

Dr. Wood's

Norway
Pine
Syrup

The Obstinate Cough That Keeps You Awake

It's the cough that sticks; the cough that hangs on; the cough it is hard to get rid of that causes the nerve and throat wracking cough that keeps you awake at night.

Why not get a bottle of Dr. Wood's Norway Pine Syrup and see how quickly it will relieve this coughing condition. It loosens the phlegm, soothes the irritated membranes, strengthens the bronchial organs, and when this is done there is no more lying awake with the irritating cough.

Price, 35c. a bottle; large family size, 65c.; at drug and general stores; put up only by The T. Milburn Co., Limited, Toronto, Ont.

WOMEN ARE RABID READERS OF MYSTERIES

(New York Sun)

A comedy of real, life espied on an Eighth avenue subway train:

Across the aisle from the observer sat a man and a woman. She was deeply engrossed in a detective magazine and he was turning the pages of a woman's periodical. Perhaps they had merely swapped their favorite periodicals during a ride, but they didn't converse, so the observer could not tell if they were acquainted. Or he might have been taking the pub-

lication home to his wife.

Be that as it may, the fact remains that women are running men a close second now as readers of detective stories. Just watch them buying magazines some day to prove this assertion.

Accused Trio Before Police Court Today

(Continued from page eight)

Leo F. Cain, who defended the prisoner, asked for dismissal of the charge but the motion was overruled by the magistrate. C. R. Hawkins appeared for Steele, the informant.

The case is being continued this afternoon.

Notice to the Holders of Debentures of:

ASSOCIATED GAS and ELECTRIC COMPANY

You, of course, wish to do your utmost to safeguard your investment in the Debentures of Associated Gas and Electric Company. To do this we believe you should exchange them at once under the Plan of Rearrangement of Debt Capitalization.

About \$100,000,000 of the Debentures of all series have been exchanged by well over 40,000 holders.

Realization by important banks, trust companies and investment dealers of the need for the Plan has been growing steadily. Many, who heretofore showed no interest or were opposed to it, have recently changed their opinion. They are now exchanging their own Debentures and advising others to do likewise without delay.

Options 1 and 2 are the more conservative and have been the choice of almost all holders. Regular payment of interest is more certain with Option 1.

Nearly three-quarters of the new Debentures which are reserved under Option 1 (subject to the terms of the original offer) have already been issued and are outstanding. Certain expected large deposits make quite likely the early closing of Option 1.

All Debentures sent in for exchange under Option 1 will be exchanged under Option 2 if Option 1 is closed prior to their receipt unless the holder otherwise directs. Those who send in their Debentures by return mail will be reasonably certain, however, of having their Debentures accepted for deposit under Option 1.

In figuring the interest adjustment on exchanges made from now to the first of the year, you will be allowed full interest to January 1, 1934, on your present holdings.

Holders who wish to do their part to protect their own interests should act immediately.

DEMANDS FOR DIRECT RELIEF THROUGHOUT THE PROVINCE ARE LIGHTER THAN LAST YEAR

Generally speaking, demands for direct relief in New Brunswick this year will be considerably less than last year, with the exception of Northumberland County, where "drastic methods" must be adopted without delay to remedy the "most acute" situation in the province, Premier L. P. D. Tilley stated after a conference yesterday with representatives from all the municipalities of New Brunswick excepting Kent and Queens counties and year.

Matters pertaining to direct relief payments in New Brunswick during the coming year, as well as the financial position of the various municipalities and incorporated towns in the province, were discussed at the conference called by Premier Tilley. The relief and unemployment situation in the entire province was thoroughly canvassed. Representatives submitted to the premier and government members their requirements for the current year. Practically every section, Premier Tilley said, reported improved economic conditions, with subsequent lessening of direct relief requirements. The situation in Northumberland County, however, was shown to be the most acute in the province.

"In the submission of the financial statements of the various municipalities today it was noted that not one municipality in New Brunswick had been forced to default in any commitments," Premier Tilley said in an official statement. "Further, these statements indicated in a most surprising manner the sound position of the majority of the municipalities throughout New Brunswick. Many of the representatives, in-

Make Good Showing

deed practically 95 per cent of those at today's gathering, submitted statements to indicate that despite the heavy drain upon the treasury within the last few years the financial position was strong.

