TUESDAY, MARCH 7, 1916.

What I said November 9, I repeat now: "We shall never sheathe the sword, which we have not lightly drawn, until Belgium—and I will add Serbia—recover in full measure all and more than they have sacrificed; until France is adequately secured against aggression; until the rights of the small nations of Europe are based upon an unassailable foundation, and until the military domination of Prussia is wholly and finally destroyed."—Premier Asquith.

THE GORE RESOLUTION.

Following is the full text of the much-talked-of Gore resolution warning Americans from armed ships of belligerent nations, which was tabled in the Senate at Washington on Friday last by a vote of 68 to 14:

"Whereas, a number of leading powers of the world are now engaged in a war of unexampled proportions; and

"Whereas, the United States is happily at peace with all of the belligerent nations; and

"Whereas, it is equally the desire and the interest of the American people to remain at peace with all nations; and

"Whereas, the President has recently afforded fresh and signal proofs of the superiority of diplomacy to butchery as a method of settling international disputes; and

"Whereas, the right of American citizens to travel on unarmed belligerent vessels has recently received renewed guarantees of respect and inviolability; and

"Whereas, the right of American citizens to travel on armed belligerent vessels is essential neither to their life, liberty or safety, nor to the independence, dignity or security of the United States; and

"Whereas, Congress alone has been vested with the power to declare war, which involves the obligations to prevent war by all proper means consistent with the honor and vital interest of the nation; therefore be it

"Resolved by the Senate, the House of Representatives concurring, That it is the sense of the Congress, vested as it is with the sole power to declare war, that all persons owing allegiance to the United States should, in behalf of their own safety and the vital interest of the United States, forbear to exercise the right to travel as passengers upon any armed vessel of any belligerent power, whether such vessel be armed for offensive or defensive purposes; and it is the further sense of Congress that no passport should be issued or renewed by the Secretary of State or by anyone acting under him to be used by any person owing allegiance to the United States for purpose of travel upon any such armed vessel of a belligerent power."

The text of Senator Gore's addition to his original resolution and which was tabled with the warning resolution, was as follows:

"Resolved, by the Senate, the House of Representatives concurring, That the sinking by a German submarine, without notice or warning, of an armed merchant vessel of her public enemy, resulting in the death of a citizen of the United States, would constitute a just and sufficient cause of war between the United States and the German Empire."

Commenting on the action of the Senate, the New York Herald says:

"The Senate has voted on the question of German interference with American affairs. The majority against Wilhelm the Anarchist is a smashing one. No one expected that the Senate would go on record by practically five to one. It is the beginning of the end. Such a vote in the Senate can only mean a large vote in the House of Representatives. So, to use a slang expression, 'the jig is up.' Count Von Bernstorff may pack his boxes and put his trained white mice away. He can interfere in American politics no more. Henceforth any United States Senator or any member of the House of Representatives who seeks to tie the hands of the President by limiting the rights of American citizens will have the German Iron Cross branded on his back."

Sir Charles Hibbert Tupper, a former Federal Conservative cabinet minister, in a message to the people of Victoria, B. C., on the eve of the recent by-election, used these words: "There are mile posts on the trail of 'this corrupt combination. An opposition, had it existed on the floor of the House, would long ago have exposed their iniquities.' Sir Hibbert's words were directed at the McBride-Bowser combination which has misgoverned British Columbia for some years. They are equally applicable to the combination of political misfits now in control of public affairs in New Brunswick. Liberals and Conservatives should unite and turn the rascals out."

Writing to the Toronto Globe with respect to the British Columbia bye-elections, Mr. F. C. Wade, K. C., says: "British Columbia has made her decision; the end of tyranny has arrived."

ed; Bowserism is finished; Democracy has asserted itself; liberty and clean government are in sight."

Victoria Hospital Trustees In Session

The regular monthly meeting of the Trustees of Victoria Public Hospital was held yesterday afternoon, with President VanDine in the chair. Mr. Hamilton G. Kitchen, who succeeds Mr. W. G. Clark on the Board, was present and was most cordially welcomed by the president and other members of the Board. Mr. Kitchen took kindly to his duties and will, no doubt, prove to be a useful member.

Dr. Holden was able to make a satisfactory report on the present equipment of the operating room, and he evidently doesn't think a needle of any size or shape could be demanded and not at once forthcoming. His Worship the Mayor spoke of some necessary repairs to the building that will need early attention. This applies principally to the exterior.

Along financial lines the secretary-treasurer submitted a big sheet but some of the larger items are chargeable to the permanent account. With some drugs advanced three hundred per cent. in price and farm produce away up the figures will not keep down.

The superintendent, in her report shows that fifty-three patients were treated in February, about forty per cent. of whom were surgical cases. Four cases were treated in the surgical wing.

A letter was read from Dr. Davidson of Minto, respecting the admission of an Italian patient to the hospital, but the secretary declared that the name of the patient was as difficult of pronunciation as the name of the disease with which he was afflicted. It was agreed that the patient be admitted upon arranged conditions with the Minto Coal Co., and a diagnosis made by the hospital visiting physician.

The question of the establishment of a dietetic kitchen was again considered when the matter was delegated to Mr. P. J. Hughes and President VanDine, who will make enquiries as to means of providing instruction for the student-nurses.

After passing a number of accounts, the meeting adjourned.

