital and Army Service Corps details. C Company, 140th Battalion, is to leave at six o'clock this evening by C.P.R. for St. John, where the battalion is to mobilize preparatory to going to Valcartier Camp for summer training. The orders came on short notice. While the officers and men of C Company, 140th Battalion, were preparing this morning to entrain for Sussex, Major F. A. Good, officer commanding the 140th Battalion's detachment here, received orders to leave tonight for St. John. Later the hour was fixed at six o'clock. For the past fortnight the company held itself in readiness for orders to move on short notice, but even then the summons was unexpected.

It is probable that a big crowd will be on hand to see the 140th leave. Mayor Mitchell will represent the city officially. Some of the men of C Company are away on pass and will rejoin the company at St. John. Both 104th and 140th Battalions left numbers of men in hospital, the outbreak of measles being largely responsible for that.

Justice Boone leaves this evening for Presque Isle, Me., to visit his son, Dr. Boone of that place. Mr. F. P. Doody of St. John, is spending a few days in the city.

PTE. NORMAN GOUGH  
WOUNDED IN THIGH  
ON WESTERN FRONT

Second Son of J. W. Gough in Casualty List--Private Percy Gough Died of Wounds--Another Brother in 104th.

Another son of Mr. and Mrs. J. W. Gough, 63 Shore street, has appeared among the casualties in the Canadian Expeditionary Force in France. He is Private Norman Gough, who left Canada with the 6th Mounted Rifles. The official telegram from Ottawa stated that Private Gough had been wounded by gunshot in the thigh and had been admitted to the Australian Hospital in France on June 1.

The other casualty in this family was Private Percy Gough of the 15th Battalion, who died of wounds in England several weeks ago, after serving with the Toronto Highlanders for a number of months.

A third brother left for Sussex this morning with C Company, 104th Battalion. He is Private Ernest Gough.

The showing is an excellent one for one family and in the matter of casualties is not easily surpassed.

## SERVED AT YPRES.

Capt. O'Connor, who served at Ypres for seven months as a medical officer, having joined the British Medical Reserve for a year, is in the city. He has applied through Lt. Col. P. A.
