U. S. CAN'T WIN THE DAVIS CUP, SAYS BEASLEY

Philadelphia, Jan. 12—The United States players out for the Davis Cup in 1934 have options on how to try to defeat such good teams as Australia and England. The Australian match will come first. The team that defeats Australia should win the Cup.

The Davis Cup will be on grass this year, a decided break for the United States. The kind of grass the Americans should use will, in my opinion be the most important question for consideration for months and months.

An attacking game is a fine treat for the spectators. There is little applause for two defensive players. Everyone loves praise. We know certain players who do everything possible to get applause. They play to the gallery. They have learned how to please the paying customers. They are part of the show. Even the women have their cute tricks about getting the crowd with them. It is no fun to have the gallery against you.

But the past season gave a good idea what can be done with the United States' pet attacking game. The Hills, fast hitters such as Shields, Stoefer and Wood had a good season up to a point.

McCOY WON

Bangor, Maine, Jan. 13—Al McCoy, of Waterville met Eino Nyholm of Maynard, Mass., in the feature 10 round bout at the Auditorium here Friday night. The men are middle-weights. The bout was a victory on points for McCoy.

Keeping a diary has been a feminine weakness ever since the first cave-woman carved her secrets on a rock. When her husband refused to listen to them. But very few men have cared to keep tabs on themselves.

Let's call it a winter and be done with it. Shields has his No. 1 position for his efforts, but not the national championship. He missed the finals.

Stoefer made progress, but his power, so effective in doubles, was not so noticeable against Perry at Forest Hills.

Wood has moved down the ladder and has had a good season up to a point. He ranked seven in 1931, four in 1932, and now he rates sixth.

TORONTO AND CHIAHAWKS HOLD ON TO SLIM LEADS IN NATIONAL RACE

Rangers Tied With Hawks In American Sector; Lowly Amerks Thrill by Their Dogged Efforts; "Scotty" Bowman Penalized.

Chicago, Jan. 14—Headed by Johnny Gottselig, who banged in two goals, Chicago Black Hawks trounced New York Americans 4-0 tonight, to hold on to their share of first place in the American Section of the N. H. L. The victory kept the Hawks in a tie for the lead with the New York Rangers who defeated the Montreal Maroons, and preserved their one point lead over Detroit Red Wings, which overcame Boston.

The Americans, who played Toronto Maple Leafs to a tie last night, were unable to cope with the swift Hawks. Manager Tommy Gorman changed forward lines as often as once every 60 seconds and the pressure wore the Americans down. A crowd of 10,000 fans saw the match.

SOME SURPRISE

Toronto, Ont., Jan. 14—In these surprising National League days when New York Americans are on the way up any hockey team may regard itself with some considerable favor for getting an even break with the hustling team that Joe Simpson has finally got on the run. Toronto Leafs held the spangled outfit to a 2-2 tie here last night, but not without many attending difficulties.

A crowd of 10,000 thrilled to the fighting spirit of the Americans, who twice sped into the lead over the mighty leaders of the Canadian Section of the N. H. L., lost the advantage both times, then put on a fighting finish in the overtime period that all but won. It was the second draw the teams played in three nights.

Without Charlie Conacher, league leading scorer who was not dressed because of an attack of boils on his legs, the Leafs, barely managed to hold the rejuvenated New Yorkers after a scoreless first period in which only the great goal-tending of Roy Worters saved Americans.

RANGERS ON TOP

New York, N. Y., Jan. 14—New York Rangers held their place at the top of the American Division of the N. H. L. tonight by defeating the Montreal Maroons, third place club of the Canadian group, 3 to 1. It was a hard fought game but produced only flashes of really fine play.

Frank Boucher, Ranger centre, was the standout performer with two goals scored on clever individual performances. They put the game away after "Butch" Keeling had netted the opening tally half way through the second period.

Ward, Montreal Maroon star, scored the only tally of the night for his team on a pass from Byrdson, in the last period.

SHUTOUT AGAINST BRUINS

Detroit, Michigan, Jan. 14—In a fast wide-open National Hockey League game, Detroit Red Wings tonight defeated Boston Bruins 2-0, with Frank Carson, veteran wing forward, getting both goals.

ANOTHER TIE GAME

Montreal, Jan. 14—Ottawa Senators tonight were still out of a play-off berth in the Canadian Section of the N. H. L., following their scoreless overtime draw with Montreal Canadiens before a crowd of about 7,000 here last night.

Only the fine goal-keeping of Billy Beveridge, chubby Ottawa net-minder coupled with their own poor shooting when in close, caused the "Flying Frenchmen" to come out of the game with a draw. Time and again the Montreal snipers broke through the well timed passing plays, only to be out-guessed by Beveridge or to shoot wide of the nets when they had the winning goals within reach.

HARRIS AND JUDGE COMBINE AS SOX HEADS

Boston, Mass., Jan. 14—Joe Judge veteran for twenty years who broke in with the Red Sox in 1914, yesterday was named by Stanley Harris, Red Sox manager as first lieutenant for the 1934 season, and while his name still appears on the active list it is expected that he will be listed as a coach when the time arrives for the club to cut down the player limit.

The appointment of Harris was the highlight at yesterday's conference at Fenway Park which marked the arrival of Stanley Harris in the Hub to rival of Stanley Harris in the Hub to complete details for the southern training season.

At the same time it was whispered that the Red Sox plan a working agreement with a club in the Piedmont League, probably Greensboro and that Jack Onselow, recently appointed scout for the team will be named as manager.

Harris also announced yesterday shortly after his arrival here that the Red Sox batterymen will report at the Sarasota camp on Sunday March 3. The infielders and outfielders will report a week later, according to present plans.

