WOMAN'S COLUMN

CURDLED MAYONNAISE.

Mayonnaise that has curdled can usually be brought back again by adding it in spoonfuls to a beaten egg yolk, having the yolk both fresh and freshly beaten, beating the mixture after each additional spoonful.

In the first place, the eggs must be fresh, in the second place, the oil must be about the temperature of the room in which it is served. Thirdly, the oil must not be added too rapidly at the start. Never use congealed oil; even too cold an oil is apt to produce curdling. One must guard against an excess of oil in proportion to the number of yolks of eggs. The right proportion is two and a half ounces of oil to each egg. One may use three ounces of oil if the dressing is served immediately.

In any mayonnaise, never add onion juice when the dressing is to be used for fruit salad; if vinegar is replaced by lemon juice, a whiter dressing is obtained.

THE GAY YOUNG HANDKERCHIEF

The handkerchief to-day is an altogether conspicuous sort of handkerchief. In blue and pink, maize and violet, brown, tan and green, it peeks forth from pocket or handbag in utterly unhideable brilliancy of color and strikingness of design.

Rose color, popular in everything, is much used for handkerchiefs this fall. And the rose colored handkerchiefs are indeed lovely. They usually show much white in their make-up. Occasionally,

however, one sees a very sheet square of rose colored muslin simply with a rolled, whipped edge. The whipping thread is black, rose or white.

Slants of Humor

The teacher was trying to make his pupils understand that all good comes from one source.

As an illustration, he told them of building a house and putting water pipes with taps in all the rooms, these pipes not being connected with the main in the street.

"Suppose I turn on a tap and no water comes, what is the matter?"

He naturally supposed that some of the boys would answer that the water was not turned on at the main; but they didn't. On the contrary, one boy at the foot of the class called out:

"You didn't pay your water rent."

KEEPING UP WITH FATHER

It was a Pike country woman who indicted a note to the teacher concerning the punishment of her young hopeful. The note ran thus:

"Dear Miss—: You rite me about whipping Sammy. I hereby give you permisbun to beat him up any time it is necessary to learn his lesson. He is just like his father—you have to learn him with a club. Pound nolge into him. I want him to get it and don't pay no attention what his father says—I'll handle him."

THE WRONG CALF

I had a little doggy who went and bit a calf. And though he did it jokingly, I really couldn't laugh. I cut a little birch rod and took him down a peg. Because, you see, the calf he bit was one that's on my leg.

Increases Your Weight, Restores Lost Strength, Prevents Illness

Every day comes new converts to that great army of men and women who rejoice in new-found health that came to them through the use of that wonderful blood-renewing preparation called "FERROZONE." Very simple how it acts. All you have to do is to take two small chocolate coated tablets with a sip of water at the close of each meal.

Ferrozone is a marvel. It contains just what thin blood lacks—lots of iron, but mark you, the kind of iron your blood is able to absorb. Ferrozone puts life and vim into the blood. Makes it rich, red and nourishing. Naturally the body is better fed and it grows stronger day by day.

Of course digestion must be improved, and probably the stomach will require aid as well. Ferrozone serves the purpose admirably. Those who use it enjoy appetite and digestive powers far beyond the ordinary.

That tired feeling is replaced by the buoyant, joyous sensation of health and vigor. Day by day as your strength increases, you feel new energy surging through your veins, and know that a great tonic of great merit is at work.

No remedy more nourishing or uplifting, no treatment so sure to bring lasting health, good spirits and contentment. Ferrozone contains just what run-down folks need; it cures because it supplies more nutriment than you can get in any other way. 50c. per box or six for \$2.50, at all dealers, or by mail from The Cattarhzone Co., Kingston, Ont.

ON THE DOBRUDJA FRONT.

Aerial Warfare the Chief Feature in Despatch.

Petrograd, Oct. 18, via London.—Only aviation activities on the Dobrudja front are mentioned in today's official statement from the War Office, which records the bringing down of a hostile naval aeroplane.

The statement says: "An enemy seaplane was hit by our artillery fire and fell between the enemy lines and our own. The seaplane blew up during this fall and was burned."

We Want Everybody to See the Enterprise Perfect Double High Oven Range

The Range that appeals to every woman. No more stooping to bake or cook.

It has two large ovens that can be used at the same time and with the same fire; hence a great saving in fuel. Both these ovens are at the right height to work; are fitted with thermometers, and have doors to drop level with oven bottoms, and the lower one is fitted with a glass door, so contents can be seen at a glance without opening. The Warming Closet is double the usual size.

The cooking surface is surrounded with Porcelain Enamel, keeping it beautifully clean.

It is full of labor-saving devices, and for comfort, convenience and ease of management surpasses anything ever produced.

We cordially invite everyone, whether considering a purchase or not, to come in and look carefully over this splendid specimen of the Stove Makers' skill.

It's something we are proud of and anxious to show. Let us demonstrate it to you. If you cannot call, send for circular.

Enterprise Stoves always give satisfaction.

WHERE COURTESY AND QUALITY GO HAND-IN-HAND

Tuberculosis Rapidly Increasing Among Children of Belgium and Northern France.

More Food Urgently Needed to Keep up Their Strength

An interview with Mr. W. L. Honnold, American Director of the Belgian Relief Commission, brings to light a new danger threatening the population of the territory occupied by Germany.

Mr. Honnold reports that about 5,000,000 wholly or partially destitute people, who have been dependent on the Commission, generally show diminished vitality. The effects are most apparent among the older children, particularly those in the adolescent stage. Among these there is an alarming increase of tuberculosis, due to the lower power of resistance consequent on an inadequate diet.

To overcome this serious danger, the Commission appeals for extra contributions so that a special meal can be served every day in the schools. Efforts are also being made to provide as far as possible for children outside the schools.

This can only be done—Belgium's children can only be saved—if every one of us who can possibly do so will give something toward the Fund. Whatever you can afford, send your subscription weekly, monthly or in one lump sum to Local or Provincial Committees, or
