MONDAY, AUGUST 21, 1916

But under the circumstances I determined that the Government was right, and I determined to place at its disposal whatever influence I had with my fellow-countrymen. I have loyally supported all the war measures of the Government, have appealed to all classes of my fellow-citizens to rise to the occasion and do their share, not only in contributing money, but in the ranks by doing battle for the great cause. And I am here today for the same purpose and object, to appeal to my fellow-countrymen of all origins to do their duty, and ask all who can go to take their places amongst those who are contending for the cause of civilization on the fields of France and Flanders.—Sir Wilfrid Laurier at Brome.

JUDICIAL CHANGES.

The announcement was made on Saturday that Mr. W. B. Chandler, K. C., of Moncton, had been appointed to the vacant position on the Court of King's Bench caused by the death of Sir P. A. Landry, and that Judge H. A. McKeown would succeed to the position of Chief Justice. Both appointments will be satisfactory to the legal profession, and to the public generally. It was generally felt from the start that the vacant position would go to Mr. Chandler. He is an able lawyer who has never been in politics, although his services as an investigating commissioner under the present local government gave him a good working knowledge of the game as played by the element which unfortunately for the country is now in control of affairs. There were other aspirants for the position, including Premier Clarke, Mr. R. A. Lawlor, K. C., of Chatham, Mr. Daniel Mullin, K. C., of St. John, and Max Cormier, of Edmundston. Premier Clarke, so it is said, was stood off with a promise of the Lieutenant Governorship, which will be vacant in March next. Mr. Cormier was put out of the running by Minister Hazen on the ground of inexperience, and as for Messrs. Lawlor and Mullin, they were stood off with some sort of promise. Mr. Chandler was probably the best available man for the position and he can be counted upon to uphold the highest traditions of the bench.

In promoting Judge McKeown, Hon. Mr. Hazen followed the precedent set by Hon. Dr. Pugsley when the position of Chief Justice became vacant a few years ago. The late Sir F. E. Barker, although Conservative in politics, was given promotion, and the public interests were well served thereby. The promotion of Judge McKeown will be well received on every side. He has shown himself to be an industrious and able judge, and he does not lose sight of the fact that he owes something to the public apart from his judicial duties. No other member of the bench has been as active in addressing recruiting meetings and performing other work in connection with the war, as Judge McKeown.

Chief Justice McKeown is fifty-three years of age. He was born in St. Stephen, the son of Rev. Harrison McKeown, a well known Methodist clergyman, and a nephew of the late Dr. Thomas Harrison, Chancellor of the U. N. B. He was educated at Mount Allison and was admitted to the bar in 1885. He practiced his profession at St. John and was first elected to the Legislature for that city in 1890, and was re-elected in 1892 and 1899. He entered the Tweedie government without portfolio, and in 1903 was appointed Solicitor General. In 1904 he resigned his seat and was an unsuccessful candidate for the Federal Parliament. In 1907 he was appointed Attorney General and continued to hold the position until the defeat of the ministry the following year. He was appointed to the Supreme Court Bench in June, 1909.

Judge Chandler is a son of the late Mr. E. B. Chandler, a prominent lawyer at Moncton and Dorchester in his day, and grandson of the late Lieut. Governor E. B. Chandler. He is a graduate of Harvard Law School and studied with Messrs. Fraser & Winslow, at Fredericton. He first took up the practice of law at Woodstock and then removed to St. John, where he formed a partnership with Mr. T. Carleton Allen, of Fredericton, who had been at Harvard with him. Later he established himself in Moncton. Mr. Chandler never engaged in political life, but latterly became well known

throughout the province by holding investigations for the provincial government. Mr. Chandler, who is about 62 years of age, is married to a St. John lady (formerly Miss Agnes MacNamara) and attends St. Bernard's R. C. Church, Moncton, of which Rev. E. Savage is rector.

Irish residents of Boston, at a great mass meeting in Faneuil Hall on Friday, adopted resolutions protesting against the execution of Roger Casement. References made to Germany by the different speakers were loudly cheered and the name of John Redmond was hissed. One of the speakers was Miss Nora Connolly, daughter of the commander in chief of the Irish Volunteers.

