FOUND GUILTY, THREE YOUTHS GET SUSPENSION

Three-Year Sentence Is Meted Out For Retaining Stolen Goods

COURT ADJOURNED

Norman Fletcher Was Sentenced To Six Months in Jail

Sanderson Young, 18, John Graham, 19, and Morley Robinson, 19; were given a suspended sentence of three years by Judge A. R. Slipp, when found guilty by a petit jury last Saturday of retaining stolen goods in their possession. This was the second point of an indictment brought against them. A verdict of not guilty was found on the first point, that of breaking and entering with intent to steal. The charges were preferred originally by Abe Levine, King St. dealer, who lost a number of hides from his warehouse last October.

P. J. Hughes, K.C., defence counsel for Young and Graham, and Albert R. Murray, representing Robinson, moved for suspended sentences on account of the youth of the prisoners. The Court explained the suspended sentence pointing out that a criminal conviction of the men during the next three years would bring the sentence into effect. The hides taken were ordered returned to Levine. His Honor congratulated Mr. Murray for this was the lawyer's first County Court Criminal Case since his recent admission to the bar.

The Fletcher Case

Norman Fletcher 40 year old McGivney Junction resident, who had been found guilty of retaining stolen goods in his possession was given a jail term of six months to date from the day of his arrest last October 18. The Court in lecturing Fletcher told him that this was one of the lightest sentences he had given a similar offence during his 13 years on the Bench but warned him that another conviction in his court would get him an extreme sentence. Judge Slipp told Fletcher that he was giving him a splendid opportunity to make a fresh start in life.

J. Bacon Dickson, counsel for Fletcher had asked for leniency, explaining that his client had a wife and seven children to support, that he had been confined nearly three months already, and that the grand jury had returned no bill on the first count of his indictment that of breaking and entering.

C. L. Dougherty prosecuted for the Crown in all cases.

At the conclusion of business court was adjourned sine die.

SEVEN INCHES OF SNOW

Seven inches of snow fell in Sunday's big snow and gale storm. It was one of the largest snowstorms of the season and citizens were kept indoors by the increasing gales. City employees were busy with snowplows yesterday and today. The big city plow was busy today on Queen St., and before the day was out Queen street presented a clean snowless appearance.

ICEMEN FACE WORST WINTER FOR INDUSTRY

Expect Average Good Season in Production of Ice Though

GOOD QUALITY ICE

Total Cut Will Be In the Vicinity of 8,000 Tons, Operator Says

The present winter has been the worst ever experienced by ice magnates in this vicinity from point of adverse conditions, according to Robert Stevenson, prominent ice dealer, of this city. The securing of ice on the river front has been handicapped by the tremendous amount of snow and the frigid temperature.

However, the ice cut this season is confidently expected to aggregate between 7,500 and 8,000 tons, which is about what was cut and housed last winter for consumption in Fredericton and Devon. The quality of the ice, Mr. Stevenson claims, is about as good as the average.

Those operating on the river this year are Messrs. Shortill and McCoombes and Williams from the Devon side, and Messrs. Stevenson and Simms, from this city. Besides these the City Dairy is cutting about 800 cakes (150 tons), employing its own men in the work.

The local iceman said today that the season's cut is about half completed, with about 4,000 or more tons to cut and house yet. Mr. Stevenson states that he already has most of his season's cut in his ice houses.

Commenting this morning on the present ice season, Mr. Stevenson told of unusual conditions on the river-front, due to the thickness of snow.
