AROOSTOOK SHELLS OF MAINE

TRIMMED U.N.B. BASKETEERS 31-24

Touring Maine Basket Shooters Show Extreme Height on Floor, and Sweetser, Lanky Center, Scores 13 Points on Thomas—Steady Play by Donaldson, Beatty and Freeze.

The touring Aroostook Shells of Presque Isle, Maine last night defeated the University of New Brunswick basketeers 31 to 24 in a fast interesting game in the university gym. The extreme height of the Maine players was an advantage hard to overcome. The Maine squad led at the half by the tally of 14 to 13.

U. N. B. played a steady game, but displayed poor shooting ability although they managed to pull up a little on their opponents in the last half. R. A. Sweetser, Shells' lanky centre was high scorer with 13 points.

Substitutions were frequent and there were quite a number of fouls.

Shells—Harmon, f. 6; R. Sweetser, f.; Maines, f.; R. A. Sweetser c. 13; Towle, g. 5; Burnet, g. 5; White g. 2.

U.N.B.—Thomas, c. 9; Beatty, g.; Lilley, c.; Donaldson, f. 8; R. Freeze, g.; Cuthbertson g.; Storey, g.; A. Freeze, c.; McKinnon, f. 6; LeBlanc, f. 1.

Referee—Ted Coffey.

HERE'S ONE FOR HOCKEY BOOK

FORT WILLIAM, Ont., Jan. 30—"One for the hockey book" was uncovered here today in the report of a bantam midget hockey game between Port Arthur MacDonald Cartiers and Port William Rinky Dinks.

The Cartiers won 10-0 and all 13 goals came from the stick of little 13-year-old Frankie Parker, left defence. Investigation into the season's record of this young performer, who will be 14 in a few days, brings to light the fact that scoring is pretty much of a habit with him. In seven league and two exhibition games in which his team has come through without a blemish he has amassed the amazing total of 71 goals.

From the ice up he has all the earmarks of a "natural."

FREDERICTON CUBS DEFEATED NORTH SHORE

The strengthened Fredericton Cubs defeated the Miramichi sextet 4-1 here last evening. The visitors showed good material for a pick-up team, and were only eight strong.

The lineups:

Fredericton: Goal, Hickson; defence, Goodine, Pickard; left wings, Lifford, Mills; centres, MacDonald, Steen; right wing Haining, McLennan, Beatty.

Newcastle: Goal, Jarvis; defence, Roy, J. Duffy; left wings, B. Fallon, McMahon; centre, P. Duffy; right wings, F. Fallon, Woods.

First Period—1—Fredericton, Mills (Steen), 19:30. Penalty—McMahon.

Second Period—2—Fredericton, Lifford (Haining), 5:30; 3—Fredericton, Mills (Steen), 15:32; 4—Newcastle, B. Fallon, 18:00. Penalties—B. Fallon, Wood.

Third Period—5—Fredericton, Lifford (MacDonald), 17:40. Penalties—MacDonald, Pickard, J. Duffy.

Referee—Fred "Larry" McLean.

GIANTS' MOUND STAFF BEST IN BIG LEAGUE

New York, Jan. 30—With their Big Four back intact, along with seven other good pitchers, the Giants have the best staff in the National League, according to midwinter rating.

Based on past performances of each man in the majors or minors, reputation for consistency and a study of reports on prospects from each of the eight cities, with allowance for fluctuations in ability considered, these rankings represent how each pitching staff shapes up "on paper."

Last year the Giants stood sixth in the winter ratings, but they had far and away the best corps in the league. Hubbell and Fitzsimmons were the only high ranking men, although it was pointed out strongly that Schumacher and Parmelee might upset the dope.

The Cardinals topped the list last January, but Walker, Hallahan and Mooney didn't measure up to past form. This year the Cards appear to have the fourth best staff.

In 1933 ratings were in the following order: Cardinals, Cubs, Braves, Pirates, Dodgers, Giants, Reds, Phillies. Except for the St. Louis and New York cases the staffs stood up about as predicted.

Thirty years old, with a lithe, sinewy left arm, Hubbell ought to continue his brilliant work of 1933. It may not be as dramatic, but even with the lively ball in use, there is no reason why he shouldn't keep on pitching great ball.

The sturdy Fred Fitzsimmons should go on winning his 15 games. He is only 32. Schumacher and Parmelee ought to be even better than last season. Both are young and brilliant. Luque and Bell may not pitch as spectacular ball, but if they slip, Shores, Bowman, Clark, Salvesson and Smith will make up the difference.

While most other clubs are depending on promising recruits, every one of the Giants pitchers, except Smith, has pitched in the majors, and Smitty was on the Giants' bench disguised as a coach all last summer. The Giants have a better staff than they had last year.

HORSE DOPING RACKET AGAIN TO FOREFRONT

MIAMI, Fla., Jan. 30—Bond of \$1,500 was posted today by Harry Cooper, race horse owner and trainer from Vancouver, B.C., at a hearing before a Federal Commissioner on narcotic possession charges.

Cooper recently was permanently barred from all Florida tracks by the State Racing Commission after State and Federal agents raided his home in Hialeah and found a quantity of narcotics, hypodermic needles and alleged formulas for "doping horses."

The raid was conducted after a chemist for the racing commission made a test of two of Cooper's horses.

Bond in the Federal case originally was fixed at \$5,000, but reduced when Cooper was given a hearing today and ordered released pending a grand jury session next month.

A similar charge of narcotic possession also is pending against Cooper in State court, where he has posted bond of \$2,500. He also has deposited an additional \$500 with immigration authorities, although no charge has been made against him by that Federal division.

