

BURDOCK BLOOD BITTERS

For sale at drug and general stores; put up for the past 55 years by The T. Milburn Co., Limited, Toronto, Ont.

Those Nasty Little Pimples

Thousands suffer untold miseries from the knowledge that these blemishes make them disgusting to those with whom they come in contact. They worry, day after day, wondering how they can get their skin cleared up. The way is to use Burdock Blood Bitters; a remedy that drives out the impurities from the blood, and when this is done the complexion is left without the sign of a pimple.

Notice to the Holders of Debentures of: ASSOCIATED GAS and ELECTRIC COMPANY

You, of course, wish to do your utmost to safeguard your investment in the Debentures of Associated Gas and Electric Company. To do this we believe you should exchange them at once under the Plan of Rearrangement of Debt Capitalization.

About \$100,000,000 of the Debentures of all series have been exchanged by well over 40,000 holders.

Realization by important banks, trust companies and investment dealers of the need for the Plan has been growing steadily. Many, who heretofore showed no interest or were opposed to it, have recently changed their opinion. They are now exchanging their own Debentures and advising others to do likewise without delay.

Options 1 and 2 are the more conservative and have been the choice of almost all holders. Regular payment of interest is more certain with Option 1.

Nearly three-quarters of the new Debentures which are reserved under Option 1 (subject to the terms of the original offer) have already been issued and are outstanding. Certain expected large deposits make quite likely the early closing of Option 1.

All Debentures sent in for exchange under Option 1 will be exchanged under Option 2 if Option 1 is closed prior to their receipt unless the holder otherwise directs. Those who send in their Debentures by return mail will be reasonably certain, however, of having their Debentures accepted for deposit under Option 1.

In figuring the interest adjustment on exchanges made from now to the first of the year, you will be allowed full interest to January 1, 1934, on your present holdings.

Holders who wish to do their part to protect their own interests should act immediately.

THE FREDERICTON BOARD OF TRADE MADE A GOOD START ON WORK OF THE SEASON

(Continued from page two) increased membership. He said that Mr. Hubbard called attention to the every business man should be a member of the board and attend its meetings. Fredericton he thought from its He told of shipments of seed stock to the Cuban market and also a recent future time be handling trans-shipment to Philadelphia. The Mont-continental traffic. In order to do real and Toronto markets were ab-that the curves in the Canada Eastern sorbing table stock. He was hopeful branch of the C.N.R. would have to be eliminated. Last winter a new pier had been built for the Fredericton

Maritime Board Mr. Hubbard in his report on the railway bridge and he believed that all the piers could easily be rebuilt that it had an attendance of 128 dele- to carry a heavy superstructure. This gates representing the three provinces would do away with the necessity of procuring a right of way for a new bridge. The railways of the country, and great interest was manifested in the proceedings throughout. he said, were improving their position and the time might come when Fred-ericton would be made a divisional point. For this and other reasons a live Board of Trade should be main- tained.

Important matters concerning the welfare of the Maritimes was discuss- ed and resolutions adopted. Three New Brunswick men were named on the executive. Statistics were quoted to show how the trade of the three provinces had flourished in pre-Con- federation days, and it was pointed out that the volume had declined fol- lowing the abrogation of the reciproc- ity treaty with the United States in 1866, while the trade of the Central Provinces had sharply increased. Other matters discussed included a regional tariff and the Maritime claim against the Federal Government on account of boundary increase of other provinces.

On motion of Mr. Hodge discussion of the matters touched upon in the president's address was deferred for another meeting. of the many changes during the twenty years if such comparison would be of value.

Officers Elected

The election of officers for the en- suing year resulted as follows:

President—W. W. Hubbard.
Vice-president—S. S. Miller,
Treasurer—Gerald Lawson.
Secretary—R. H. Simonds.
Auditor—G. S. Armstrong.
Trustees—J. T. Jennings, George W. Hodge, J. D. Palmer, R. B. Hanson, M.P., J. A. Reid, John Neill, J. M. O'Halloran, F. L. Cooper, A. A. Shute, Gerald Lawson, Dr. C. C. Jones, James Pringle, Ivan McKnight, Albert Kit- chen, C. H. Forbes, W. G. Clark, Wil- lam Walker, R. L. Phillips, Alex. Mur- ray, J. M. Malcolm.

The report of the treasurer showed a balance of \$54.87 on hand at the close of the year.

The Marketing Art

J. K. King, deputy minister of agri- culture, being introduced by the presi- dent, briefly explained the agricultural marketing act recently adopted in Great Britain and explained that such a measure was contemplated for the Dominion. He said that the British act provided for the formation of Boards to conduct the distribution of such commodities as wheat, milk and bacon in marketing centres and take care of the surpluses. The object was to have money received from the sale of such products distributed evenly among the farmers. In regard to po- tatoes, he said that should there be a surplus it was planned to grade out ten per cent of the total and send them to starch and potato flour fac- tories. Whatever loss was entailed would be borne by the whole com- munity. The pools would also, he said, regulate production to some extent, taking a farmer's acreage over a pe- riod of years, and charging a small fee per acre.

Mr. King went on to say that to set up such legislation in Canada it would have to have the support of the cen- tral government as well as the govern- ment of the different provinces as authority was not centralized as was the case in England. He urged the need of cooperation and cited the working of the act respecting cattle inspection for T. B. to show what could be done. This act, he said, in future, was to be administered by the provinces. It had worked out well and owners of diseased animals were compensated.