Treasurer And Auditor Held Up City Blue Book

The statement published in The Gleaner to the effect that Mayor Mitchell was responsible for the holding up of the publication of the city blue book was proven incorrect at last night's committee meeting of the City Council. City Treasurer G. R. Perkins and City Auditor M. Tennant stated that they had held up the publication. Mayor Mitchell requested that The Gleaner make a correction.

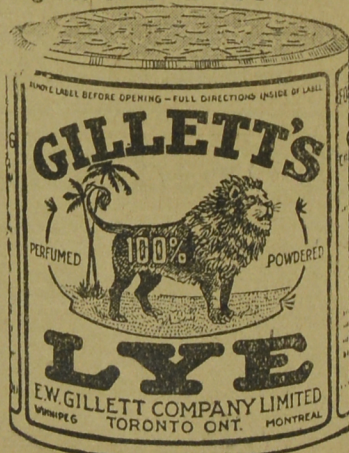

The holding up of the blue book resulted from the motion of Ald. Lemont at a previous meeting that the Canada Temperance Act receipts be separated from the Administration of Justice account, being in the nature of a Trust Fund. The treasurer pointed out that the accounts for the year closed December 31 and that separate account, if created, should start with the new year. Amount had been charged against the Administration of Justice account that should have been charged against the Canada Temperance Act.

Ald. Lemont replied that when an official did not want to do a certain thing it was easy for him to find excuses. The City Treasurer should have done as the resolution directed instead of holding up the blue book.

The Treasurer retorted that he would do whatever the Council said, but that if a Trust Fund was formed it must be in cash. As City Treasurer he was not going to be compromised by being in charge of a Trust Fund which did not exist.

Ald. Lemont finally agreed to amend his resolution by striking out reference to a Trust Fund. The separate C.T.A. fund is to begin with the present year.

GILLETT'S LYE EATS DIRT

HE FEELS LIKE A YOUNG FELLOW

Why Manitoba Man Praises Dodd's Kidney Pills

AFTER EXPERIMENTING WITH OTHER MEDICINES MAX HANJOOK FOUND IN DODD'S KIDNEY PILLS THE CURE THAT HE SOUGHT.

Pleasant Home, Man., March 6—(Special)—Mr. Max Hanjook, a well known resident of this place, who, after an extended period of ill-health is feeling strong and hearty again, is spreading broadcast the good news that he found a new lease of youth in Dodd's Kidney Pills.

"I tried all kinds of other pills, but they didn't help me very much," Mr. Hanjook says. "But Dodd's Kidney Pills have made me feel like a difficult man. I feel like a young fellow again. I want everybody to know that Dodd's Kidney Pills have done for me everything that has been claimed for them."

Dodd's Kidney Pills make men and women feel like young again because they spread good health all over the body. Dodd's Kidney Pills act directly on the kidneys. They make the kidneys strong and healthy and thus put them in condition to strain all impurities, all the seeds of disease, out of the blood. The cleansed blood circulating all through the body gives new strength and energy everywhere. That's why Dodd's Kidney Pills are popular all over Canada.

ROAD COMMISSIONER AND ALD. BAXTER IN CLASH

City Council to Amend Resolution Re Licensed Teamsters on Street Work.

There was a lively clash last night when the City Council was meeting in committee, between Road Commissioner H. C. Jewett and Ald. R. J. Baxter. The subject was the resolution recently passed by the Council to the effect that the Road Commission be instructed to employ only licensed teamsters driving their own horses. Mr. Jewett appeared in person and made a strong protest against the resolution, saying that it tied his hands and interfered seriously with the working of the Road Department. Ald. Lemont, the mover of the resolution, stated that he had realized almost as soon as the resolution had been passed that it was impossible to carry it out. He would move to have it amended.

Discussion ensued as to who had been the author of the resolution. Ald. Baxter said he was not present when it was before the Council and Ald. Lemont said it had been given to him. Mayor Mitchell said Mr. Frank S. Lister had told him he had written the resolution.

Road Commissioner Jewett, when making his protest, said that the resolution had resulted from the work of professional agitators and Sons of Rest. He had asked Ald. Baxter who had been the cause of it and was told by the alderman to go and find out. It was not the first time there had been trouble of this kind. It had been going on for some years and he knew the source of it. It was true that Frank Lister had prepared the resolution and the same combination had made trouble for him the first year he was Road Commissioner.

Ald. Baxter said he had protested against one teamster being given the bulk of the Road Department work during the winter. He also knew that a thousand signatures could be obtained to a petition against the Road Commissioner using his own horses on street work.

"If you want my horses kept off the work," replied the Commissioner "be men enough to say so instead of passing a resolution like that."

Mr. Jewett then pointed out that licensed teamsters often were not available and that there were many owners of horses who would be debarred because they did not drive their own horses.

Ald. Barker defended Mr. Jewett and said that the agitators were as much after him (Barker) as after Jewett.

HOWITZER BATTERY HERE.

St. John papers state that a howitzer battery is to be raised at Fredericton and a field battery at Woodstock.

Mr. C. H. McDonald of St. John, is at the Queen.

So our government is going to do more than it promised with the Valley Railway. Instead of crossing the St. John river it will double cross the whole province.

C. P. R. CONDUCTORS TO BE TRIED FOR FRAUD

(Special to The Mail.)

Montreal, March 7—Great importance is attached in railway circles to the case coming on at Ottawa on Thursday in which seven conductors and three alleged conspirators undergo their preliminary trial for defrauding the C.P.R. by duplicate sale of tickets. The men were remanded last week by Judge Green under heavy bail, amounting to \$1,000 each with additional \$1,000 as security.