Smelling gas in a nearby apartment a nurse dashed in just in time to save a man who was attempting suicide. Ten days later the man jumped out of a window and succeeded in ending his discontented existence on this planet. Now the young lady wishes to know if she did wrong in keeping a person in a state of anguish on this plane against his will.

LALONDE TRIES ICE INNOVATION

MONTREAL, Jan. 30—"Newsy" Lalonde has made a convert to his idea of widening the mid-ice area. Eddie Gerard has joined him in a plan to put on an experimental game some morning with a few weeks between Maroons and the Canadiens. It will be an exhibition affair of course. The lines will be widened by twenty feet at each end. Plays will be made with five men against six, four against six. It will be a regular game, with the fans invited to look the affair over. Newspaper writers, league executives as well as referees will be asked to pass judgment on the idea.

PERRY WINS FROM CRAWFORD

SYDNEY, Australia, Jan. 30—Frederick J. Perry, star of the English Davis Cup team and United States singles champion, yesterday had furthered his claim to world tennis supremacy by defeating Jack Crawford in straight sets in the finals of the Australian championships.

Playing a dashing, faultless game, Perry won yesterday, 6-3, 7-5, 6-1. He also won the doubles title Friday with his Cup team-mate, G. P. Hughes.

It was the fourth meeting between the world's two ranking amateur players and the third victory for Perry. The Australian's only triumph came in the Australian-English series a few weeks ago.

O'CONNOR WINS MARITIME TITLE

Saint John, N. B., Jan. 31—Forty event program of the Maritime indoor speed skating championships was run off in three hours at the Forum last night as a throng of more than 5,000 watched Clement O'Connor race to the senior men's title. O'Connor's best showing in the longer events, the green-trunked North End boy skating to wins in the half-mile and one and two-mile events. Falls in the sprints cost him precious points and he failed to make the 220-yard finals. In the 440 O'Connor was placed third after a foul by Harry Smythe of Moncton had led to a spill by the Saint John speedster. Dick Steel of Rothesay, a newcomer in senior circles, enjoyed the spotlight with O'Connor and was runner-up to the champion in points. O'Connor led with 100 while Steel won the quarter-mile and jumped in for a smart second in the 880 to aggregate 50 points. Smythe finished the night with 40 for third place. He fell during the last lap of the mile, carrying Steel out of third place with him, and did not appear in the two mile.

Fate put too much cracked ice in Explorer Ellsworth's set-up.

PAIN IN THE STOMACH AFTER EATING SOUR BREATH - GASSY RIFINGS

When your stomach is sour and full of gas, when you belch wind and suffer from cramps and diarrhoea, try a few drops of trusty old NERVILINE—even twenty drops in sweetened water will give you quick relief.

New Brunswick Mother's Experience

For the benefit of many mothers who don't know just what to do when sudden ills overtake the children, Mrs. H.L. Carpenter of Rothesay, N.B. gives good advice: "For the last three years," she states, "I have used Nerviline, and find it a wonderful medicine. In our home we have used Nerviline for neuralgia, colds, chills and cramps. Nerviline gives wonderful relief. I employ Nerviline for chills, colds and pain in the stomach. I live in the country and find Nerviline a necessity to assist in overcoming the many small ills that constantly arise in the family."

JACK GETS A SEND-OFF . . .

The crude old mumble of "gettin' on in the world" might be applied to young Jackie Keenan, who has left here for Montreal, where he has obtained a job and will play hockey likely. Monday's Montreal Star carried a two-line head: "N. B. Hockey Player Is Coming Here" and a paragraph on young Jack's hockey career to date and his two brothers, Doug, who is playing in the Montreal league and "Si" who is best known for his hockey exploits with University of New Brunswick and Fredericton City. The youngest of the Keenan brothers possesses lots of hockey ability and has been one of the offensive stars of the Fredericton Cubs this winter and his debut into Montreal hockey will attract a lot of comment and interest hereabouts. The fact that Montreal is being attracted by the oncoming younger players in the Maritimes gives these provinces a bit more prestige in these late years. It was not always the case. Only in recent years has Upper Canada glanced askance, as the Moncton Hawks, Halifax Wolves and some other strong Maritime hockey clubs cleaned up on their best "bets." As a result of the trend the younger players of these Maritimes may receive the benefit. There may be lots of Lambs and Keatings ready for the upgrade.

MONTREAL-MONCTON SERIES . . .

"Buaz" O'Meara, in the Montreal Daily Star, brings to mind the coming play-offs in Dominion amateur hockey and makes some comment on a McGill-Hawks series. Says O'Meara:

"Even though it is quite a way to the amateur play-offs, fans in the Maritimes are beginning to visualize a series between McGill

and Moncton. It seems almost a foregone conclusion that Moncton will represent the East in an endeavor to duplicate their success last winter.

"On their record attained so far it is difficult to figure McGill out of the setting, even though the Royals will dissent loudly from that viewpoint. This team looks to have the class. In fact, the corridor patrol around the Forum believe they are better than the M.A.A.A. Allan Cup team. Which is, of course, a matter of opinion. McGill hasn't won the title yet, but they look to have a strong enough club to carry them through the obstacles in their path. The Moncton Hawks team is probably just as strong a contender as last season, which was very strong indeed. Still the opinion gains ground around here that if they hook up with the roving Redmen, their reign will be halter."

"There's an Old Spinning Wheel in the Parlor" in Radio's most popular story at the present moment.

Cheer up, folks, weather sharks say that a hot summer follows an extremely cold winter, so this zero weather should be over by July.