The systematic grading and market- ing of such commodities as potatoes and apples was discussed by Mr. King and he showed how an improvement could be brought about by the adopt- ing of a marketing act.

Urged a Drive

J. D. Palmer spoke of the value of a Board of Trade to a community and urged that a drive be made for

There was some discussion over a letter from the secretary of the Can- adian Chamber of Commerce, asking the views of the Board on the pro- posed Central Bank and other matters and President Hubbard was instructed to draft a reply.

After deciding to hold another mee- ing on the evening of Tuesday next, for the discussion of the President's address, an adjournment was made.

Government To Face Teacher Problem

A proposition from the New Bruns- wick Teachers' Association that the limit of students at the Provincial Normal School here be reduced con- siderably from three hundred, will be submitted to the provincial govern- ment supporters who will meet in caucus here tonight as well as a re- quest for revival of the minimum salary provisions for teachers. Prem- ier L. P. D. Tilley promised a delega- tion from the Teachers' Association last night that these matters would be seriously considered.

The government had introduced the measure suspending the minimum sal- ary provision for one year during crit- ical times, the Premier pointed out to the delegation. The delegation pointed out that there were more than 800 qualified teachers in this province, far more than could be supplied with schools, even when times were nor- mal.

The delegation which appeared be- fore the government at its meeting last night consisted of O. V. Miller, of this city, president of the N. B. Teachers' Association; C. T. Wetmore, of Rothesay, secretary-treasurer; F. E. McDiarmid, of this city, vice-presi- dent; I. B. Rouse, city; G. F. Mc- Intyre, Milltown; R. J. Coy, Wood- stock; C. D. Dickson, Moncton; H. C. Ricker, president of the Saint John Association; Miss Jessie Gilliland, Westfield, and Miss Lulu Hallett, of Marysville.

CONDITION SERIOUS

Reports to hand today indicate that the condition of George T. Pinder, ill at his home at Pinder, is not as satis- factory as his friends would wish. It is stated however that only one lung is affected. His sister Mrs. H. H. Mc- Nally, who arrived here yesterday from New York left for Pinder by the Otis train this afternoon.

DIED

STEPHENS:—At Louglas, N. B., January 9, 1934, Samuel Stephens, aged 74 years.

Funeral from the late home on Friday (tomorrow) afternoon at 2:30 o'clock. Service will be con- ducted by Rev. George Telford, as- sisted by Rev. H. A. Westrup, Kes- wick. Interment will be made in Rural Cemetery, Douglas.

DIPHTHERIA IMMUNIZATION

A Free Clinic will be held at the York County Court House, Thursday, JANUARY 11th, 1934, from the hour of 2 until 4 o'clock in the afternoon.

EDNA M. FARRELL,
Secretary Fredericton Sub-
District Board of Health.

Government Considers Legislation Program

(Continued from page eight)

the sale of light wine and beer in hotels, clubs, and restaurants, that the government had no intention whatever of passing an act of this character.

He announced that the government supporters in caucus here tonight, would consider the proposal of legis- lation providing the taking of a plebi- scite on the question by any incorpo- rated town which so desired. It would be entirely a matter of local option, the premier assured.

Right To Vote Asked

Rev. G. W. Guion, pastor of the Brunswick Street church and Mrs. W. Steadman Smith, of Marysville, pre- sident of the W. C. T. U. were the chief spokesmen of the delegation and urged that the youth of the province would be endangered and that bars would be opened up with general drinking should such measure be passed. Premier Tilley told the dele- gation that more than 1,800 citizens of Saint John, many of them leading persons in the city, had asked the government to provide legislation which would give authority to take a plebiscite on the sale of light wines and beer in hotels and clubs in that city, and such plebiscite to be taken at the time of the civic elections in April. The government, he said, had not the slightest intention of passing an act legalizing this procedure. He made it quite clear that if Frederic- ton or any other city wished action on this matter that it would have to be voted upon by the citizens. That is, providing that such plebiscite authority was granted the incorporat- ed towns as asked.

All that the citizenry of Saint John had asked, said the premier, was "the right to vote on the question".

Hon. Dr. H. I. Taylor, Minister of Health is a guest at the Queen Hotel.

ANOTHER SEA SERPENT

St. Thomas, Ontario, Jan. 11—The Lock Ness sea serpent reminds a St. Thomas man who was born in Scot- land of a snake-like monster he saw in another Scottish lake thirty years ago. The only effect it had on him was that it stopped him from gathering gull eggs along the shore.

SUGGESTS A MONUMENT

Toronto, Ont., Jan. 11—The Toronto Globe editorially says that the pro- posed memorial to the late Sir Ar- thur Currie should be national in character and suggests that a monu- ment be erected to his memory by public subscription.

HORSE DAMAGE \$125

A runaway horse owned by Reuben Budovitch, of this city, caused damage to the extent of \$125 this morning when he crashed into the plate glass window of the hardware firm of E. M. Young & Sons, York street. The horse threw its driver at the corner of Queen and York and galloped out York street, striking the window in the hardware store and taking off a mail box in its course. It was finally pick- ed up near the C.P.R. station. No one was injured.
