

## OPPOSED TO WILSON

## AS MEDIATOR

German Professor Thinks It Would Only Serve to Increase His Prestige.

The Hague, via London, July 17.—The German newspaper Vorwaerts prints an article recently written by Prof. Konrad Metger of Berlin, a member of the national Liberal party, under the heading, "Dread of Peace."

Prof. Metger at some length tries to make out that the role of peace mediator would only serve to raise the personal prestige of President Wilson, who, according to the writer, is anxious to emulate President Roosevelt's success at Portsmouth.

But he adds, "this should be a warning to us, seeing the result was that Japan was cheated out of the fruits of victory."

The Vorwaerts comments on the article: "The anti-Americanism of the national Liberals seems to have risen to such a pitch of self-deception that they would wish the war to continue indefinitely so long as America is kept from being the mediator. The great majority of German people certainly do not share this view."

## STREET CAR STRIKE

## HAS BEEN SETTLED

Company Grants all Demands of the Men at Portland, Maine.

Portland, Me., July 17.—Street car service in the city was resumed today after being interrupted since Wednesday last by a strike of employees for the reinstatement of eight men discharged by the company, and for recognition of the union.

The wage question was not an issue. The committee of conciliation, at the close of a thirty-hour conference, announced that the company had granted all demands.

How a pretty woman does love to walk down the street with a homely one!

Some day half the world is going to die of exhaustion from trying to tell the other half how to conduct its own business.

The trouble with the man who is going to the devil is that he always wants to take somebody along with him.

## Mrs. Julia Henshaw

It is not often that a woman is elected a Fellow of the Royal Geographical Society, but the explorations made in the Canadian Rockies in search of wild flowers by Mrs. Julia Henshaw deserved exceptional recognition. Her book "Wild Flowers of the North American Mountains," with its beautifully colored plates should become a classic, with the further advantage of being a popular classic owing to the method of arrangement. The flowers are grouped by colors, one section being devoted to White, Green and Brown flowers, another Pink and Red flowers, a third Blue to Purple flowers, and a fourth Yellow to Orange. Mrs. Henshaw, in addition to her botanical studies is one of the leading spirits in the Daughters of the Empire, and was sent last December by Sir Sam Hughes as a Captain in the Canadian Army on a special mission to England and France connected with the distribution of Christmas gifts to the troops at the front. Our illustration shows the authoress in her mountain costume with her favorite pony at Lake Louise in the Canadian Pacific Rockies.

The business session was called to order by President Allen B. Albert, of Minneapolis.

A man buys clothes to put on—a woman buys them to show off.

The more checks a spendthrift has faster he travels. Evidently the poet was broke when he said to his best girl: "Drink to me only with thine eyes."

One of the great drawbacks is that we never know it is too late until it is too late.

-this is what Studebaker COMFORT means!

Just look at that illustration a second time. Look at the roominess of this new Studebaker SERIES 17 FOUR—the individualized COMFORT that's built into the car for every one of the SEVEN passengers it carries.

Not a detail has been overlooked that will make the car easier-riding. The front seats, for example, are divided—and they are also adjustable—that is, they can be moved fore or aft to fit the passenger's wishes.

In the tonneau, roominess is especially evident—lots of room for five full-grown people. The rear seat is wide and deep and luxuriously upholstered with the finest straight-grain, semi-glazed leather. And everywhere roominess, convenience and a host of COMFORTS have been built into the car.

This new Studebaker is the most powerful 4-cylinder car on the Canadian market within hundreds of dollars of its price—the biggest car that any such price as \$1225 ever bought—but on COMFORT alone it stands as the GREAT value of the year. Come in and see this splendid "Made in Canada" Car.