To Be Held Annually

"Several municipalities reported no bonded indebtedness and one or two representatives from incorporated towns were able to report surpluses on their activities within the last year."

Presiding at the conference, Premier Tilley asked the representatives to submit their case with frankness and invited suggestions which might tend to alleviate the general situation affecting unemployment throughout the province.

"It was the consensus of opinion at today's gathering that the conference had been a great success," said Premier Tilley. He proposed an annual meeting of similar character. Brigadier J. L. R. Parsons, C. M. G., D.S.O., officer commanding Military district No. 7, described to the conference the relief project in Sunbury County for unemployment, single men, whose numbers had increased to 468. Men now working there had come from practically every section of the province, he said, and the plan was working out most satisfactorily.

Every member of the government was present except Hon. W. H. Harrison, K.C., attorney-general. Every municipality of the province was represented except Kent and Queens. Mayor J. W. Brittain, Saint John, sent regrets. Representatives of that city were unable to attend because of an important conference there with the Saint John Harbor Commission.

ANNUAL WARDEN'S SUPPER PROVED AN ENJOYABLE AFFAIR

(Continued from page three)

Mayor Clark

His Worship congratulated the Warden on his election and rejoiced that he represented the good old parish of Queensbury. He was proud of the county of York and wished to congratulate it on its strong financial position. It was to be envied on having no bonded indebtedness. Speaking of changes, he said when he gave a radio talk last Sunday relatives in Vancouver were within the sound of his voice. He appreciated the good feeling between the city and county and hoped that it would ever continue.

Dr. C. C. Jones

Ex-Warden Nason proposed the toast to our educational institutions coupling with it the name of Dr. C. C. Jones, president of the U. N. B.

Dr. C. C. Jones, in replying to the toast, congratulated the warden and reiterated the words of praise of other speakers on the efficient way in which the business of the county was being carried on. The same was true of all the eastern provinces of Canada. In the west things had been overdone and it was necessary to borrow money from Ottawa in order to carry on. He was brought up on a farm and if he had had the good sense to remain there he might now be a county councillor. He was glad to learn that only a few schools were closed in New Brunswick as a result of the depression. He felt it important that country schools should be kept up so the boys could obtain an education. As an illustration he pointed out that ex-Premier Richards who was now a judge was the product of a country school at Keswick Ridge, and it was a good school as he (Jones) once had charge of it.

Passing on Dr. Jones referred to the great progress made in Fredericton in school work in recent years. Splendid new buildings had been provided by the city council and had been well equipped. Then there was the splendid new Normal School building with which his good friend the Hon. Minister of Public Works had been identified. The death of Dr. H. V. B. Bridges, long identified with educational work was a great loss to the County and province. Regarding the U.N.B. it now had nearly 400 students, which meant an expenditure of \$4000 a week in Fredericton, which assisted in providing a market for the farmers.

There was also a summer school at the U.N.B. which had an attendance of seventy-five students. In closing he wished one and all a happy and prosperous New Year.

Another selection by the quartette followed.

Bench and Bar

Coun. James P. Barry in proposing the health of the bench and bar, spoke of the importance of law to our social system and of its value in settling disputes.

J. B. McNair, in replying to the toast congratulated the Warden on the success of the dinner. He approved of such gatherings and thought they did much good. Although times were getting better the country had still a long ways to go, and it must not be forgotten that there was a tremendous burden of debt. It was not correct to say that the country owes everybody a living and people should be made to get onto the job. As to lawyers there was no profession so jealous of its dignity as the legal profession.

Leo F. Cain also responded briefly to the toast. He said that while surprised at being called upon, he felt it an honor and privilege to be allowed to address such a gathering. He was glad to hear it said that the law was the means of promoting harmony, as it had been often charged that it was a means of creating strife. In closing he heartily congratulated the Warden on the success of the dinner and also on having kept the best wine until the last, he (Cain) being the final speaker.

The pleasant function was brought to a close shortly before midnight with the singing of the National Anthem.