A by-election in Southwest Toronto for the Ontario Legislature is taking place today. The Conservative candidate is Mr. J. H. Norris, and Mr. Hartley H. Dewar, K. C., is the Liberal standard bearer. There are also two independent candidates in the field. The vacancy was caused by the death of Hon. J. J. Foy, K. C.

ON THE SIDE.

This world is just one tax bill after another.

Oh, no, payin' up don't make us any cooler.

That tax money would buy an awful lot of ice cream.

Fine driving weather on the Russian front.

It's too hot to be carrying around a bank roll anyway.

If we could get a shower now we wouldn't even put up an umbrella.

That uncompromising order to pay up to the city treasurer only "adds to the horror of the scene."

We're decidedly of the opinion that the Fiji islanders know some good things in the way of styles in dress.

It seems as if the Germans nowadays are always losing ground on Somme front or other.

They say if you get up at 4 o'clock these mornin's you can see Venus in all her glory. She ain't worth it.

The way wheat is jumping around one might suspect the crop was full of grasshoppers.

"1-1*?—2!!*(!)?!2—Of course you don't know what it means, but if you were one of the guests at City Hall today you at least have an idea.

Any girl can gain a reputation for brilliancy if she is willing to let men drivel along and tell her the stories of their lives.

This here order to pay up and save 5 per cent or be prosecuted if you do not looks to us something like the proposition the Germans made to Belgium at the beginning of the war.

LLOYD GEORGE IS

VERY OPTIMISTIC

Says the Nippers are Gripping and We Shall Soon Here the Crack.

Gricieth, Wales, Aug. 20.—In a speech last night to his fellow townsmen here, David Lloyd George, Minister of War, said:

"I am satisfied with the way things are going. I feel, for the first time in two years, that the nippers are gripping and before long we will hear the crack. Then we will be able to extract the kernel.

"I say at once that we shall see that there will not be another war in our day. The British people have made greater sacrifices than we ever thought possible. Three years ago nobody dreamed that Great Britain would pour millions of young manhood into the battlefront. The vigor of our demands must be according to the measure of our sacrifices."

WANTED OUT WEST.

Out of the west comes the call for help. Farm laborers are wanted. In former years the same call has gone forth—always answered nobly. This year the call is stronger, the necessity is greater. The crops are ripening fast—the yield is abundant.

With the harvest well taken care of, the wheels of prosperity will drive with greater force, and this great country will fulfill well the tremendous demands now being made upon it in supplying various products. The harvesting of the crops is therefore of national importance—a national necessity.

HEALTHIEST ONE
IN THE FAMILY

No Sign Of Dropsy And Kidney Trouble Since Taking "FRUIT-A-TIVES"

HATTIE WARREN

Port Robinson, Ont., July 8th, 1915. "We have used 'Fruit-a-tives' in our house for over three years and have always found them a good medicine. Our little girl, Hattie, was troubled with Kidney Disease. The Doctor said she was threatened with Dropsy. Her limbs and body were all swollen and we began to think she could not live. Finally, we decided to try 'Fruit-a-tives'. She began to show improvement after we had given her a few tablets. In a short time, the swelling had all gone down and her flesh began to look more natural. Now she is the healthiest one in the family and has no signs of the old ailment. We can not say too much for 'Fruit-a-tives' and would never be without them."

BELGIANS MAKING
PROGRESS IN
EAST AFRICA

The Occupation of St. Michael Permitted a Junction With British Troops.

Havre, France, Aug. 19.—The Belgian official review of the campaign in German East Africa and in the vicinity of Lake Tanganyika, issued today, says that the first two weeks in August were marked by further progress of the Belgian troops, and Col. Molitor's brigade occupied St. Michael on August 12. The statement adds:

"Since beginning its offensive movement, the brigade, leaving Lutobo at the end of April, covered more than 300 miles of German territory in a particularly difficult mountainous region. During March it defeated the enemy in five combats, inflicting serious losses. "The occupation of St. Michael permitted a junction with British troops. Since then many important positions have been captured including the German railroad lines between Rutshugi and Kigoma, the adversary losing over 100 killed. Some prisoners were taken and booty including two marine cannon from the cruiser Konigsberg."
