MORE SUCCESSES HAVE BEEN WON BY ENTENTE ALLIES

General Haig Reports That an Ever Deepening Salient is Being Made in the German Lines---The British Have Improved Position on the Battlefront---Encouraging News From the Eastern Front.

London, July 17.—The successes of the Entente Allies are following each other with great rapidity. Today's despatches brought news of further important gains for them on both the western and eastern fronts, arousing enthusiasm among the British public hardly less than that caused by the reception of the first news of the Allied offensive.

The despatch of General Sir Douglas Haig today shows that the steady pressure of the British arms is forcing an ever-deepening salient into the German lines, and the commander-in-chief, for the first time produces evidence in the shape of documents captured from the Germans, giving testimony as to the high price the Germans are paying in casualties.

The British have improved their position along almost the whole of their

line of the battle front, capturing by assault, 1,500 yards of German second line positions north of the Bazentin Le Petit wood, a strong German position at the Waterlot Farm, between Longueval and Guillemont, besides completing the capture of the whole of the villages of Ovillers and La Boisselle. These gains bring the British almost to the crest of the Albert plateau, where stretches the German third line.

Fine News Also From East.

The news from the eastern front today was equally important. The Russian commander, General Kuropatkin, has launched an offensive against Field Marshal Von Hindenburg on the Dvina river, and General Von Linsingen's troops southwest of Lutsk have been compelled to retire behind the

Lipa river, while in the course of Sunday's fighting in Volhynia the Russians captured an additional 17,000 prisoners and thirty guns.

General Von Linsingen's retirement, according to Petrograd military critics, represents a great Russian tactical success. It was preceded by heavy fighting, in which the Russians smashed the Teuton front on a width of a mile and penetrated several miles into their positions.

The war is now costing Great Britain £6,000,000 daily, but with such news as the success of the Entente Allies this sacrifice is nowhere grudged. While the powers of endurance of the Teutonic allies, should they be forced to act entirely on the defensive, have still to be tested, the British nation is full of confidence. It is taking nothing for granted, however, but is fully prepared to acquiesce in the advice of its leading ministers, like the foreign secretary, Sir Edward Grey, and Chancellor of the Exchequer McKenna, who are publicly exhorting the nation to the need of patience. Mr. McKenna announced in parliament today that nobody could estimate what the nation's war expenditure might be a month ahead. He also intimated that it would become necessary this week to ask parliament for fresh borrowing powers.

FOREST CITY.

Forest City, July 14.—Quite a number from this place attended the 12th of July celebration at Fosterville, N. B.

Mr. and Mrs. Edwin R. King, of New Bedford, Mass., have arrived at Mrs. J. Blanchard's for their summer vacation. This is their fourth summer here.

Mr. and Mrs. Harvey Lawrence and two children, of Houlton, Me., are visiting relatives here.

NEW BRUNSWICK LUMBER.

Deliveries in England Disappointing, and Values Have Weakened.

Farnworth & Jardine's Wood Circular, issued at Liverpool on July 1, 1916, contains the following reference to New Brunswick and Nova Scotia spruce and pine deals:

"The arrivals to the Mersey, including Manchester canal, were light during the past month, amounting to about 6,850 standards, against about 11,580 standards for the corresponding month last year. Deliveries disappointing, only totalling about 2,750 standards, but values have weakened, largely attributable to the marked decline in freight rates. Pine deals are in fair request, but stocks are light.

IRRITABLE NERVES RESTORED AND HEALTH REGAINED IN A SIMPLE WAY

The man or woman who is run-down, not feeling up to the mark, perhaps irritable, nervous or sleepless, can well afford to learn about the wonderful results the newly discovered blood food is giving to folks that use it.

There is wonderful power in this new blood-food, and every weak, pallid person can be quickly nourished back to health that uses it as directed.

After each meal, with a sip or two of water, you simply take two chocolate-coated tablets, sold in all drug stores under the name of "FERROZONE."

The effect is noticeable at once. You feel happier, brighter, more contented. That old-time feeling of weariness departs—you forget your "nerves" and no longer get irritable or cross over trifling annoyances.

There is a reason for this change, and that reason consists of the fact that Ferrozone contains blood-making materials you can get in no other way.

Ferrozone makes the blood tingle and sing with new vitality. This ensures lots of nourishment and strength being supplied to every part of the body.

No wonder the eyes brighten and the cheeks radiate color and happiness. With abundance of strength, a keen appetite, good digestion and plenty of sound sleep—all the result of Ferrozone—you quickly feel as if life held new charms and pleasures.

DEATH AT FOSTERVILLE.

George W. Maxon, an Old Resident, Passes Away.

A respected citizen in the person of George W. Maxon, passed away at his home at Fosterville, N. B., in the early hours of July 4th, aged 69 years.

He had resided on the old Maxon homestead since coming to that place with his parents in 1851, when only 4 years. He was one of the charter members of L. O. L. No. 50, established nearly 50 years ago, and had been one of the most regular attendants of that lodge.

The funeral services on July 6th, in the church at Fosterville, conducted by Rev. C. N. Barton, were largely attended, the Orangemen following in a body from the residence to the church and from the church to the grave.

He leaves, besides a large circle of friends who mourn his loss, a widow and four children. The children are Mrs. Wm. Gould, of Forest City, Geo. A. Maxon, of Fosterville; Mrs. H. F. Smith, of Haynesville, Me., and Mrs. Ralph Kerr, of Cumby, Texas.

Advice--Often Worth Heeding

—particularly when that advice refers to habits that directly affect one's health and comfort.

Thousands, annoyed by headaches, nervousness, biliousness, sleeplessness, etc.,—often due to tea or coffee drinking—have heeded a friendly suggestion to quit both tea and coffee and use

Instant Postum

This pure food-drink is made of wheat, roasted with a bit of wholesome molasses. It has a rich, snappy flavor, fine color and aroma, and it contains no caffeine—the drug in tea and coffee—nor other harmful element.

Freedom from caffeine gives Nature right of way to rebuild and revitalize the mental and physical forces.

There are two forms of Postum: The original Postum Cereal must be boiled; Instant Postum, a soluble form, is made in the cup by adding boiling water—ready instantly. Some prefer one, some the other; they are equally delicious and the cost per cup is about the same.

With most tea or coffee drinkers the change to Postum marks the start to better health and greater comfort.