ENGAGEMENT ANNOUNCED

Montreal Star:—The Rev. Dr. George E. and Mrs. Ross of Fredericton, N. B., formerly of Montreal, announce the engagement of their daughter Marian Davison, to Dr. Harold Edward MacMahon, of Boston, son of the late Mr. and Mrs. Hugh Precival MacMahon, of London, Ont.

Again, begins that annual experiment of trying to get along with Christmas slippers that fall off, or those you have to stoop to pull on.

WHY GIRLS GO "BOY CRAZY"

Chicago, Jan. 5—A fear of not being normal is what makes girls "boy crazy," Dr. Karen Horney says she believes.

Dr. Horney, who is associate director of the Institute for Psychoanalysis, gave this conclusion in the Institute's annual report, made public today.

Thirteen "boy crazy" girls were studied.

"They reach out," the doctor said, "for love, not because the other sex is attractive to them, but because the adoration of a man serves to reassure them and alleviate their fear of not being 'normal.' This fear manifests itself in a general sense of insecurity."

The insecurity of "boy crazy" girls, the physician said, expresses itself in a conviction that they are not attractive, although they may be beautiful girls.

PARROT NAMED CO-RESPONDENT

Seattle, Wash., Jan. 5—Maybe Larka, the singing parrot is Hollywood-bound.

At any rate she was not present in Superior Court to hear herself characterized as a "co-respondent" in the divorce suit of Mr. and Mrs. Marion H. Brown, each of whom is seeking a decree.

Mrs. Brown testified Brown bestowed too much attention on the bird, and that he planned to take her to Hollywood. Now the bird has disappeared. Brown said he believed it "just flew away." The case was taken under advisement.

Clearwater, Florida, Jan. 5—Barter is quite a convenient thing, S. C. L. Yates concluded after swapping his milk cow for freedom.

Fined \$9.50 in Magistrate F. I. Gates' court for violation of a traffic ordinance, he was about to go to jail in lieu of funds.

And then he thought of his cow and struck up a trade with the magistrate.

Crop estimates may yet be made by low-flying airplanes and all in twelve hours. Speed, and more speed.

THAMES PROVES MENACE TO OLD LONDON

London, England, January 5—Although London's Old Man River, the Thames, has probably been the making of the British capital, it continues to cause serious perplexities to the metropolis through which it flows.

Not only does its serpentine course through the heart of the city complicate the handling of road traffic, but its liability to overflow its banks during the winter months constitutes a menace to thousands of riverside dwellers in the metropolis and neighboring towns and villages. A few years ago 14 people were drowned, when the Thames overflowed at Westminster.

Incidentally, if landowners desired to be so "hoggish" they could bar hikers and nature-lovers from the town-paths beside the Thames for nearly a hundred miles of its course.

Berlin—Dates of Jewish holidays must be eliminated from all calendars, Minister of Interior Wilhelm Frick decreed today. Officials particularly were warned that calendars they used were to be aryanized.

London—Viscount Churchill of Wynchwood, 69 died of pneumonia at his home in Langley House, Galashiels Scotland, today. Chairman of the Great Western railway, he was prominent in numerous fields.

Mexico, D.F.—Mexico paid Spain a 2,000,000 peso (\$560,000) instalment today on its bill for 15 ships now under construction. The total bill for the two gunboats, three transports and 10 armed launches is 16,000,000 pesos (\$4,480,000).

Munich—Joseph Rossberger, director of the Catholic Seminary at Freising, Bavaria, was sentenced to eight months' imprisonment and costs upon conviction of advocating non-support of the government's winter unemployment relief program.

Havana — President Ramon Grau San Martin sought today to mark the end of political chaos by naming a date for election of a constituent assembly to arrange for stable government.

Foochow, — Despite warnings to evacuate danger zones in the Fukien province anti-Nationalist government revolt, many Americans remained at their stations.

TENDER

Tenders for 150 Tons or more of lump Minto Coal, to be delivered at the City Schools, will be received by the undersigned until Saturday Noon, JANUARY SIXTH.

The lowest or any tender not necessarily accepted.
