PROVINCIAL NORMAL SCHOOL PUBLIC CLOSING TODAY

Medals Presented by His Honor, Lieutenant Govern-
or and by Hon. George J. Clarke, Premier of the
Province—Address by Dr. W. S. Carter—Students
Exercises Tonight.

The public closing exercises of the Provincial Normal School took place this morning in the Assembly Hall of the school. As usual, they attracted a large number of spectators the seating capacity of the large hall being taxed to the utmost. The exercises proved very interesting. An unusual feature was the uniformity of dress on the part of the lady students, who were attired in white with large red ties. Some also wore a touch of blue, thus wearing the school colors, red and blue.

His Honor the Lieutenant Governor presided. Others seated upon the platform were Hon. George J. Clarke, premier of the province; Rev. J. E. Wilson, Rev. Canon Cowie, Very Rev. Dean Neales, Rev. A. F. Newcomb, Rev. Father Carney, Dr. W. S. Carter, chief superintendent of education.

O Canada!

God Save the King.

Principal's Address.

The principal, Dr. H. V. B. Bridges

DR. H. V. B. BRIDGES
Principal of the Normal School.

in his opening address, briefly re-
viewed the work of the year. The
attendance, in all classes, he said,
had been 372, one of the largest on
record. Of that number of students,
about fifty had been French, twenty-
five in French classes and the bal-
ance distributed in the other classes.
Dr. Bridges remarked upon the plea-
santness of the year and upon the
absence of a mysterious illness.

Presentation of Medals.

The presentation of medals was
one of the most interesting features.
His Honor the Lieutenant Governor
presented the Silver Medal to Miss
Margaret Baird of Fredericton, and
Premier Clarke presented the Bronze
Medal to Miss Jean Woodworth of
Durham Bridge.

Dr. Carter's Address.

This presentation of prizes was fol-
lowed by an address to the graduat-
ing class by Dr. Carter, chief super-
intendent of education. He dwelt on
the importance of the teaching pro-
fession to the nation, particularly
during the present time, and gave
some excellent advice to those about
to leave the school.

Tonight the students will hold
their own closing exercises.

The Orpet Trial Nearing a Climax

Waukegan, June 9.—The trial of Will
H. Orpet, charged with the murder of
Marion Lambert, his former sweet-
heart, will move to one of its compel-
ling climaxes today when Frank Lam-
bert, father of the girl, is called as a
witness for the state.

Mr. Lambert's recital of the tragedy,
which is expected to last for several
hours, will describe the finding of his
daughter's body in the snow of Helms
woods last February, and the events
leading up to the meeting of Orpet
and Marion that day.

WANTED HIS PENCIL.

Even Francis Joseph's Autograph Did
Not Make Up For It.

(Washington Star.)

It would appear from an incident re-
ported from Vienna that an Emperor
is not to be trusted with a pencil. Some
time ago, while holding court in the
royal palace, overlooking the Danube,
Francis Joseph received a Hungarian
blacksmith who desired to thank His
Majesty for the decoration conferred
upon him in recognition of his having
invented an agricultural machine.

During the audience the blacksmith
drew from his pocket a photograph of
the Emperor, and handing it to His
Majesty, said:

"May I ask your Majesty for your
autograph?"

"I cannot give you my autograph at
the present time," said Francis Joseph,
with a smile, "for I have neither pen
nor pencil within reach."

"I have brought a pencil with me,"
said the smith, handing it to the Em-
peror.

Francis Joseph attached his signa-
ture to the photograph and dismissed
the smith with his customary inclina-
tion of the head. To his surprise the
smith did not retire.

"Is there anything else I can do
for you?" asked Francis Joseph.

"Yes, your Majesty, I am waiting for
my pencil."

The Emperor of Austria-Hungary
had mechanically pocketed it, and he
returned it with a hearty laugh.

AMERICAN SOLDIER KILLED IN FRANCE

(Canadian Press.)

New York, June 9—Major Charles
W. Stewart of the 10th Battalion,
Canadian Infantry, was killed in
action in Flanders on June 1, ac-
cording to information received by
his brother. Major Stewart was a
first lieutenant of the 5th United
States Cavalry, but resigned when
the war began to join the Canadian
forces, saying he was a professional
soldier and wished to have wider
experience.

Now Put Your Books in GLOBE-WERNICKE CASES

Summer dust is a great destroyer of books. It slips in through
the windows and crannies and settles in a fine grinding powder
on the delicate white leaves of your favorite volumes.

This dust is laden with all the filth and germs of the street. It
soils the edges and spoils the appearance of the books you want
to keep.

Soiled books at best look badly and lose much of their charm.

Protect yours with GLOBE-WERNICKE CASES, always closed
tightly, always ready for use—always room for more.

Germans Claim That Fighting is in Their Favor Along the River Meuse

BERLIN, June 9 (via London).—The following statement
on military operations was issued today by German headquar-
ters: "On the western front, near Lihons, south of Peronne,
our artillery set on fire an enemy munition depot. It shelled
also enemy troop transport trains in Suippes railway station
in the Champagne. On the west bank of the Meuse (Verdun
front) good results were noticeable against French batteries,
their infantry and columns of heavy mortar wagons.

"On the right bank of the Meuse the fighting is continuing
in our favor. In the Vosges, east of St. Die, we succeeded in
destroying extensive portions of enemy trenches by mine ex-
plosions. On the eastern and Balkan fronts there is no change."