Instead of two workouts a day at the training camp, Harris voiced the opinion that he favors a single session. And this plan is expected to make an instant hit with the players, who invariably oppose two sessions daily at a sun scorched training camp.

Harris reported that he has been working out daily in a gymnasium in Washington together with Joe Judge

BELIEVE THAT AMATEURS ARE OVER-BURDENED

Columbia, Montana, Jan. 14—An urgent request to Congress to repeal the ten per cent federal admissions tax on amateur and school sports events will be presented soon by National Collegiate Athletic Association, C. L. Brewer, director of athletics at Missouri University and vice president of the N. C. A. A. declared today.

Brewer said that the petition would be based on a year's study by the N. C. A. A. of conditions, at more than 600 schools. He said that the survey showed that because of the small amounts collected and because of the details and difficulties of administering the tax, it was profitable to the government at only about ten per cent of the schools.

The tax, the N. C. A. A. will also contend, is contrary to government principles of the past which have been to subsidize school and amateur sports rather than to burden them with axes.

and Billy Werber, Sox infielder.

Harris's appointment of Judge as his "right eye" for the season made a hit with all hands. Judge, it will be recalled, played first base on the Washington champion team, where Harris was manager.

DEMPSEY TO CONVERT BAER BACK TO RING

Boston, Mass., Jan. 12—That sensational dash and pep which Jack Dempsey exhibited in his fighting days in still his outstanding trait. Since his arrival in New York he has pepped up boxing circles so much that a Baer-Carnera title contest now looms as certainly this year.

The former champion who is promoter and manager for Baer, refuses to say anything definite about a championship bout, but he has announced that he will not enter into any agreement with the New York Garden in order to stage the contest.

Needs Several Fights

If Baer intends to do some fighting this year he will have to take orders from Dempsey, and according to information from New York, they will be some orders. Dempsey does not believe that Max should even think of a bout with Carnera until he has met two or three heavyweights his own size. It would be nice if Baer battled once each in New York, Boston and Chicago. You must give Dempsey credit for knowing how to ballyhoo his contender for the heavyweight title.

With Baer fighting in those three big cities he would not meet Carnera for the title until early October. At that time Carnera will be relieved of his tie-up with the New York Garden. His contract with the New York expires September 30.

Bill Duffy, the American manager of Carnera, agrees to this proposal. It is evident that he wants to string along with Dempsey, but whether he will be able to sway the champion's European manager remains to be seen. However, it is thought that the Dempsey arguments will sway the European manager unless he already has received advance money from New York boxing men for the champion to spend on the trans-Atlantic liners. Carnera spends a for-

COLLINS IS FORCING WORK ON FENWAY

Boston, Mass., Jan. 12—More than 1000 men have started work at Fenway Park. General Manager Eddie Collins has instructed the contractors to renew the job at once.

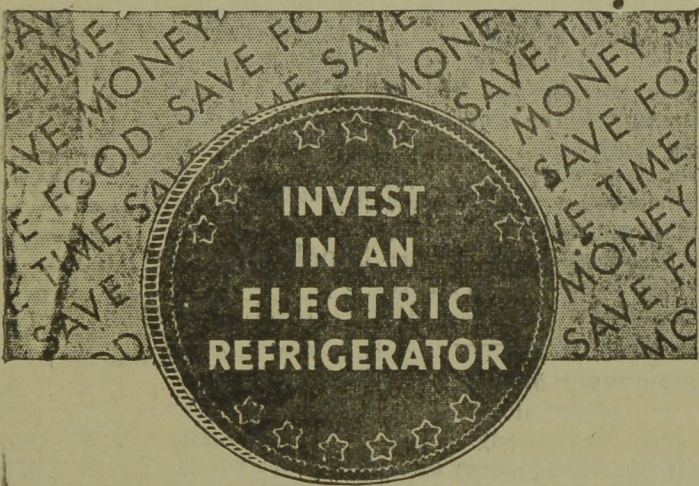

Last week over 750 men were employed at Fenway Park reconstructing the entire layout. Friday fire swept through the park, wrecking the center field bleachers, which were part of the new construction. The framework and newly laid cement was ruined.

But Collins had received word from Owner Tom Yawkey to go right ahead with the job, no matter how much money it costs or how many men would have to be employed, so that the park will be ready for the opening game.

In the original plans the remodeling job called for an expenditure of \$750,000. Last Friday's fire ruined \$150,000 worth of material and labor which boosts the cost to \$900,000.

Yawkey and Manager Bucky Harris are expected to be in Boston some time this time to look over the damage and to make plans for the spring trip. Harris has been at his Washington home while Yawkey is still going on his South Carolina estate.

Because of the way Dempsey has gone into the heavyweight championship situation in New York there are rumors that Bill Carey will return to New York Garden and will attempt to do business with Jack, replacing John Reed Kilpatrick. Dempsey and Carey are great friends and it is thought they would be able to come to an amicable agreement over the title fight with less fuss than would Dempsey and Kilpatrick. Kilpatrick is not so much of a stickler for boxing as is Carey.

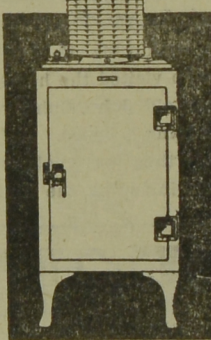

IMMEDIATELY.... as soon as an Electric Refrigerator starts serving you, it will start saving for you as well. You will find that costly food waste is reduced. Leftovers, usually thrown away, can be kept safely and made into appetizing dishes you'll be proud to serve. You will have shorter food bills, longer menus.

Why not take advantage of our special Refrigeration Jubilee terms to make this money-saving investment. Drop in today and see the new models on display. Our special terms make it easy to own any one you may choose.
