

## CHIEF ROLE IS PLAYED BY ARTILLERY

New York, July 11.—A cable from London to the World says:

A Hungarian staff officer, writing in the Pester Napolo, of Budapest, describes the tactics of the Russians in their offensive as he has personally experienced them.

"Whether it is Brusiloff or someone else," he says, "who directs the operations on the Russian front is very difficult to judge. The strategy of the Russians at present is not purely Slav strategy. It is a fortunate mixture of Slav, the eastern slow but heavy force, and strength, and the high gallic spirit.

"The preparation of the attacks is carried out in every case according to the Austro-German system, by employing a most formidable strength of artillery concentrated at one point.

"The chief role is played by artillery with an unlimited supply of ammunition, so that a twenty hours' period of gunfire may be repeated more than once. At the same time there is a concentration of troops in such masses that at least ten lines of attacking columns are ready to be launched."

## TO TRIFLE WITH CATARRH IS TO RISK CONSUMPTION

Usually it comes with a cold. Being slight, it is neglected—but the seed is sown for a dangerous harvest, perhaps consumption. To cure it once, inhale Catarrhzone. It destroys the germs of Catarrh, clears away mucous, cleanses the passage of the nose and throat. The hacking cough and sneezing cold soon disappear and health is yours again. Nothing known for colds, catarrh and throat trouble that is so curative as Catarrhzone. It cures by a new method that never yet failed. The one dollar outfit includes the inhaler and is guaranteed to cure. Smaller sizes, 25c. and 50c., sold everywhere.

Riches do not bring happiness—and neither does lack of riches for that matter—so go to it.

The average woman's idea of reckless magnanimity is admitting that another woman is pretty and good looking.

## TO STOP EXPORT OF MANUFACTURED GOODS

Rotterdam, via Paris, July 11.—The Nieuwe Rotterdamse Courant says that Great Britain has asked Holland to stop the export of manufactured goods to neutral countries, declaring that non-compliance will result in the stoppage of Holland's cotton imports.

The Telegraaf says that the Allies are merely contemplating measures to prevent the export of Dutch cotton goods to Switzerland and Roumania, as it has been proved that such exports are really intended for Germany.
