MARYSVILLE NOTES

Marysville, Feb. 1.—The Marysville Town Council will meet in regular monthly session this evening.

The appearance after Friday night's dance would indicate that a raid had been pulled off, with the exception that the bottles were empty.

Ald. Spencer has rented the building known as the Mission House, which he intends to fit up for a store. Mr. Spencer is well and favorably known, having carried on a successful business here for some years until about two years ago, when he met with a heavy loss by fire. Ald. Spencer is a keen business man and no doubt will receive a liberal patronage.

Mr. E. G. Merritt of The Mail staff spent Thursday at this place renewing old friendships, likewise subscriptions for The Daily Mail.

Mr. B. B. Staples, manager of the Partington Company's business here, has purchased a handsome car.

Mr. and Mrs. Bert Peterson arrived here recently from Bathurst. Mr. Peterson is a son of ex-Ald. T. A. Peterson and has been engaged as foreman in a pulp mill at Bathurst for the past two years.

GERMAN ZEPPELINS FLY OVER ENGLAND

London, Feb. 1.—A raid by six or seven Zeppelin airships took place last night over the eastern, north-eastern and midland counties of England, according to an announcement of the war office.

A resumption of the Zeppelin raids on London and the east coast of England was expected by the British authorities, and on January 26 a special warning was sent out by the police, which, after referring to the increase of the offensive protection against hostile aircraft recently provided in the metropolitan district, advised the public on the occasion of air raids to take cover.

The last raids on England by German aircraft occurred on January 23 and 24, when hostile aeroplanes dropped bombs along the east coast of Kent, killing or wounding a few persons, and an aeroplane attacked the station, barracks and docks at Dover.

Only recently the defense of London from air attacks has been placed in the hands of the war office; previously the admiralty had charge of this matter. Both these departments, however, have been co-operating harmoniously.

Prior to January 3 there was an interval of several months during which England was immune from air attacks. From June 15 until October 13 there were six Zeppelin raids on London and the east coast of England, in which 121 persons were reported killed and 313 injured.

After the Zeppelin raids on Paris Saturday and Sunday nights, the view was expressed by the French authorities that these attacks were doubtless merely a prelude to a more extensive movement by German aircraft and the fact that six or seven machines have taken part in the new raid on England would indicate a well considered plan by the Germans to increase the activity of their dirigibles and probably bring into play the new Fokker machines, which are reported to be very effective engines of war.

SUGGESTIONS FOR DEFENCE.

Discussing the possibility of serious damage to London from a Zeppelin attack, The Times says:

"Any raid intended to do serious damage to London, the defences of which are still in process of development, is not likely to be of the haphazard nature of the Paris raids. It remains for us to provide a really serious reception."

"Hitherto London's principal efforts in this direction consisted chiefly of guns largely manned by chery, but inexperienced and ill-equipped amateurs. No one who witnessed the raid on London last autumn can have failed to have been impressed

by the inadequacy of the defensive preparations. Since then considerable progress has been made, but we should be better satisfied if we had also sufficient aeroplanes to attack the raiders."

KINGSCLEAR.

Kingsclear, Jan. 31.—Mrs. Sadie Murray of Dunsmuir, who has been visiting friends here, returned home Friday.

A generous surprise was given to Mr. Robert Gray recently, when two loaded shells drove to his home in Central Kingsclear to assassinate him. Mr. Gray was married to Miss Florence Pincorne of Marysville the 19th last. The chauffeurs were dressed in fancy costumes and their music was guns, cornbells and tin horns. After they had finished their music Mr. and Mrs. Gray cordially invited them in and treated them to cake, candy, beer and cigars. After several songs they left, giving a cheer for the bride and groom and wishing them long life and happiness.

Mr. and Mrs. Wm. Farris of Springhill, are visiting their daughter, Mrs. Charles Murray.

Miss Nellie Chffe was hostess at a very pleasant tea last Wednesday at her residence, Kingsclear, in honor of her friend, Miss Sadie Murray. A very pleasant time was spent with games, songs and music.

Miss Grace Dunphy was the guest of Miss Josephine Murray on Thursday.

Mr. Arnold Dunphy of Winnipeg, arrived on the noon train Saturday to visit relatives here. He is a son of Mr. and Mrs. Harry Dunphy, formerly of Kingsclear.

Do we hear wedding bells? Quite a number of families are suffering from la grippe and Dr. Robertson is kept very busy.

PITY THIS POOR GIRL! SHE NEEDS SYMPATHY

Growing fast—yes, into weakness, but without strength. Tired, of course she is—pale and thin, too. She doesn't eat enough and digests far too little. This condition is so common, but how seldom noticed even by fond parents. Give her Ferrozone—then watch her appetite improve—see her cheeks and lips grow ruddy—watch her spirits rise. This gain is simply the result of eating and digesting enough and thereby nourishing blood, brain and nerves. To a woman Ferrozone restores strength she has lost—to a girl it brings strength perhaps she never knew. You'll try Ferrozone, 50c. at all dealers.

Had Palpitation OF THE HEART ALSO WEAK and DIZZY SPELLS.

When the heart begins to palpitate it will beat fast for several seconds, then slow, then start to flutter, and a feeling of utter depression will come over your whole system, accompanied by weak, fainting and dizzy spells, and if you should happen to wake up in the night with your heart palpitating, and that "all gone" sinking sensation, you feel as if you were surely going to die.

When you feel this way, you may be sure that both your heart and nerves are out of order, and what you require is a real good heart and nerve tonic; one that will build up and strengthen both the heart and nerve system.

For this purpose nothing can equal Milburn's Heart and Nerve Pills.

Mrs. J. S. Nicholls, Listowel, Ont., writes: "I was weak and run down, my heart would palpitate, and I would take weak and dizzy spells. A friend advised me to take your Heart and Nerve Pills, so I started at once, and found that I felt much stronger, and my heart was ever so much better in a short time. I cannot praise your medicine too highly for it has done me a world of good. My husband has also been bothered with heart trouble, ever since childhood, and finds great relief by using your valuable pills."

Milburn's Heart and Nerve Pills are 50 cents per box, 3 boxes for \$1.25, at all dealers or mailed direct by The T. Milburn Co., Limited, Toronto, Ont.

A. MURRAY & CO.

The Printing and Publicity Specialist Talks To His Son

"Say, John, I feel quite sick today," said Mr. Blank. "Please visit the different doctors in town, and find out who will cure me for the least money. Get your quotations tabulated and then let me see them. Of course we will engage the doctor who charges the least."

"Why, I never heard of such a thing," said John. "The idea of getting quotations from a doctor; it's the asylum for you."

"Well now, why not? I am a specialist in printing and publicity. I study my business just as carefully as any doctor can do. If I do say it that shouldn't, I have just as much brains as the average doctor. I strive to give my customers the benefit of my knowledge, my artistic skill and judgement and my ideas on publicity. I give service as the term is understood in the Twentieth Century.

"When some people around here have a little printing to be done, they visit all the printing offices, get quotations from each one, and then give the work to the man who gives the lowest figures.

"The ordinary user of printing knows his own business, but he is no more a judge of the work of printing than he is a judge of what sort of medicine a doctor should give him for the cure of his ailment. If people ask me for quotations and pass me by if my price happens to be a little more than the other fellow, why shouldn't I apply the same method to the doctor, lawyer, dentist and painter? Why not? It's a mighty poor rule that won't work more than one way."
