4TH SIEGE BATTERY BADLY
TRIMMED BY U. N. B. TEAM

Score Last Night Was 10 to 1—Young of U. N. B. Had to Retire After Injury—College Players Did As They Liked in Last Period—Game Was Rough.

The U.N.B. hockey team put on a 10 to 1 score against the team of the 4th Siege Battery last night. The Battery had the big end of a 6 to 3 score at St. John, but last night there was nothing to it. The first period was even, U.N.B. scoring the only goal. The second was also even, ending 3 to 1 in favor of U.N.B., but the last was a slaughter, the College team scoring seven times and the Siege Battery not at all.

The game was rough and Judge of Play Sterling handed out the penalties in large bunches, the visitors suffering the most. The artillerymen had the weight, and used it, although occasionally a U.N.B. player got in a good check.

Caleb Wade of Penniac, was in the net for the Siege Battery and made some good stops. In the last period however, the College forwards were allowed to get in close before they shot. Horncastle, Edgecombe and Gibson, formerly of U.N.B., were in the Gunners' lineup. Murphy made the Siege Battery's lone tally.

For U.N.B. "Dane" Mainann in goal played a star game and at times employed tactics which kept the attacking side a respectful distance from his goal. Burgess, as usual, was the hardest working and most effective forward. Pete Mooney led the scoring, making three goals. Burgess, Young and Carter had two each and McGibbon scored once. Late in the game Young received a clip across the face that brought the blood and was replaced by "Lassie" Brewer.

The teams were as follows:

Siege Battery	Goal	U.N.B.
Wade	Point	Hainann
McNeill	Coverpoint	Young
Murphy	Centre	Mooney
Gibson	Right wing	Burgess
Macaulay		McGibbon

Left wing.
Horncastle Carter
Substitutes.
Brown, Edgecombe Brewer
Referee—R. Jarvis.
Judge of Play—A. Sterling.

CHOYNSKI FAVORS JESS.

Pittsburg, March 2—Joe Choynski, the old time heavyweight, is no boxing instructor at the Pittsburg Athletic Club, and yesterday, in discussing the coming contest between Frank Moran and Jess Willard, said he couldn't see where the Pittsburgher had a life chance.

"Not that I count Willard a champion," said Joe, "but because he is the best of a poor quality of fighters that couldn't hold a candle to the old-timers. I can't see where Moran will ever reach Willard enough to grace him, and I believe the big fellow will win on points. Neither man could knock a good man out."

Arthur Jones surely bought Earl Jr., 2:01½, worth the money.

LEACH CROSS
HAS FUNNY STORY
REGARDING BOUT

Says He Boxed Four Rounds Against Saylor Without Knowing It—Knocked Out in First.

New York, March 5—Leach Cross tells a remarkable story of his defeat by Milburn Saylor.

"The blow that drove me into retirement wasn't delivered in the fifth round of that Cincinnati fight," says Leach. "As a matter of fact, it was a right-hander that he landed on me in the very first minute of the first round. It grazed the side of my head and landed with a terrific thump on the back of my neck, right at the base of my brain."

"It was a terrific smash and was for all the world like a blow from a black-jack. I felt myself sagging from that blow on the back of the neck at the end of the first round. I was nearly ready to collapse, yet I skipped and jumped to my corner, laughing at Saylor over my shoulder. He didn't dream that I was in a bad way."

"Now comes the most remarkable part of the whole fight. They tell me that when the bell rang for the second round to begin that I got up smilingly and began forcing again. You may not believe it, but I only remember sitting down at the end of the first round. From then on everything is a blank. They say I went five rounds, getting knocked down and getting up three times in the third."

"It may be so, but on my honor I don't remember a thing after running to my corner at the end of the first round. It was that black-jack-like blow on the back of the head that did it."

NEGLECTED COLDS
VERY OFTEN TURN TO
CONSUMPTION.

Never neglect what at first seems to be but a slight cold. Your head becomes stuffed up; you start to cough; an irritation in the throat follows; it gets lower down; settles on the lungs; you start to raise phlegm of a greenish, yellowish color sometimes streaked with blood, and you cough persistently.

You think perhaps you are strong enough to fight off this trouble, but colds are not easily fought off in this northern climate. Colds if not attended to will sooner or later develop into serious lung trouble.

Mrs. Willis H. Monk, Lower Ship Harbor, N.S., writes: "Last winter I took a severe cold on my lungs, and I would cough and spit up phlegm and blood. I had the cough for nearly a month, and I got medicine from the doctor, but it did me no good. I thought I had consumption. My friends advised me to use Dr. Wood's Norway Pine Syrup, which I did, and it gave me great relief. I am the mother of ten children, and I always keep a bottle of 'Dr. Wood's' in the house. I will highly recommend it to all, especially to all who have little ones to care for."

Dr. Wood's Norway Pine Syrup is the best cure for coughs and colds. It has been on the market for the past twenty-five years. It is put up in a yellow wrapper; three pine trees the trade mark; price, 25c and 50c.

ANOTHER COBB FEAT

Here is another of the unique thing to be credited to Ty Cobb. Twice last season the Georgia Peach made two hits and two runs in a single inning. Ernest Lanigan, who keeps tab on all the odd things that happen in baseball, tells us that Ty made a single and a triple off Bill James of the St. Louis Browns in the eighth inning of a game played April 28 and again in Philadelphia on September 22, made a single off Bush and another off Eccles in the seventh inning of a game with the Athletics. Some other players did this double trick once, but Ty Cobb alone repeated it.

TITAN KEROSENE ENGINES

WILL DELIVER MORE HORSE POWER HOURS PER GALLON OF FUEL THAN ANY OTHER ENGINE OF THE SAME RATING, BY ACTUAL TEST.

These Engines have been in use for over ten years. More than 250,000 have been sold. They have stood the test of time without the necessity for the slightest change in the working construction until the Kerosene Attachment was added.

No other Engine manufacturer on the continent can point to any such record. The only claim that the majority of them can make for their engines is that they are cheap.

The manufacturers of the Titan strive continually to give the highest possible quality and service.

The Printing and Publicity
Specialist
Talks To His Son

"Say, John, I feel quite sick today," said Mr. Blank. "Please visit the different doctors in town, and find out who will cure me for the least money. Get your quotations tabulated and then let me see them. Of course we will engage the doctor who charges the least."

"Why, I never heard of such a thing," said John. "The idea of getting quotations from a doctor; it's the asylum for you."

"Well now, why not? I am a specialist in printing and publicity. I study my business just as carefully as any doctor can do. If I do say it that shouldn't, I have just as much brains as the average doctor. I strive to give my customers the benefit of my knowledge, my artistic skill and judgement and my ideas on publicity. I give service as the term is understood in the Twentieth Century."

"When some people around here have a little printing to be done, they visit all the printing offices, get quotations from each one, and then give the work to the man who gives the lowest figures."

"The ordinary user of printing knows his own business, but he is no more a judge of the work of printing than he is a judge of what sort of medicine a doctor should give him for the cure of his ailment. If people ask me for quotations and pass me by if my price happens to be a little more than the other fellow, why shouldn't I apply the same method to the doctor, lawyer, dentist and painter? Why not? It's a mighty poor rule that won't work more than one way."
